Maverick Fifty Years Of Investigative Reporting

Allen M. Hornblum

Maverick Fifty Years Of Investigative Reporting:

Maverick Fred J. Cook, 1984 **Muckrakers** Edd Applegate, 2008-04-18 During the 1800s the United States progressed at a remarkable rate Commerce gave rise to regional specialization and contributed to the growth of cities By 1860 the nation had prospered to the extent that it no longer depended on Europe to purchase its goods Innovations in technology helped increase production especially in textiles and transportation projects helped reduce costs of certain products As the country progressed so did its citizenry and their attention to certain interests movements on issues like women's rights capital punishment workers rights education and mental health swept across the country As these groups advanced their causes a kind of journalism began to capture readers attention the expos Although examples similar to it had appeared occasionally in various publications years before it became more prevalent at the turn of the century In the spring of 1906 President Theodore Roosevelt delivered a speech in which he compared certain crusading journalists to a character in John Bunyan's Pilgrim's Progress There is filth on the floor and it must be scraped up with the muckrake and there are times and places where this service is the most needed of all the services that can be performed In **Muckrakers A Biographical Dictionary of Writers and Editors** Professor Edd Applegate profiles the men and women who either wrote muckraking journalism or edited publications that featured muckraking articles Some of the most important figures of journalism are here including Nellie Bly Upton Sinclair Lincoln Steffens George Kennan Jack London Frank Norris Rachel Carson George Seldes and I F Stone The book contains more than fifty entries each discussing the subject's professional career and major works In some cases comments about the subject's work by others have been included as well as suggestions for further reading As a resource guide **Muckrakers** will be of interest to professors scholars and students interested in learning more

The Reporter's Handbook Steve Weinberg, 1996 Reporters editors and journalists will find this third edition of **The Reporter's Handbook** an even more impressive resource than prior editions This essential tool for serious journalists identifies hundreds of documents and human sources in both private and government sectors It provides step by step methods for tracking paper trails people trails and computer trails The book also includes coverage of library research computer assisted reporting case studies anecdotes and IRE contest winning pieces This new edition features chapters on the environment transportation housing financial institutions international investigation utilities and non profit organizations Under the sponsorship of Investigative Reporters and Editors Inc Steven Weinberg has revised and polished this journalism classic into a must have reference guide for the classroom and the newsroom **Surveillance in America** Ivan Greenberg, 2012-05-31 **Surveillance in America** provides a historical exploration of FBI surveillance practices and policies since 1920 based on recently declassified FBI files Using the new information available through these documents Ivan Greenberg sheds light on the activities and beliefs of top FBI officials as they develop and implement surveillance practices Paying particular attention to the uses of the media Greenberg provides a thorough reconsideration of the Watergate scandal

and the role of W Mark Felt as Deep Throat He exposes new evidence which suggests that Felt led a faction at the FBI that worked together to bring down President Nixon The book concludes with an in depth treatment of surveillance practices since the year 2000 He considers the question of surveillance as harassment and looks at the further erosion of privacy stemming from Obama s counter terror policies which extend those of the Bush Administration s second term The startling increase in surveillance since the events of September 11th reveal the extent to which America is losing the battle for civil liberties

Rewriting Hisstory Jeff Kisseloff,2025-04-15 When Alger Hiss was accused by Whittaker Chambers in 1948 of being a secret Communist spy in the 1930s the subsequent perjury trials were some of the most sensational and politically significant trials of the century Although Hiss was convicted he maintained his innocence until his death and historians have taken sides ever since In this groundbreaking and revelatory book Jeff Kisseloff brings new perspective evidence and accusations to this historical controversy Rewriting Hisstory is a firsthand account of how over fifty years beginning when he worked for Hiss as a college student in the mid 1970s Kisseloff was eventually able to determine the truth about Alger Hiss With the skills of a veteran reporter and the analytical mind of a scholar he brings to light a wealth of original material including 150 000 pages of mostly unredacted previously unreleased FBI files which he sued the FBI to obtain and other documents from government and library collections around the country Kisseloff also acquired a key piece of evidence Woodstock 230099 the machine that the government claimed was used to type the copies of State Department documents placed in evidence against Hiss Taken together Kisseloff has pieced together the truth showing that Hiss was neither a Communist nor a spy and that the government knew it But if Hiss didn t produce the documents that were placed in evidence against him who did After careful research and by applying a process of elimination used in classic crime novels who had the means motive and opportunity to do the job Kisseloff points his finger at the only people who fit all three qualifications An act of vindication for one of the most divisive figures in the twentieth century Rewriting Hisstory is a thrilling political page turner about an accused spy that is itself a work of scholarly espionage built on decades of painstaking research This is an iconoclastic work that should rewrite history books

