issues on the psychological behavioral and relational capacity of the African American male then transitions to an educational and academic approach to identifying analyzing addressing and overcoming these issues Subsequently it addresses first hand internal forces that work against the African American male in being positive contributors to family in particular and to his community at large such as our attitudes towards sexuality and gender identity based cultures Lastly it examines the role and effectiveness of the African American church as an instrument of healing as spirituality is central to the African American community This is a book for everyone Please approach it with an open mind and you will experience increasing liberation with each page that you read

**The Battle for God** Karen Armstrong, 2011-08-10 In the late twentieth century fundamentalism has emerged as one of the most powerful forces at work in the world contesting the dominance of modern secular values and threatening peace and harmony around the globe Yet it remains incomprehensible to a large number of people In *The Battle for God* Karen Armstrong brilliantly and sympathetically shows us how and why fundamentalist groups came into existence and what they yearn to accomplish We see the West in the sixteenth century beginning to create an entirely new kind of civilization which brought in its wake change in every aspect of life often painful and violent even if liberating Armstrong argues that one of the things that changed most was religion People could no longer think about or experience the divine in the same way they had to develop new forms of faith to fit their new circumstances Armstrong characterizes fundamentalism as one of these new ways of being religious that have emerged in every major faith tradition Focusing on Protestant fundamentalism in the United States Jewish fundamentalism in Israel and Muslim fundamentalism in Egypt and Iran she examines the ways in which these movements while not monolithic have each sprung from a dread of modernity often in response to assault sometimes unwitting sometimes intentional by the mainstream society Armstrong sees fundamentalist groups as complex innovative and modern rather than as throwbacks to the past but contends that they have failed in religious terms Maintaining that fundamentalism often exists in symbiotic relationship with an aggressive modernity each impelling the other on to greater excess she suggests compassion as a way to defuse what is now an intensifying conflict **BONUS** This edition contains an excerpt from Karen Armstrong's *Twelve Steps to a Compassionate Life*

**Take It Back** Tim Clinton, Max Davis, 2021 Our culture is determined to redefine masculinity as something it was never meant to be The American Psychological Association asserts that traditional masculinity is psychologically harmful Many agree that

forcing men to behave in accordance with the worst stereotypes of manliness harms them and it harms others But is the answer then to marginalize and feminize men Despite culture s determination to redefine masculinity the great heart cry of our day is for men to rise up and take back their rightful place It s a cry that echoes deep in the soul and from all ends of our society and particularly from the women who love their fathers husbands brothers and sons Most women want their men to be honored and to stand up and be men Men have faltered and lost a lot of influence and territory The good news is that for many who struggle there is often a daily yearning to make it right The reality is masculinity is not and never was toxic Readers will find encouragement and affirmation that they matter as men that they can be difference makers in their circles of influence and have a positive impact on the culture They will find grace for their shame over past mistakes and find the ability to move forward This book will help you find encouragement and affirmation that you matter as a man that you can be a difference maker in your circle of influence and have a positive impact on the culture You will find grace to overcome your shame over past mistakes and find the ability to move forward

**Kingdom** Chris Woodall,2012-09-18 It has been said that history teaches us that history teaches us nothing However true this may be in general terms the fact that we so frequently look to the past in an attempt to shape our future by applying its lessons in the present suggests we remain keen to learn In the context of the subject of this book though the stalwarts of the faith can serve as tremendous examples it is to the lessons of Scripture that we must turn if we are to have a better idea of what the kingdom of God is what that means for us as believers and how we can be better equipped to extend its values in today s world Thus what we understand by the term kingdom of God will not only determine whether we believe ourselves to be its citizens but also how we think we should conduct ourselves in the light of such knowledge It is the contention of this book that the biblical concept of kingdom as the expression of God s rule requires greater clarity of presentation in order to prevent it from confusion and or distortion amongst Christians

**What Women Don't Know (and Men Don't Tell You)** Michelle McKinney Hammond,Joel Brooks,2009-09-15 What You Don t Know about Yourself Will Hinder You What You Don t Know about Men Will Hurt You What You Don t Know about Relationships Will Cost You Why does the modern day search for romance so often end in disappointment especially for women Is it something we do Something we don t do Are we missing important information about the opposite sex or about ourselves Is there something wrong with us that we long so desperately for til death do us part Sadly many women today see their ongoing singleness as a weakness or lack of worth In truth our dreams go unfulfilled not because we do not deserve for them to come true but often because of wrong assumptions assumptions that can easily be corrected Drawing on both male and female perspectives this book deals with the hard issues and questions you and other women ponder as you consider how to obtain lasting love What Women Don t Know and Men Don t Tell You will help you adjust your desires redefine what you are attracted to set your values in order and determine your goals freeing you at last to pursue the loving relationship you desire

