Medicinemaker Mystic Encounters On The Shamans Path:

Medicinemaker Hank Wesselman, 2009-12-23 In the brilliant visionary tradition of Carlos Castaneda anthropologist Hank Wesselman first documented his spiritual journey in the acclaimed account Spiritwalker Now he continues his travels through the spirit world in this astonishing book leading us into the heart of one of the greatest mysteries of existence Dr Wesselman's inspiring quest began with a dramatic encounter on the island of Hawaii Though he had feared his connection to Nainoa a kahuna initiate and fellow mystic traveler would be severed when he moved to San Diego Wesselman would continue to merge minds with Nainoa Over the next five years the true purpose of their profound yet cryptic contact took shape Wesselman had gained access to some inner doorway putting him in the presence of a transcendent life force and intelligence On the threshold of a dazzling new understanding of nature he was a shaman in training an initiate into the sacred secret healing powers of the spirit world This remarkable book gives us an unprecedented glimpse into the origin and the destiny of our species Hank Wesselman has brought back from his extraordinary travels an extraordinary message the keys to personal power and to the healing of all humankind

Medicinemaker Henry Barnard Wesselman, 1998 In 1985 anthropologist Hank Wesselman began to experience disturbingly vivid altered states that ultimately propelled him on 12 fantastic journeys across time and space He wrote about these in Spiritwalker Now Dr Wesselman continues his extraordinary narrative as he recounts his true adventures where he is given foreshadowings of imminent ecological political and spiritual challenges to the future of civilization Dr Wesselman learns that his journeys are much like the journeys shamans of all cultures have taken for years But his journeys take him far into the future past the collapse of civilization to a new stone age There he meets a Hawaiian Kahuna mystic named Nainoa who teaches the author about what the world is like after the fall of the modern age The result is another fascinating adventure an exciting discovery and the story of how a hardheaded scientific realist may have stumbled on an important piece in the puzzle of human evolution

Shamanism Andrei A. Znamenski, 2004-03-11 Mircea Eliade described shamanism as the primal religion of humanity the archaic technique of ecstasy The books of best selling author

Carlos Castaneda made it part of popular culture Since the 1960s shamanism has continued to attract the attention of scholars artists writers and the general public The most intriguing aspect of this religion is the ability of shamans to enter into contact with spirits on behalf of their communities The first eighteenth century explorers of Siberia dubbed shamanism a blatant fraud Later academic observers stamped it as neurotic delusion In the 1960s shamans were recast as wounded healers who sacrifice their lives for the spiritual well being of their communities Many current writers and scholars treat shamanism as ancient wisdom that has much to teach us about true spirituality This anthology tells the story of shamanism in Eurasia North and South America Africa and Australia It brings together for the first time fifty six articles and book excerpts by anthropologists psychologists religious scholars and historians illustrating the variety of views on this subject [The Beauty of the Primitive](#) Andrei A.
