## **Max Beckman:**

Max Beckmann Peter Selz, 1996 Even now some forty five years after his death the works created by Max Beckmann exert an intense influence on contemporary art His piercing self portraits his enigmatic yet compelling triptychs his incisive prints all have earned him a well deserved reputation as a creator of provocative work that is both emotionally and intellectually stimulating Born in Leipzig Germany in 1884 Beckmann lived an international life studying and working in Weimar Frankfurt Paris and Berlin Successful almost from his earliest days as a professional artist he exhibited work to acclaim throughout Europe and America With the Nazis rise to power his style and his subjects became dangerously out of fashion and he was forced into exile first to Amsterdam where he spent World War II and eventually to the United States where he died in New York in 1950 Although some scholars have categorized Beckmann as a German Expressionist he always resisted belonging to any group asserting that the greatest danger which threatens mankind is collectivization He also resisted abstraction remaining passionately committed to the figure throughout his long career His paintings have much to say about sex politics and religion which is no doubt why they so outraged the Nazis and no doubt why they have remained so absorbing to new generations of admirers About the Modern Masters series With informative enjoyable texts and over 100 illustrations approximately 48 in full color this innovative series offers a fresh look at the most creative and influential artists of the postwar era The authors are highly respected art historians and critics chosen for their ability to think clearly and write well Each handsomely designed volume presents a thorough survey of the artist s life and work as well as statements by the artist an illustrated chapter on technique a chronology lists of exhibitions and public collections an annotated bibliography and an index Every art lover from the casual museumgoer to the serious student teacher critic or curator will be eager to collect these Modern Masters And with such a low price they can afford to collect them all
