Maya Calendar Voice Of The Galaxy:

Maya Calendar Raymond Mardyks, Stacia Alana-Leah, 1999-03 What is the Maya Calendar Does it really end in 2012 What significance does it have for you and all of humanity This book unveils the mystery of the most sophisticated calendar on Earth making its secrets available to you **Beyond 2012: Catastrophe or Awakening?** Geoff Stray, 2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar's Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna's timewave zero and Maurice Cotterell's sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date *The Pleiadian Agenda* Barbara Hand Clow, 1995-10-01 Noted astrologer and spiritual teacher Barbara Hand Clow channels the voice of Satya a Pleiadian goddess Satya describes the huge cosmic drama taking place simultaneously in nine dimensions with Earth as the chosen theater The Pleiadians are a group of enlightened beings who believe that the end of the Mayan Calendar will signal a critical leap in human evolution the Pleiadians will be there to guide us for that leap This shift is the coming Age of Light and the entry of our solar system into the Photon Band and the Age of Aquarius *Wild Abandon* Joe Dunthorne, 2017-01-31 Kate and Albert have always lived on the secluded communal farm run by their father But now after twenty years the community is disintegrating taking their parents marriage with it To escape Kate at seventeen flees to a suburbia she knows only through fiction and Albert at eleven dives into preparations for the end of the world that he is sure is coming Don the father of the family leader and maker of elaborate speeches is faced with the prospect of saving his community his marriage his son from apocalyptic visions and his daughter from impending men He convinces himself that the only way to save his world is to throw the biggest party of his life But will anyone show up *2012 Is Light Years Away* Girish Rathna, 2012-03-01 In the year 1778 a mysterious hidden treasure was found buried in Egypt Emblazoned on it were a puzzling symbol and the number 2012 in

Roman numerals What could it mean In this astonishing novel that blends fact and folklore two Sepoys Gowtham and Swami are revealed as ancient angels who could lead treasure seekers to the Iah as was prophesied thousands of years ago Gowtham is a human map With a number of different sects and armies from across the world attempting to claim the treasure the Sepoys escape through bizarre landscapes and hazards including the Gate of Moonrise and the three Shadows The Shadows reveal astonishing scientific astrological and mathematical facts camouflaged in such key historical evidences as the Mayan calendar Even today these findings have shaken mankind s beliefs about the year 2012 Discovering the Iah treasure and the secret civilization believed to have vanished from history the treasure hunt ends in a horrific battle Read about the prophesies the discoveries hidden in ancient paintings and symbols and the mysterious events that prove 2012 Is Light Years Away **Of the Devil?** Gilligan Milligan,2020-09-02 Book Delisted **The 2012 Collection** Daniel Pinchbeck,2012-02-21 Now in the years beyond 2012 discover the true meaning behind the hype that captivated the world It should be no surprise to us now but the pomp surrounding the coming of the year 2012 that grasped the human race s attention in those preceding years was not at all about the end of the world Instead much to the contrary Daniel Pinchbeck believes that the passing of the year 2012 marked the beginning of a global shift in consciousness where the human race would begin to see the world and existence on this planet through a different lens embracing fresh ideas about who we are and what it means to be human Discover the true wisdom behind the 2012 phenomenon with these two captivating works by one of the leading minds in the movement both in one place for the first time and at one low price 2012 The Return of Quetzalcoatl Cross James Merrill H P Lovecraft and Carlos Castaneda each imbued with a twenty first century aptitude for quantum theory and existential psychology and you get the voice of Daniel Pinchbeck And yet nothing quite prepares us for the lucidity rationale and informed audacity of this seeker skeptic and cartographer of hidden realms Throughout the 1990s Pinchbeck had been a member of New York s literary select He wrote for publications such as The New York Times Magazine Esquire and Harper s Bazaar His first book Breaking Open the Head was heralded as the most significant on psychedelic experimentation since the work of Terence McKenna But slowly something happened Rather than writing from a journalistic remove Pinchbeck his literary powers at their peak began to participate in the shamanic and metaphysical belief systems he was encountering As his psyche and body opened to new experience disparate threads and occurrences made sense like never before Humanity every sign pointed is precariously balanced between greater self potential and environmental disaster The Mayan calendar s end date of 2012 seems to define our present age It heralds the end of one way of existence and the return of another in which the serpent god Quetzalcoatl reigns anew bringing with him an unimaginably ancient yet to us wholly new way of living A result not just of study but also of participation 2012 tells the tale of a single man in whose trials we ultimately recognize our own hopes and anxieties about modern life Toward 2012 Perspectives on the Next Age An informed challenging and engaging collection of essays on the new choices in lifestyles and community as we begin the

countdown toward the year 2012 This fresh and thought provoking anthology draws together some of today s most celebrated visionaries thinkers and pioneers in the field of evolving consciousness exploring topics from shamanism to urban homesteading the legacy of Carlos Castaneda to Mayan predictions for the year 2012 and new paths in direct political action and human sexuality Toward 2012 highlights some of the most challenging intelligent pieces published on the acclaimed website Reality Sandwich It is coedited by Daniel Pinchbeck the preeminent voice on 2012 and online pioneer Ken Jordan and features original works from Stanislav Grof John Major Jenkins and Paul D Miller DJ Spooky interviews with Abbie Hoffman and artist Alex Grey and a new introduction by Pinchbeck Here are ideas that trace the arc of our evolution in consciousness lifestyles and communities as we draw closer to a moment in time that portends ways of living that are different from anything we have expected or experienced

End Times to 2019 David Montaigne, 2013-01-09 Does the end of the Mayan Calendar start the countdown to Judgment Day Biblical and historical researcher David Montaigne concludes that this is the case He says that the end of the Mayan Long Count is the official start of the Bible s seven year tribulation both were focused on the same astronomical events that occur from 2012 to 2019 The world as we know it will be gone by 2020 Texts from ancient India tell us about great cycles of destruction The Egyptians told the same basic story with different names The Maya reveal another version of the story and were very clear about the timing of events from December 2012 to 2019 Your average American is no expert on these cultures but most people do have a Bible at home and the clearest details on what is about to happen can be found in the Bible if you don t let someone else tell you which parts you should focus on No this isn t what you were taught in Sunday school Religious leaders guide us between the raindrops of curious comments in the Bible We are discouraged from focusing on the parts they say we weren t meant to understand But if we stop glossing over these important passages we will understand a flood of details about the End Times Our leaders are not ignorant of these events

The elite already know what is about to happen and they have made preparations most rational people would not believe because evidence is suppressed to avoid chaos They want us to remain ignorant or at least to believe that the details are secrets that cannot be known But the coming events and their timing are not secrets Years ago this book s publication would not have been tolerated by those in power But by now it doesn t matter much their plans are not going to be interfered with at this point Your plans however can still be formulated if you make the choice to understand Topics include Bible Prophecy Matthew 24 36 Knowing the hour and the day The Mayan Calendar and Mythology Pole Shifts Galactic Superwaves Ancient Egypt Ancient India World Mythology The Georgia Guidestones The real Star of Bethlehem and the exact birthday of Christ Calculating the Second Coming and Judgment Day more **Middleworld** Jon Voelkel,Pamela Voelkel,2010-04-27 When his archaeologist parents go missing in Central America fourteen year old Max embarks on a wild adventure through the Mayan underworld in search of the legendary Jaguar Stones which enabled ancient Mayan kings to wield the powers of living gods Includes cast of characters glossary facts about the Maya cosmos and calendar and a recipe for chicken tamales
