Irish Pedigrees John O'Hart,1876 *The Book of Irish Families, Great & Small* Michael C. O'Laughlin,2002 This is the master volume to the 28 book set on Irish Family History from the Irish Genealogical Foundation The largest and most comprehensive of the series this volume includes family histories from every county in Ireland and Northern Ireland It also has for the first time the complete surname index for the entire series The 27 other books which are indexed in this volume will provide additional information on even more families **Irish Pedigrees, Or, The Origin and Stem of the Irish Nation** John O'Hart,1881 Thom's Official Directory of Great Britain and Ireland ,1851 **Accounts and Papers of the House of Commons** Great Britain. Parliament. House of Commons,1877 **Thom's Irish Almanac and Official Directory of the United Kingdom of Great Britain and Ireland** ,1870 **A genealogical and heraldic history of the commoners of Great Britain and Ireland, enjoying territorial possessions or high official rank; but uninvested with heritable honours** John Burke (Genealogist.),1838 *General Alphabetical Index to the Townlands and Towns, Parishes, and Baronies of Ireland* ,1984 In all genealogical work the first and most important step is to establish the geographical origin of the ancestor In Irish research the genealogist may know the name of the county where the ancestor lived but be puzzled about a place name given as the place of birth or residence In all probability the place name s that of a townland the smallest territorial subdivision in Ireland Since research in Ireland will usually start at the parish level there must be a reference tool that will key the townland to the parish in which it is located This work was prepared under the auspices of the British government for almost that purpose The over 900 densely printed pages show the county barony parish and poor law union in which the 70 000 townlands were situated in 1851 as well as the location of the townlands on the Great Ordnance Survey maps with appendices containing separate indexes to parishes and baronies *Parliamentary Papers* Great Britain. Parliament. House of Commons,1829 *A Genealogical and Heraldic History of the Commoners of Great Britain and Ireland Enjoying Territorial Possessions Or High Official Rank* John Burke,1838 **The Oxford Dictionary of Family Names of Ireland** Kay Muhr,Liam Ó hAisibéil,2021-10-19 The Oxford Dictionary of Family Names of Ireland contains more than 3 800 entries covering the majority of family names that are established and current in Ireland both in the Republic and in Northern Ireland It establishes reliable and accurate explanations of historical origins including etymologies and provides variant spellings for each name as well as its geographical distribution and where relevant genealogical and bibliographical notes for family names that have more than 100 bearers in the 1911 census of Ireland Of particular value are the lists of early bearers of family names extracted from sources ranging from the medieval period to the nineteenth century providing for the first time the evidence on which many surname explanations are based as well as interesting personal names locations and often occupations of potential family forbears This unique Dictionary will be of the greatest interest not only to those interested in Irish history students of the Irish language genealogists and geneticists but

also to the general public both in Ireland and in the Irish diaspora in North America Australia and elsewhere   *List of memoirs, maps, &c.
