McDonaldization Revisited Mark Alfino, John S. Caputo, Robin Wynyard, 1998-01-26 An examination based on George Ritzer's book *The McDonaldization of society* focusing on consumption

Consumer Culture Douglas Goodman, Mirelle Cohen, 2003-11-17 An engrossing review of the development of global consumerism and its impact on sociological issues The phrase shop till you drop has become as American as apple pie and the trend does not appear to be slowing Consumer Culture begins with the history of the consumer culture which reveals that our fascination with consuming shows not only the hidden significance of everyday items such as sugar and fashionable clothing but also reveals the uniqueness of our way of life Consumer Culture also presents the views of economists and sociologists who see consumption as an expression of freedom The book covers the social impact of consumption examining such dubious milestones as physical attacks upon McDonald's and Starbucks and best sellers that are critical of consumption There is coverage of important research such as whether consumers are making rational or impulsive choices and the effect of advertising on children

Globaloney Michael Veseth, 2005 Veseth separates rhetoric from reality by taking close ups of classic globalization images and comparing them with unexpected alternative visions

On Your Marx Randy Martin, 2002 Reclaims Marx for today through a fundamental reconsideration of how his works should be read Why and how does Marx speak to our day Seeking to reestablish the link between Marx socialism and the Left this book negotiates the common ground between orthodox marxism and postmarxism to show how Marx can elaborate the present More than a claim for his relevance this book is also a forceful statement about how theory relates to political project and organization What Randy Martin asks does Marx have to say to the discourses of radical democracy postmodernism and globalization all of which purport to solve problems that emerge in Marx's writings A reading of Marx can in fact disclose the limitations of the contemporary modes of criticism identifying the difficult conceptual problems that cannot be avoided or overcome Using readings of Marx to restage contemporary political discussions On Your Marx reengages orthodox and postmarxist understandings in a critical and constructive conversation In doing so the book points to powerful new alliances between cultural and political theorists and activists opening new possibilities for mobilization and social justice

Domesticating the World Jeremy Prestholdt, 2008-01-15 Ingeniously stands the study of globalization and trade on its head Edward Alpers Chair of Department of History UCLA

Social Theory in the Real World Steven Miles, 2001-05-18 Social Theory in the Real World is concerned with illustrating the practical benefits of social theory Many students find it hard to relate the real insights provided by social theory to their real life experiences and many lecturers struggle to demonstrate the relevance of social theory to everyday life This book offers an accessible non patronizing solution to the problem demonstrating that social theory need not be remote and obscure but if used in imaginative ways it can be indispensable in challenging our common sense perceptions and understandings The book identifies the key themes of contemporary social theory mass society postindustrialism

The Child in American Evangelicalism and the Problem of Affluence David A. Sims, 2009-06-01 This work presents an evangelical theology of the child nurtured in the context of American evangelicalism and affluence. It employs an eclectic theological critical method to produce a theological anthropology of the affluent American evangelical child (AAEC) through interdisciplinary evangelical engagement of American history, sociology, and economics. Sims articulates how affluence constitutes a significant impediment to evangelical nurture of the AAEC in the discipline and instruction of the Lord. Thus the problem he addresses is nurture in evangelical affluence conceived as a theological anthropological problem. Nurture in the cultural matrices of the evangelical affluence generated by technological consumer capitalism in the U.S. impedes spiritual and moral formation of the AAEC for discipleship in the way of the cross. This impediment risks disciplinary formation of the AAEC for capitalist culture, cultivates delusional belief that life consists in an abundance of possessions, and hinders the practice of evangelical liberation of the poor on humanity's underside. The result is the AAEC's spiritual moral lack in late modernity. Chapter 1 introduces the problem of the AAEC. Chapters 2 and 3 provide a diachronic lens for the theological anthropology of the AAEC through critical assessment of the theological anthropologies of the child in Jonathan Edwards, Horace Bushnell, and Lawrence Richards. Chapters 4 and 5 constitute the synchronic perspective of the AAEC. Chapter 4 presents an evangelical sociology of the AAEC drawing upon William Corsaro's theory of interpretive reproductions, and chapter 5 constructs an evangelical theology of the AAEC through critical interaction with John Schneider's moral theology of affluence. Chapter 6 whithers the AAEC concludes with a recapitulation of the work and a forecast of possible futures for the AAEC in the twenty-first century.

Brands Jonathan E. Schroeder, 2014-11-27 Branding has emerged as a cornerstone of marketing practice and corporate strategy as well as a central cultural practice. In this book, Jonathan Schroeder brings together a curated selection of the most influential and thought-provoking papers on brands and branding from *Consumption Markets and Culture*, accompanied by new contributions from leading brand scholars: Giana Eckhardt, John F. Sherry Jr., Sidney Levy, and Morris Holbrook. Organised into four perspectives: cultural, corporate, consumer, and critical, these papers are chosen to highlight the complexities of contemporary branding through leading consumer brands such as Disney, eBay, Guinness, McDonalds, Nike, and Starbucks. They address key topics such as celebrity branding, corporate branding, place branding, and retail branding, and critique the complexities of contemporary brands to provide a rich trove of interdisciplinary research insights into the function of brands as ethical, ideological, and political objects. This thought-provoking collection will be of interest to all scholars of marketing, consumer behaviour, anthropology, and sociology, and anyone interested in the powerful roles brands play in consumer's lives and cultural discourse.

Understanding Global Environmental Politics M. Paterson,2000-04-07 Understanding Global Environmental Politics develops a new critical approach to global environmental politics It argues that the major power structures of world politics are deeply problematic in ecological terms and that they cannot be easily used to resolve major environmental challenges such as global warming Instead of simply advocating the construction of new international institutions to respond to such challenges therefore the book argues that the construction of alternative social and political structures is necessary