Praise from a Future Generation John Kelin,2007-09 Finely written and meticulously documented this book describes how very early on a small group of ordinary citizens began extraordinary efforts to demonstrate that the JFK assassination could not have happened the way the government said it did In time their efforts had an enormous impact on public opinion but this account concentrates on the months before the controversy caught fire when people with skeptical viewpoints still saw themselves as lone voices Material seldom seen by the public includes a suppressed photograph of the grassy knoll an unpublished 1964 interview with an eyewitness the earliest mention of the magic bullet and an analysis of the commotion surrounding New Orleans district attorney Jim Garrison s charge that anti Castro CIA operatives were involved

Un-American Activities Gary May,1994-06-09 In 1948 William W Remington was one of the bright young men in the Truman administration He was tall and handsome a product of Dartmouth and Columbia

From 1940 on he had risen through government ranks serving on wartime boards the President's Council of Economic Advisors and eventually as a major official in the Department of Commerce with a promising future ahead By 1954 however Remington was dead assassinated in his cell by a team of inmates in a high security Federal prison In *Un American Activities* historian Gary May tells the fascinating story of William Remington a story of intrigue injustice government corruption and anti Communist hysteria May labored for eight years in reconstructing Remington's case searching through FBI files government documents and waging an epic battle against then U S Attorney Rudy Giuliani to become the first historian to obtain access to grand jury records The result is a brilliant account of one man's tragic odyssey and a government run amok Remington's future collapsed in 1948 when he was charged with being a Communist and a Soviet spy The accuser was Elizabeth Bentley an admitted ex Communist herself and a former courier for Soviet spymasters Remington's life fell into a whirlpool as he fought government improprieties illegalities and the assumption he was guilty Cleared by government loyalty boards he was indicted by a grand jury whose foreman was secretly helping Elizabeth Bentley prepare her memoirs Remington suffered through two trials for perjury and the chief witness against him was his own embittered ex wife He was convicted and sentenced to the federal penitentiary at Lewisburg Pennsylvania where his reputation as a Communist preceded him But May's account also offers fascinating insight into the depth of Soviet penetration into wartime America As he follows Remington's life from the radical circles at Dartmouth and the Tennessee Valley Authority in the 1930s through his Washington career he finds that Remington may well have been guilty of the charges against him Gary May is one of the leading historians writing about postwar America His first book *China Scapegoat* won the Allan Nevins Prize and was hailed as as well as a novel as powerful as a good film by the *The Los Angeles Times* Here he brings his analytical and narrative skills to bear on one of the forgotten stories of the McCarthy era uncovering a gripping tale of espionage corruption and personal tragedy

The Rising Clamor David P. Hadley, 2019-06-14 The US intelligence community as it currently exists has been deeply influenced by the press Although considered a vital overseer of intelligence activity the press and its validity is often questioned even by the current presidential administration But dating back to its creation in 1947 the US Central Intelligence Agency CIA has benefited from relationships with members of the US press to garner public support for its activities defend itself from its failures and promote US interests around the world Many reporters editors and publishers were willing and even eager to work with the agency especially at the height of the Cold War That relationship began to change by the 1960s when the press began to challenge the CIA and expose many of its questionable activities Respected publications went from studiously ignoring the CIA's activities to reporting on the Bay of Pigs CIA pacification programs in Vietnam the CIA's war in Laos and its efforts to use US student groups and a variety of other non government organizations as Cold War tools This reporting prompted the first major congressional investigation of the CIA in December 1974 In *The Rising Clamor: The American Press, the Central Intelligence Agency, and the Cold War* David P Hadley explores the

relationships that developed between the CIA and the press its evolution over time and its practical impact from the creation of the CIA to the first major congressional investigations of its activities in 1975 76 by the Church and Pike committees Drawing on a combination of archival research declassified documents and more than 2 000 news articles Hadley provides a balanced and considered account of the different actors in the press and CIA relationships how their collaboration helped define public expectations of what role intelligence should play in the US government and what an intelligence agency should be able to do

