Maupassant And The Amer:

Maupassant and the American Short Story Richard Fusco, 1994 Maupassant and the American Short Story isolates and develops more fully than any previous study the impact of Maupassant's work on the writing of Ambrose Bierce O Henry Kate Chopin and Henry James It introduces a new perspective to assess their canons reviving the importance of many often ignored stories and in the cases of Maupassant and O Henry reasserting the necessity of studying such writers to understand the history of the genre An important moment in the history of the short story occurred with the American misreading of Maupassant's use of story structure Before the turn of the century Jonathan Sturges and others published mostly surprise inversion tales in translation Especially inspiring Bierce and O Henry this skewed sample implied to American writers that Maupassant constructed such plots exclusively Only a few writers such as James and Chopin both of whom read Maupassant in French appreciated his deft handling of form more fully Their vision and the impact of Maupassant upon their fiction was largely ignored by later generations of writers who preferred to associate Maupassant and O Henry with the trick ending story This book details the origins and consequences of this misperception The book further contributes to the study of the short story genre Through an adaptation of Aristotelian concepts Richard Fusco proposes an original approach to short story structure defining and developing seven categories of textual formulas linear ironic coda surprise inversion loop descending helical contrast and sinusoidal As a practitioner of all these forms Maupassant established his mastery of the genre By studying his use of form the book asserts a major reason for his pivotal importance in the historical development of the short story

Maupassant's Fiction and the Darwinian View of Life Laurence A. Gregorio, 2005 The Naturalists wrote from a scientific point of view and no science had more currency in society in the late nineteenth century than Darwin's theory of evolution Until now this motif in Guy de Maupassant has escaped critical attention Maupassant's Fiction and the Darwinian View of Life examines evolutionary theory in the literature in a way accessible to students of literature and science alike It first explains the theoretical basis and Maupassant's affinity for it then studies one short story La Ficelle in its entirety proposing a new and interesting interpretation based on evidence read through a Darwinian lens The remaining chapters organize a lively Darwinian reading of Maupassant according to topics such as natural selection heredity and materialism The book shows that Darwinism and the economic variety of Social Darwinism figure significantly in Maupassant's fiction It is a must for students and teachers of Naturalism and Darwinism across the liberal arts

The Best American Short Stories ... and the Yearbook of the American Short Story, 1924 **The Best Short Stories of ... and the Yearbook of the American Short Story**, 1926 The American Mercury Henry Louis Mencken, 1927 *LITERARY ALLUSION AND REFERENCE IN CONTEMPORARY AMERICAN LITERATURE*. OAKLEY C. JOHNSON, 1926 **The Editor**, 1917 *The Annual American Catalogue*, 1891 **The American Mercury** George Jean Nathan, Henry Louis Mencken, 1925 A Study Guide for Guy de Maupassant's "The Jewels" Gale, Cengage Learning, A Study Guide for Guy de Maupassant's The Jewels
