**Foregrounding Play and Children's Perspectives** Hanna Palmér, Camilla Björklund, Elin Reikerås, Jessica Elofsson, 2023-10-29 This open access book's theme is Teaching mathematics as to be meaningful foregrounding children's play and perspectives. It discusses the relation between teachers, children and mathematical content within the context of play with a particular focus on the framing of these relations within this context which is an important theme in the debate on whether teaching should be integrated with or separated from children's play. The work further addresses meaningfulness in the learning process particularly from the child's perspective. Globally most guidelines and curricula for early childhood education mention play as one of the key features for young children's learning. Still there are quite different views on the definitions of play and in what ways play should become part of children's learning. The chapters of the book mirror the research topics presented at the fifth POEM conference in May 2022 divided into four sub-themes: Play and learning, Children's perspectives on mathematics, Teachers' competencies and Theorizing aspects of early mathematics education. **Brands and Their Companies**, 2002 *Hidden Natural Histories* Noel Kingsbury, 2018-11-03 Behind the cedar scent of fresh pencil shavings and the slightly bitter tang of orange in our marmalade are untold stories of human interactions with the natural world. Celebrating the human heritage of these and other natural phenomena, the new *Hidden Natural Histories* series offers fascinating insight into the cultivation and use of the bits of nature we take for granted in our daily lives. In *Trees*, noted garden writer Noel Kingsbury turns his pen or pencil to the leafy life forms that have warmed our hearths, framed our boats for ocean voyaging and provided us shade on summer afternoons. From the fortitude of the ancient ginkgo tree to artistic depictions of quince fruit in the ruins of Pompeii, Kingsbury explores the culinary, medicinal, cultural and practical uses of a forest of tree species. Packed with informative and beautiful illustrations, both new and from historical archives, *Trees* will charm and enlighten anyone interested in our relationship with the natural world and will be a special delight for every gardener, chef and climber of trees. [The Women of Independence Box Set](#) Mona Ingram, 2020-05-02 *The Women of Independence Box Set* four sweet stand-alone romances following the women of Independence, British Columbia, a small town full of country charm, the challenges of heartbreak and the promise of happily ever after. The collection includes four heartwarming stories: *Loving from Afar* She knows she shouldn't cling to memories of a lost love. Torn from her high school sweetheart and left to rebuild the pieces of her life, Allison has almost given up on finding love. Ten years have passed but when she sees Cole again, her pulse kicks up in that old familiar way. The question is, can they resolve the issues that tore them apart and can she learn to love again? *The Last Goodbye* Everyone Danielle Flynn has ever loved has left her without saying goodbye. When her Uncle Jake allows his friend Sean's production company to shoot on his ranch, she fights her attraction to the movie's director, Grayson Crawford. After all, Grayson is heading back to California once filming is over and she has no intention of letting him take her heart when he leaves, with or without a goodbye. Torn between her love of Green Lake Ranch and her growing feelings for Grayson, Danielle learns the difference between what's important in life and what's

make believe Never Look Back Falling in love was the easy part A few sun filled days A whirlwind romance that could never last Now all that s in the past and Maya has moved on She s successful intelligent and independent but the man who gave her so much so long ago still tugs at the edges of her memories Little does Maya know her mischievous friend Faith might just have a plan to get the two lovers back together Love s Like That What would you do if your boyfriend suggested dating other people Tyler s suggestion comes out of the blue and suddenly Katie s well ordered life is crumbling around her To make matters worse the grandmother she never really knew decides to make contact Join Katie as she weighs college life against a murky undecided future Will Tyler still be there when she comes home or is he dating as well