The Federal Bureau of Investigation Douglas M. Charles, Aaron J. Stockham, 2022-05-18 This authoritative set provides a one stop resource for understanding specific FBI controversies as well as for those looking to understand the full history law enforcement authority and inner workings of the nation s most famous and important federal law enforcement agency This authoritative two volume reference resource uses a combination of encyclopedia entries and primary sources to provide a comprehensive overview of the FBI detailing its history most famous leaders and agents institutional structure and authority law enforcement responsibilities reporting relationships to other parts of government and major events and controversies Today the FBI sits squarely at the intersection of major controversies surrounding the presidential campaign and administration of Donald Trump foreign interference in U S elections and politicization of law enforcement But the FBI has always been in the political spotlight its history is dotted with episodes that have come under heavy scrutiny from its surveillance of civil rights leaders during the 1960s to the methods it employs to combat domestic terrorism in the post 9 11 era And all the while FBI agents and offices across the country continue to investigate a wide range of lawbreaking from organized crime in all its facets to white collar crime and corruption by public officials

Secret History Martin Roberts, 2012 This book is a fascinating account of a number of criminal cases in the United States and in the United Kingdom some of which resulted in wrong convictions The book is part narrative part analysis The analysis in particular the demolition of the reputation of Whittaker Chambers ex spy and idol of many Americans he was awarded the Presidential Medal of Freedom will arouse debate and rethinking of the real lessons of the cases The British cases will shock the complacency of many British people Both parts are relevant to the current debate on how to deal with Islamic terrorists whose fanaticism recalls that of the IRA and supporters of Communism The book includes an analysis of Communism and the way in which its supporters manipulate fact for their own ends

Hoover's FBI and the Fourth Estate Matthew Cecil, 2014-02-25 The Federal Bureau of Investigation was an agency devoted to American ideals professionalism and scientific methods directed by a sage and selfless leader and anyone who said otherwise was a no good subversive bent on discrediting the American way of life That was the official story and how J Edgar Hoover made it stick running roughshod over those same American ideals is the story this book tells in full for the first time From Hoover s first tentative media contacts in the 1930s to the Bureau s eponymous television series in the 1960s and 1970s FBI officials labored mightily to control the Bureau s image efforts that put them not so squarely at the forefront of the emerging field of public relations In

the face of any journalistic challenges to the FBI's legitimacy and operations Hoover was able to create a benign even heroic counter narrative thanks in part to his friends in newsrooms Matthew Cecil's own prodigious investigation through hundreds of thousands of pages from FBI files reveals the lengths to which Hoover and his lackeys went to use the press to hoodwink the American people Even more sobering is how much help he got from so many in the press Conservative journalists like broadcaster Fulton Lewis Jr and columnist George Sokolsky positioned themselves as objective defenders of Hoover's FBI and were rewarded with access friendship and other favors Some of Hoover's friends even became adjunct FBI agents designated as Special Service Contacts who discreetly gathered information for the Bureau Enemies on the other hand were closely monitored and subjected to operations that disrupted their work or even undermined and ended their careers Noted journalists like I F Stone George Seldes James A Wechsler and many others found themselves the subjects of FBI investigations and occasionally named on the Bureau's custodial detention index targeted for arrest in the case of a national emergency With experience as a political reporter a press secretary and a scholar and professor of journalism and public relations Matthew Cecil is uniquely qualified to conduct us through the maze of political intrigue and influence peddling that mark and often mask the history of the FBI His work serves as a cautionary tale about how manipulative government agents and compliant journalists can undermine the very institutions and ideals they are tasked with protecting

Investigative Reporting in Canada Maxine Ruvinsky, 2007 Maxine Ruvinsky explores investigative reporting in Canada through a series of 13 case studies

Undercover Girl Lisa E. Davis, 2017-05-09 At the height of the Red Scare Angela Calomiris was a paid FBI informant inside the American Communist Party As a Greenwich Village photographer Calomiris spied on the New York Photo League pioneers in documentary photography While local Party officials may have had their suspicions about her sexuality her apparent dedication to the cause won them over When Calomiris testified for the prosecution at the 1949 Smith Act trial of the Party's National Board her identity as an informant but not as a lesbian was revealed Her testimony sent eleven party leaders to prison and decimated the ranks of the Communist Party in the US Undercover Girl is both a new chapter in Cold War history and an intimate look at the relationship between the FBI and one of its paid informants

