by the members of the Manson Family showed the country how quickly all those youthful impulses could go wrong They were all from the baby boom generation and they proved to be highly susceptible to Manson s mix of LSD and psychological manipulation 4 Before Manson the word cult was often applied loosely to die hard fans of a singer or a television show But after the murders the word cult came to refer to what psychiatrist Robert Jay Lifton calls destructive cults which systematically harm and kill others or themselves *Annual Report - National Advisory Committee for Aeronautics* United States.
