Ouspensky's Fourth Way Gerald de Symons Beckwith, 2015 In Search of Being G. I. Gurdjieff, 2013-02-13 Are we able to say that life is governed by a group of conscious people Where are they Who are they We see exactly the opposite that life is governed by those who are the least conscious by those who are most asleep Provocative ideas such as these have attracted generations of thoughtful people to the methods of self study and inner work devised by Gurdjieff one of the most radical spiritual teachers of modern times According to Gurdjieff the wars raging at this very moment are nothing more than millions of sleeping people trying to annihilate millions of other sleeping people Contrary to popular belief there is no such as thing as progress and evolution as long as humanity remains asleep Two hundred conscious people could change the whole of life on the earth Gurdjieff says If we want to become those conscious people we must learn how to change ourselves With the help of self knowledge and an understanding of our relation to the universe we can awaken to a higher level of being if we wish to change ourselves All of Gurdjieff s fundamental principles and methods of transforming the intellect emotions and body in the system known as the Fourth Way are presented in this book in his own clear precise words preserved by his closest pupils Arranged in an orderly sequence of passages drawn from two primary source books P D Ouspensky s *In Search of the Miraculous* and *Views from the Real World* edited by Mme Jeanne de Salzmann this material is an indispensable introduction for those determined to undertake the efforts and practices necessary for awakening consciousness All the basic concepts and methods are covered including man is asleep we have no unified I the need for self knowledge functions of the

Gurdjieff and the Fourth Way Stephen A. Grant, 2024-08-20 A profound new look at Gurdjieff's life teaching and role as a spiritual leader through the lens of esotericism Gurdjieff warned against taking anything literally or on faith and he advised accepting only experience that could be lived oneself He also said that one has to find out how to know and that understanding higher knowledge depends on one's level of being The aim of the Fourth Way is toward a change of being from the level of man number one two and three to that of man number four Stephen Grant offers a fundamental reassessment of Gurdjieff as a spiritual leader and the Fourth Way as an esoteric teaching This includes recognizing the Fourth Way as esoteric Buddhism This book outlines Gurdjieff's early life and view of ancient history followed by the itinerant course of his teaching from Russia in 1915 to his death in Paris in 1949 The discussion then focuses on his esoteric mission to bring the Fourth Way to the West and its three major stages 1 introducing the system of ideas to and through P D Ouspensky 2 writing his own theory of the teaching principally in *Beelzebub's Tales* and 3 passing on the practical teaching to and through Jeanne de Salzmann The last five chapters deal with Gurdjieff's relationship with his closest pupils his system of ideas his hidden doctrine in *Beelzebub's Tales* and the practical knowledge revealed by Mme de Salzmann
