the Chinese local elite in a colonial situation while also exploring the complex but fascinating relations between the Chinese residents in Hong Kong and Chinese officials on the Mainland and between Hong Kong and other Chinese communities. Based on primary source materials this is an original and refreshing contribution to the study of Hong Kong and modern Chinese history which reveals and discusses many fundamental issues that are entirely relevant today. In a new preface to this paperback edition Dr Sinn reconsiders her work in the light of subsequent research on Hong Kong's history and connects it to recent developments in international scholarly work especially with respect to the study of philanthropy and to ideas of world history. An excellent blend of history and ethnography, *Power and Charity* is one of the best books available on the everyday practice of colonialism in British Hong Kong. Sinn provides unique insights into a system that is fast becoming a distant memory. This book is required reading for anyone interested in colonialism, medical history or urban anthropology. James L. Watson, Professor of Anthropology, Harvard University. Dr Sinn's book is essential reading for anyone wishing to understand Hong Kong society and politics in the nineteenth century. Ian Scott, *Journal of the Hong Kong Branch of the Royal Asiatic Society*.