Ambitious and sometimes ruthless Calomiris defied convention in her quest for celebrity

National Security and United States Policy Toward Latin America Lars Schoultz, 2014-07-14 Lars Schoultz proposes a way for all those interested in US foreign policy fully to appreciate the terms of the present debate To understand US policy in Latin America he contends one must critically examine the deeply held beliefs of US policy makers about what Latin America means to US national security Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books

published by Princeton University Press since its founding in 1905 *The Invisible Harry Gold* Allen M. Hornblum, 2010-09-28 A gripping account of the man who gave the USSR the plans for the atom bomb The subject of the most intensive public manhunt in the history of the FBI Gold was arrested in May 1950 His confession revealed scores of contacts and his testimony in the trial of the Rosenbergs proved pivotal Introduction to Criminology Frank E. Hagan, Leah E. Daigle, 2018-11-29 Introduction to Criminology Tenth Edition is a comprehensive introduction to the study of criminology focusing on the vital core areas of the field theory method and criminal behavior With more attention to crime typologies than most introductory texts authors Frank E Hagan and Leah Elizabeth Daigle investigate all forms of criminal activity such as organized crime white collar crime political crime and environmental crime The methods of operation the effects on society and policy decisions and the connection between theory and criminal behavior are all explained in a clear accessible manner New to the Tenth Edition New Applying Theory scenarios are included with the theory chapters in Part II These application exercises encourage critical thinking by asking you to use criminological theory to explain the criminal behavior of Aileen Wuornos Updated Crime and the Media boxes highlight the effect that the media has on public perception of crime New topics include the MeToo movement media coverage of the opioid crisis popular shows like Breaking Bad and The Wire online dating fraud and cyberbullying Over 170 new Learning Check questions and answers have been added throughout the book to help you review your understanding of key concepts and increase reading comprehension Examination of important new topics like what works in criminology the relationship between immigration and crime the impact of neuroscience and genetic studies on criminology recent shootings and terrorist attacks and the continuing battle between over criminalization and under criminalization deepens your understanding of the field Updated figures tables and statistics throughout the book ensure that you have access to the most current information available Crime Types and Criminals Frank E. Hagan, 2010 A good introduction to crime types and criminology to provide students with a grounding to the start of their studies *The Nation* , 2010 *Red Spy Queen* Kathryn S. Olmsted, 2002 Red Spy Queen A Biography of Elizabeth Bentley **Kirkus Reviews** , 1984 Adult books are categorized by genre i e fiction mystery science fiction nonfiction Along with bibliographic information the expected date of publication and the names of literary agents for individual titles are provided Starred reviews serve several functions In the adult section they mark potential bestsellers major promotions book club selections and just very good books in the children s section they denote books of very high quality The unsigned reviews manage to be discerning and sometimes quite critical

As recognized, adventure as skillfully as experience about lesson, amusement, as without difficulty as promise can be gotten by just checking out a ebook **Maverick Fifty Years Of Investigative Reporting** with it is not directly done, you could resign yourself to even more with reference to this life, almost the world.

We find the money for you this proper as with ease as easy mannerism to acquire those all. We offer Maverick Fifty Years Of Investigative Reporting and numerous ebook collections from fictions to scientific research in any way. in the middle of them is this Maverick Fifty Years Of Investigative Reporting that can be your partner.

Maverick Fifty Years Of Investigative Reporting Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Maverick Fifty Years Of Investigative Reporting PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge

promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Maverick Fifty Years Of Investigative Reporting PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Maverick Fifty Years Of Investigative Reporting free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Maverick Fifty Years Of Investigative Reporting Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Maverick Fifty Years Of Investigative Reporting is one of the best book in our library for free trial. We provide copy of Maverick Fifty Years Of Investigative Reporting in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Maverick Fifty Years Of Investigative Reporting. Where to download Maverick Fifty Years Of Investigative Reporting online for free? Are you looking for Maverick Fifty Years Of Investigative Reporting PDF? This is definitely going to save you time and cash in something you should think about.
