Born in Missouri at the end of the nineteenth century Thomas Hart Benton would become the most notorious and celebrated painter America had ever seen The first artist to make the cover of Time he was a true original an heir to both the rollicking populism of his father's political family and the quiet life of his Appalachian grandfather In his twenties he would find his calling in New York where he was drawn to memories of his small town youth and to visions of the American scene By the mid 1930s Benton's heroic murals were featured in galleries statehouses universities and museums and magazines commissioned him to report on the stories of the day Yet even as the nation learned his name he was often scorned by critics and political commentators many of whom found him too nationalistic and his art too regressive Even Jackson Pollock his once devoted former student would turn away from him in dramatic fashion A boxer in his youth Benton was quick to fight back but the widespread backlash had an impact and foreshadowed many of the artistic debates that would dominate the coming decades In this definitive biography Justin Wolff places Benton in the context of his tumultuous historical moment as well as in the landscapes and cultural circles that inspired him Thomas Hart Benton with compelling insights into Benton's art his philosophy and his family history rescues a great American artist from myth and hearsay and provides an indelibly moving portrait of an influential controversial and often misunderstood man Thomas Hart Benton Henry Adams, 1989 Contains reproductions of Benton's works which expressed his deepest feelings about American life and history Includes discussion of his life and works *Missouri Then and Now* Perry McCandless, William E. Foley, 2001 The history and development of Missouri are traced in this textbook which includes illustrations suggested activities and glossary *A History of Missouri* Richard Stewart Kirkendall, 1971 This interpretation of Missouri's history from the end of World War I until the return of Harry Truman to the state after his presidency describes the turbulent political economic and social changes experienced by Missouri's people during those years *The Collections of the Nelson-Atkins Museum of Art* Nelson-Atkins Museum of Art, 2007 *Encyclopedia of American Urban History* David Goldfield, 2007 Publisher description

The Disappointment Artist Jonathan Lethem, 2007-12-18 In a volume he describes as a series of covert and not so covert autobiographical pieces Jonathan Lethem explores the nature of cultural obsession from western films and comic books to the music of Pink Floyd and the New York City subway Along the way he shows how each of these voyages out from himself has led him to the source of his beginnings as a writer The Disappointment Artist is a series of windows onto the collisions of art landscape and personal history that formed Lethem's richly imaginative searingly honest perspective on life A touching deeply perceptive portrait of a writer in the making *Catalog of Copyright Entries. Controversial flamboyant contentious brilliant Thomas Hart Benton 1889 1975 was certainly all of those Few American artists have stirred so much love and hatred as he did in a career that lasted almost seventy years Although his painting aroused much controversy perhaps equally as much was created by his words for his piercing wit profane sarcasms and insightful condemnations were fired off without restraint In this fiery and provocative autobiography Benton presents an intriguing records of American art and society during his lifetime The first installment of this work was published in 1937 but Benton continued his life story in chapters added to editions published in 1951 and 1968 This new edition includes seventy six drawings that add much to his narrative plus a foreword discussing Benton s place in American art and an afterword covering his career after 1968 both written by art historian Matthew Baigell Although Benton is most famous as a regionalist painter and muralist his complex and fascinating career brought him into contact with many of the most important artists and thinkers of the century including Jackson Pollock Grant Wood Julian Huxley Felix Frankfurter Eugene Debbs John Reed and Harry Truman While living in New York and on Martha s Vineyard in the 1920s and 1930s Benton often associated with leading intellectuals and radicals However when his evolving principles of art led him away from an interest in Marxism he was bitterly attacked by many of his former friends and his account of that time reveals strikingly the fierce critical battles he faced in trying to establish his own artistic vision Critics on the Left were not his only opponents however and equally revealing are his responses to the moral condemnations heaped on his murals done for the states of Indiana and Missouri and on his realistic nudes of the late 1930s Throughout his account from descriptions of his boyhood in southwest Missouri his travels and his career to discussions of specific works of art and other artists Benton portrays people and events as vividly in words as he does in his paintings
