

Personal Vote

Scott Morgenstern

Personal Vote:

Personal Representation Josep Maria Colomer, 2011-07-01 Personal representation is an essential element to achieve a high quality of democracy Many studies of electoral systems by focusing on the allocation of seats to parties have neglected the study of this essential dimension In democratic countries a huge variety of ballot forms and rules exist to vote for individual candidates and to allocate seats This book studies different voting procedures and formulas for personal representation their origins and consequences their compatibility with party representation and the strategies and normative criteria for electoral system choice Spending to Win Stephanie J. Rickard, 2018-04-19 Governments in some democracies target economic policies like industrial subsidies to small groups at the expense of many Why do some governments redistribute more narrowly than others Their willingness to selectively target economic benefits like subsidies to businesses depends on the way politicians are elected and the geographic distribution of economic activities Based on interviews with government ministers and bureaucrats as well as parliamentary records industry publications local media coverage and new quantitative data Spending to Win Political Institutions Economic Geography and Government Subsidies demonstrates that government policy making can be explained by the combination of electoral institutions and economic geography Specifically it shows how institutions interact with economic geography to influence countries economic policies and international economic relations Identical institutions have wide ranging effects depending on the context in which they operate No single institution is a panacea for issues such as income inequality international economic conflict or minority representation

Handbook of Comparative Political Institutions Adrian Vatter, Rahel Freiburghaus, 2024-10-03 This comprehensive Handbook presents a broad range of theoretical methodological and empirical perspectives on the comparative study of political institutions Exploring cutting edge developments in the field it provides new insight into the significant diversity and impact of political institutions across space and time This title contains one or more Open Access chapters **Are Politics Local?** Scott Morgenstern, 2017-10-12 Are politics local Why Where When How do we measure local versus national politics And what are the effects This book provides answers to these questions within an explicitly comparative framework including both advanced and developing democracies It does so by using a statistically based and graphical account of party nationalization providing methodology and data for legislative elections covering scores of parties across dozens of countries The book divides party nationalization into two dimensions static and dynamic to capture different aspects of localism both with important implications for representation Static nationalization measures the consistency in a party's support across the country and thus shows whether parties are able to encompass local concerns into their platforms Dynamic nationalization in turn measures the consistency among the districts in over time change in electoral results under the presumption that where districts differ in their electoral responses local factors must drive politics Each of the two dimensions in sum considers representation from the perspective of the mix of national versus local politics **The Oxford Handbook of Legislative**

Studies Shane Martin, Thomas Saalfeld, Kaare W. Strøm, 2014-06-19 Legislatures are political bodies essential to democracy and the rule of law They present social scientists with numerous intriguing puzzles with far reaching implications for our understanding of political institutions Why and how have these ancient assemblies established in pre democratic times survived the transition to mass democracies How have they adapted How do they structure such processes as budgeting legislation and executive oversight How do their members get selected and what consequences flow from differences in these rules What roles do committees and political parties play in contemporary legislatures What functions do legislatures perform in autocratic semi democratic or recently democratized societies What explains the similarities and differences in legislative rules powers and recruitment What are the policy and other consequences of variation in how legislatures are organized and function The 33 chapters in The Oxford Handbook of Legislative Studies written by 47 of the most distinguished legislative scholars provide a comprehensive and up to date description and assessment of the state of the art in legislative studies Key themes explored include theoretical paradigms and methodological approaches to the study of legislatures representation and legislative careers internal organization the role of parties within legislatures and the role of legislatures in policy making and accountability The Handbook also explores the emergence of parliaments in historical and contemporary contexts including new democracies and trans national institutions

Dynasties and Democracy Daniel M. Smith, 2018-07-03 Although democracy is in principle the antithesis of dynastic rule families with multiple members in elective office continue to be common around the world In most democracies the proportion of such democratic dynasties declines over time and rarely exceeds ten percent of all legislators Japan is a startling exception with over a quarter of all legislators in recent years being dynastic In Dynasties and Democracy Daniel M Smith sets out to explain when and why dynasties persist in democracies and why their numbers are only now beginning to wane in Japan questions that have long perplexed regional experts Smith introduces a compelling comparative theory to explain variation in the presence of dynasties across democracies and political parties Drawing on extensive legislator level data from twelve democracies and detailed candidate level data from Japan he examines the inherited advantage that members of dynasties reap throughout their political careers from candidate selection to election to promotion into cabinet Smith shows how the nature and extent of this advantage as well as its consequences for representation vary significantly with the institutional context of electoral rules and features of party organization His findings extend far beyond Japan shedding light on the causes and consequences of dynastic politics for democracies around the world

