Maxims from My Mother's Milk/hymns to Him Douglas Messerli, 1988 **Opposing Poetries: Readings** Hank Lazer, 1996 Explains to structural engineers some of the basic equations for analyzing and designing buildings that were devised at the end of the 19th century but were so unmanageably complex to solve that they were displaced by approximation techniques until the recent advent of electronic computer Heyman engineering U of Cambridge warns that some of the equations turn out not to fit reality as close as future occupants of buildings might prefer and explains how to use them and in what context Annotation copyrighted by Book News Inc Portland OR Opposing Poetries Hank Lazer, 1996-08-12 Begins a series presenting collections of survey articles pivoting around the notion of computation The inaugural topics include generalized rational approximation subject to linear constraints matrix exponential approximations in the numerical solution of differential equations unbounded fan in circuits and fixpoint semantics for a Petri net model of definite clause logic programs Each article is self contained and all assume a high sophistication in mathematics Future volumes may focus on a special subfield such as computational graph theory approximation or computability Annotation copyright by Book News Inc Portland OR New Directions 55 James Laughlin, 1991 *Big Sur Marvels and Wondrous Delights* David Detrich, 2001 The PIP Anthology of World Poetry of the 20th Century Douglas Messerli, 2000 The fifth volume of this acclaimed anthology features the work of innovative poets of southern California This gathering of 28 poets does not write a particular kind of poetry but as individuals they have worked together through a series of intersecting ideas and interests to create some of the best writing of contemporary poetry contradicting many of the simplistic notions of people outside of the region In his introduction editor Douglas Messerli provides a complete history of the loosely knit group and the interrelationships within it **Contact II.**, 1990 **The Walls Come True** Douglas Messerli, 1995 In Part II of his trilogy *The Structure of Destruction* Douglas Messerli's study of evil in the 20th century the mysterious Claude Ricochet makes an appearance once again this time as the original author of a history of the French wartime Robert Croset families upon which *The Walls Come True* is based In Messerli's hands however Ricochet's original philosophical historical murder mystery becomes a large sprawling theatrical work incorporating film video mime dance theater and the literary techniques of poetry fable fiction and song Like *Along Without* the first volume of the trilogy in which Messerli restored Ricochet's film *Sans longtemps* *The Walls Come True* recounts the horrific effects of the 20th century upon individuals and their families and friends This work retells the story of the Robert Croset families in their travels throughout Vichy run France in World War II as the family falls into decline and the son is sold for his safety since he unknowingly is Jewish to noted pederast Jean Croset a Paris judge The final act of this three hour opera traces the boy years later taking his revenge on the human race in New York a revenge which ends in his own tragic death at the hands of a tramp whom he mistakes for the detective who has been following him for years **The Art of Practice** Dennis Barone, Peter Ganick, 1994 Poetry In *THE ART OF PRACTICE* the

poem is viewed as primary not prior to or about experience but itself experience The editors make clear that neither expression description nor voice is the point of this poetry it is the embodiment of the mind discovering Jackson Mac Low

Roth's American Poetry Annual, 1990 *Last Living Words* Ingeborg Bachmann, 2005 A new translation of some of the most outstanding works by Ingeborg Bachmann **Colonel Zoo** Olivier Cadiot, 2006 Is he a madman or the best butler ever Cadiot's zany first novel takes the British weekend house paradigm and keeps shifting its terms At this book's centre is the enigmatic I a butler headed for perfection or insanity or perhaps both With the impending Second World War as a background the story often funny and at times sinister interweaves themes of servitude espionage escape and ultimately victory in an unsuspected quarter Translated from the French by Cole Swensen **First Words** Douglas Messerli, 2004 Douglas Messerli Green Integer's publisher began First Words in 1995 as an exercise in which he imbedded the first words by other poets The series evolved into a personal document of despair and potentiality that he experienced over the next three years expressed with his usual masterly wit and wordplay Messerli has won several awards for his poetry and was recently named a Chevalier des Arts et Lettres by the French government The American Humanities Index Stephen H. Goode, 1993 *Opposing Poetries* Hank Lazer, 1996-08-12 Opposing Poetries presents a selection of Hank Lazer's writing on a range of issues in contemporary American poetry Through a series of recurring cultural material and institutional perspectives Lazer investigates the assumptions and habits that govern conflicting conceptions of contemporary American poetry while refining reconsidering and questioning his own and modern theorists' assertions and claims relating to experimental poetry Volume One examines the shift in the governing assumptions of contemporary poetic practice Lazer inspects the key critical works addressing poetries in the 1980s and 1990s as well as the political and aesthetic impact of modern critics poetry reading programs and of the publishing industry and libraries on contemporary poetic practice **Our Nuclear Heritage** James Sherry, 1991 My Year 2005 Douglas Messerli, 2006 For years the noted author and founded publisher of Sun Moon Press and Green Integer has been spurred by fellow writers and friends to write his memoirs But Messerli argues that he does not have the sensibility to write only about his personal experiences since his life has been primarily defined by cultural encounters thus this annual collection of essays on these experiences as well as the hundreds of notable figures with whom he has had friendships and working relationships The 2005 volume includes Paul Auster Robert Creeley and John O'Keefe among others **A Dog Tries to Kiss the Sky** Kier Peters, 2003 The seven short plays of this volume all concern social or sexual tension and confusion of identity the joyful chaos that comes of those everyday dilemmas Performed in various theatres from Los Angeles to Sao Paulo these short works reveal the humour and serious questionings of playwright Kier Peters the dramatic pseudonym of American poet publisher Douglas Messerli *The PIP Anthology of World Poetry of the 20th Century: Linving space: poems of the Dutch Fiftiers* Douglas Messerli, 2000 In 1979 Peter Glassgold edited for New Directions a poetry collection from 7 Dutch writers known throughout Europe as The Fiftiers poets who

having grown up in the turbulent 1940s came of age as poetic and visual experimenters in the 50s This revealing collection has remained an influential testament to this exciting poetry ever since withstanding newer and larger selections of poetry from the Netherlands This revised and expanded edition includes a note by Douglas Messerli **Silence All Round**
