Max in America Adam Whitmore,1986 In search of his missing appendage Max the tailless cat travels to New York City and then across country to San Francisco **American Pastels in the Metropolitan Museum of Art** Metropolitan Museum of Art (New York, N.Y.),Doreen Bolger,1989 A catalogue and art historical overview of pastel painting in America from 1880 to 1930 Ure's Dictionary of Arts, Manufactures, and Mines, Containing a Clear Exposition of Their Principles and Practice Robert Hunt,1863 **Get Rich Quick** Peter Doyle,2012-08-07 Sydney 1957 Billy Glasheen is trying to make a living whether running a gambling scam shifting stolen jewels or greasing the wheels during a hair raising tour by Little Richard and his rock n roll entourage But Billy s schemes always cross with the plans of the city s big players an unholy trinity of crooks bent cops and politicians on the make Now he s in the frame for murder and on the run from the cops who ll happily send him down for it Billy s no sleuth but there s nowhere to turn for help To prove it wasn t him he ll have to find the real killer **American Men and Women in Medicine, Applied Sciences and Engineering with Roots in Czechoslovakia** Miloslav Rechcigl Jr.,2021-02-17 No comprehensive study has been undertaken about the American learned men and women with Czechoslovak roots The aim of this work is to correct this glaring deficiency with the focus on men and women in medicine applied sciences and engineering It covers immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them This compendium clearly demonstrates the Czech and Slovak immigrants including Bohemian Jews have brought to the New World in these areas their talents their ingenuity the technical skills their scientific knowhow as well as their humanistic and spiritual upbringing reflecting upon the richness of their culture and traditions developed throughout centuries in their ancestral home This accounts for their remarkable success and achievements of theses settlers in the New World transcending through their descendants as this publication demonstrates The monograph has been organized into sections by subject areas i e Medicine Allied Health Sciences and Social Services Agricultural and Food Science Earth and Environmental Sciences and Engineering Each individual entry is usually accompanied with literature and additional biographical sources for readers who wish to pursue a deeper study The selection of individuals has been strictly based on geographical vantage without regards to their native language or ethnical background Some of the entries may surprise you because their Czech or Slovak ancestry has not been generally known What is conspicuous is a large percentage of listed individuals being Jewish which is a reflection of high level of education and intellect of Bohemian Jews A prodigious number of accomplished women in this study is also astounding considering that in the 19th century they rarely had careers and most professions refused entry to them A Dictionary of Arts, Manufactures, and Mines Andrew Ure,1853 **Check-list of North American Batrachia and Reptilia** Edward Drinker Cope,1875 The present contribution to North American Herpetology is a prodromus of a general work on that subject undertaken some years ago at the request of the Secretary of

the Smithsonian Institution The material which has been accumulating in the museum of that Institution has offered great advantages for the investigation of the questions of anatomical structure variations of specific characters and geographical distribution It is believed that these subjects are much elucidated by the study of the Batrachia and Reptilia since these animals are especially susceptible to physical influences also they are unable like birds and generally not disposed as are mammals to make extended migrations their habitats express nearly the simplest relations of life to its surroundings Page 3