**Contemporary Perspectives On Masculinity** Ken Clatterbaugh,2018-10-08

What is social reality for men in modern society What maintains or explains this social reality What condition might we imagine that would be better for men How might we achieve this better condition These are the questions Kenneth Clatterbaugh brings to seven different visions of men in modern society considered in this newly updated edition In clear and insightful language Clatterbaugh surveys not just conservative liberal and radical views of masculinity but also the alternatives offered by the men s rights movement spiritual growth advocates and black and gay rights activists Each of these is explored both as a theoretical perspective and as a social movement and each offers distinctive responses to the questions posed The first edition of this book was the first to survey the range of responses to feminism that men have made as well as the first to put political theory at the center of men s awareness of their own masculinity This new edition adds chapters on recent highly publicized movements such as the Promise Keepers Million Man March and the evolution of gay men s rights Clatterbaugh treats all views with fairness and timeliness as he develops and defends a vision of men and masculinity consistent with feminist ideals and a just society

*Masculinities* R. W. Connell, Raewyn Connell, 2005 This is an exciting new edition of R W Connell s ground breaking text which has become a classic work on the nature and construction of masculine identity Connell argues that there is not one masculinity but many different masculinities each associated with different positions of power In a world gender order that continues to privilege men over women but also raises difficult issues for men and boys his account is more pertinent than ever before In a substantial new introduction and conclusion Connell discusses the development of masculinity studies in the ten years since the book s initial publication He explores global gender relations new theories and practical uses of masculinity research Looking to the future his new concluding chapter addresses the politics of masculinities and the implications of masculinity research for understanding current world issues Against the backdrop of an increasingly divided world dominated by neo conservative politics Connell s account highlights a series of compelling questions about the future of human society This second edition of Connell s classic book will be essential reading for students taking courses on masculinities and gender studies and will be of interest to students and scholars across the humanities and social sciences

Tahaan Falaangs in Udon More broadly Bruce portrays the effect of this American military base on the life of impoverished rice farmers in Northeast Thailand He helps you understand how the presence of the base and the soldiers changed the culture and values of the entire region Most importantly Bruce provides the reader with a visceral empathetic portrait of what happened to the Isaan people once the air base closed and the soldiers returned home These post conflict effects are seldom publicized but they are very real and much longer lasting than the war itself *Hope for a Fatherless Generation* Doug Stringer, 2011-07-28 Our nation faces perilous times economic uncertainty natural disasters terrorist threats and an overall spiritual and moral decline To withstand these storms and keep our nation from falling we must have a solid foundation for the next generation to build upon Orphaned by the loss of natural and spiritual leadership an entire generation is searching for something real to hang onto during life's storms By demonstrating the love and nature of our Heavenly Father the people of God can bring hope to a fatherless generation setting them upon the rock foundation of Christ Originally published in 1995 *Hope for the Fatherless Generation* reissues an urgent call to return to our foundations of faith and family so that the coming generation can face the future with hope and not fear *Redeeming America* Michael Lienesch, 2014-04-15 This balanced and comprehensive study of Christian conservative thinking focuses on the 1980s when the New Christian Right appeared suddenly as an influential force on the American political scene only to fade from the spotlight toward the end of the decade In *Redeeming America* Michael Lienesch identifies a cyclical redemptive pattern in the New Christian Right's approach to politics and he argues that the movement is certain to emerge again Lienesch explores in detail the writings of a wide range of Christian conservatives including Jerry Falwell Pat Robertson Phyllis Schlafly and Tim and Beverly LaHaye in order to illuminate the beliefs and ideas on which the movement is based Depicting the thinking of these writers as a set of concentric circles beginning with the self and moving outward to include the family the economy the polity and the world Lienesch finds shared themes as well as contradictions and tensions He also uncovers a complex but persistent pattern of thought that inspires periodic attempts to redeem America alternating with more inward looking intervals of personal piety
