Looks Perfect:

Hobswyke C. R. Clarke, 2024-02-28 The finish of school life should have gifted Lucy Claybourne an uncomplicated summer that is until she makes the decision to revisit Hobswyke Hall a sprawling derelict manor house that was once her childhood home

Body Sculpting Sally Morgan, 2007-10-02 Design a body It may be possible I can do anything Did you know that people spend millions of dollars on cosmetic procedures each year That the technology needed to perform a face transplant already exists So how far are surgeons prepared to go in pursuit of the perfect body Science at the Edge focuses on the developments and theories in science that are giving rise to controversy and public concern

Only Her Naked Courage Susan Rau Stocker, 2012-08-01 After being kidnapped Sara has undergone torture and sadistic abuse for almost a year and is now a terror filled shell Will her courage be sufficient to see her through Once Sara re emerges several mysteries remain Who kidnapped her Why are strange things happening at the hospital Where is the maniac responsible and what is he planning next A fast paced heart warming story remains to be told after Sara is found Despite a devoted husband and a large support network it is ultimately up to Sara to chart a course back to sanity Stocker's novel is a rich story of characters that grow of faith that develops and of love that deepens told as only a therapist can tell it

Bring Me Your Midnight Rachel Griffin, 2023-08-01 From the New York Times bestselling author of *The Nature of Witches* and *Wild is the Witch* comes a lush romantic fantasy about forbidden love the choices we make and the pull between duty and desire Featuring an exclusive case only available on the first print run Tana Fairchild's fate has never been in question Her life has been planned out since the moment she was born she is to marry the governor's son Landon and secure an unprecedented alliance between the witches of her island home and the mainlanders who see her very existence as a threat Tana's coven has appeased those who fear their power for years by releasing most of their magic into the ocean during the full moon But when Tana misses the midnight ritual a fatal mistake there is no one she can turn to for help until she meets Wolfe Wolfe claims he is from a coven that practices dark magic making him one of the only people who can help her But he refuses to let Tana's power rush into the sea and instead teaches her his forbidden magic A magic that makes her feel powerful Alive As the sea grows more violent her coven loses control of the currents a danger that could destroy the alliance as well as her island Tana will have to choose between love and duty between loyalty to her people and loyalty to her heart Marrying Landon would secure peace for her coven but losing Wolfe and his wild magic could cost her everything else

The Wild Marsh Rick Bass, 2018-06-01 An account of one year in the Yaak Valley wilderness range by the acclaimed naturalist and memoirist Beginning with his family settling in for the long northwestern Montana winter and capturing all the subtle harbingers of change that mark each passing month the initial cruel teasing of spring the splendor and fecundity of summer and the bittersweet memories evoked by fall this is a beautiful evocation of the fauna flora and folks in this rugged and spectacular landscape Publishers Weekly starred review It is full of rich observation about what it takes to live in the valley toughness improvisation and of course duct

tape The Wild Marsh is also poignant especially as the author reflects on what it means for his young daughters to grow up surrounded by the strangeness and wonder of nature He shares with them the Yaak s little secrets where the huckleberries are best in a dry year where to find a grizzly s claw marks in an old cedar and discovers that passing on this intimate local knowledge the knowledge of home is a kind of rare and valuable love Bass emerges not just as a writer but as a father a neighbor and a gifted observer uniquely able to bring us close to the drama and sanctity of small things ensuring that though the wilderness is increasingly at risk the voice of the wilderness will not disappear A work of wonder praise and thanksgiving for all the marvels of nature where every aspect is connected and every process has its place Bass grounding his book in science well takes the facts and transforms them as a musician transforms musical notes into a work of great beauty This walk through a year is a walk through the author s soul filled with passions dreams fears and the exuberance of Walt Whitman School Library Journal starred review Whether the topic is a forest fire in his front yard or the excitement of the first tiny cheerful glacier lilies in spring Rick Bass is a stirring companion on the trail that leads west from the Walden Pond of Henry David Thoreau and the Sand County of Aldo Leopold Ivan Doig author of The Whistling Season **Porcelain, and** Chay Yew,1997 Porcelain is an examination of a young man s crime of passion Triply scorned as an Asian a homosexual and now a murderer nineteen year old John Lee has confessed to shooting his lover in a public lavatory in London Porcelain dissects the crime through a prism of conflicting voices newscasts flashbacks and John s recollections to a prison psychiatrist A Language of Their Own is a lyrical and dramatic meditation on the nature of desire and sexuality as four men three Asian and one white come together and drift apart in a series of interconnecting stories Hurricane Season Sonja Bentley Zant,2007-09 Notes from a Necrophobe T.C. Armstrong,2015-04-21 The world ends life goes on A sharp witted novel that asks After surviving what do you do next This is not an apocalypse it s an adjustment There is still electricity There is still the internet There is still order We will adapt and we will survive U S government After twenty years of toil Russian researchers drilled through nearly four kilometers of ice and reached Lake Vostok a massive body of fresh water Unfortunately their efforts released the microorganisms entombed inside which nature had managed to keep sealed off from the rest of the world for twenty five million years Tiny aggressive and lethal the microbes emerged from the ancient lake and wormed their way into the world s water supply Anyone who washed their hands or took a sip of water absorbed these primal parasites and died in a fraction of a second How do you live when the very thing you need to exist can kill you But death was only the beginning The micro killers reanimate the corpses of their victims Their swarm intelligence enables them to observe scheme and cause a hell of a lot of trouble Rot and decay forces them to hunt for a fresh host they re always on the lookout for the remaining survivors Then three teenagers one child and one adult stumble upon a possible cure but they have to live long enough to share their life saving discovery with the world **Taking the Risk: 2014 Short Story Collection** Michael Ruiz,2015-08-12 Inspired to write a short story every month of the year Michael Ruiz imagines a wide variety of fiction filled

with romance ambiguity and humor a first date a text message taken literally the story you tell the kids and the story that really happened a daily attempt to ask a girl out a pirate captain and his wife catching a ghost captain an engaged couple dealing with their family in space the perfect couple that will never know a young boy handling a situation without mom and dad a bank heist that goes terribly wrong a young girl's concept of love a neighbor's personal code a series of emails and a hero who must stop a master to restore order to the Ninja The 2014 Short Story Collection includes thirteen short stories and twelve sessions from the series One Hour to Live *Fated and Pregnant by My Billionaire Alpha* RUBY YURI, 2025-07-16