Intra-Party Politics and Coalition Governments Daniela Giannetti, Kenneth Benoit, 2008-10-27 This book explores how intra party politics affects government formation and termination in parliamentary systems where the norm is the formation of coalition governments The authors look beyond party cohesion and discipline in parliamentary democracies to take a broader view assuming a diversity of preferences among party members and then exploring the incentives that give rise to coordinated party behaviour at the electoral

legislative and executive levels The chapters in this book share a common analytical framework confronting theoretical models of government formation with empirical data some drawn from cross national analyses and others from theoretically structured case studies A distinctive feature of the book is that it explores the impact of intra party politics at different levels of government national local and EU This offers the opportunity to investigate existing theories of coalition formation in new political settings Finally the book offers a range of innovative methods for investigating intra party politics which for example creates a need to estimate the policy positions of individual politicians inside political parties This book will be of interest to political scientists especially scholars involved in research on political parties parliamentary systems coalition formation and legislative behaviour multilevel governance European and EU politics

Ireland at the Polls, 1981, 1982, and 1987

Howard Rae Penniman, Brian Farrell, 1987 Ireland at the Polls 1981 1982 and 1987 A Study of four General Elections is another in the series of national election studies prepared by the American Enterprise Institute for Public Policy Research AEI Books in the series include volumes on some thirty national democratic elections around the world Distinguished foreign and American scholars have contributed to the studies

Making Punches Count Nathan F. Batto, Emily Beaulieu, 2024 In Making Punches Count the first comprehensive account of legislative floor violence and its consequences Emily Bacchus and Nathan Batto focus on recent episodes from a wide variety of countries including Turkey South Korea Taiwan Ukraine Mexico Uganda and others What do cultures of legislative brawling tell us about the health of democracy in a given country Are the brawls mere fits of passion or is there a deeper logic at work Bacchus and Batto argue that legislative brawls are in fact calculated acts that serve the interests of the legislators who engage in them Beginning from the incentives driving lawmakers in different party systems and drawing on both signaling theory and theories of contentious politics they develop a powerful explanation of why individual legislators choose to brawl As they show brawls are more common in younger democracies particularly ones with high levels of corruption but sometimes there are contextual factors that make violence an attractive strategy even to legislators in long established democracies Ultimately brawls should be seen as calculated acts of political violence initiated by legislators to advance their careers Legislators can strategically use brawling to send costly signals to the actors both opponents and allies who will have the most influence over their political fortunes A genuinely novel account of why conflict can reach such extreme levels in democracies the book also sheds light on the structural mechanisms that drive politicians to violence in settings where we least expect it

The SAGE Handbook of Electoral Behaviour Kai Arzheimer, Jocelyn Evans, Michael S. Lewis-Beck, 2017-02-27 The study of voting behaviour remains a vibrant sub discipline of political science The Handbook of Electoral Behaviour is an authoritative and wide ranging survey of this dynamic field drawing together a team of the world s leading scholars to provide a state of the art review that sets the agenda for future study Taking an interdisciplinary approach and focusing on a range of countries the handbook is composed of eight parts The first five cover the principal theoretical paradigms establishing the state of the art in their

conceptualisation and application and followed by chapters on their specific challenges and innovative applications in contemporary voting studies The remaining three parts explore elements of the voting process to understand their different effects on vote outcomes The SAGE Handbook of Electoral Behaviour is an essential benchmark publication for advanced students researchers and practitioners in the fields of politics sociology psychology and research methods The Personal Vote Bruce Cain, John Ferejohn, Morris Fiorina, 2013-10 The Personal Vote describes the behavior of representatives in the United States and Great Britain and the response of their constituents as well It shows how congressmen and members of Parliament earn personalized support and how this attenuates their ties to national leaders and parties This book is essential for specialists in American national government British politics and comparative legislatures and comparative parties

Political Economy Mr. Rohit Manglik, 2024-02-08 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels **Foundations of European Politics** Catherine E. De Vries, Sara Binzer Hobolt, Sven-Oliver Proksch, Jonathan B. Slapin, 2021 With its coherent analytical framework and accessible style Foundations of European Politics A Comparative Approach introduces students to comparative European politics through the lens of political science theory and data The Oxford Handbook of Electoral Systems Erik S. Herron, Robert J. Pekkanen, Matthew S. Shugart, 2018-03-15 No subject is more central to the study of politics than elections All across the globe elections are a focal point for citizens the media and politicians long before and sometimes long after they occur Electoral systems the rules about how voters preferences are translated into election results profoundly shape the results not only of individual elections but also of many other important political outcomes including party systems candidate selection and policy choices Electoral systems have been a hot topic in established democracies from the UK and Italy to New Zealand and Japan Even in the United States events like the 2016 presidential election and court decisions such as Citizens United have sparked advocates to promote change in the Electoral College redistricting and campaign finance rules Elections and electoral systems have also intensified as a field of academic study with groundbreaking work over the past decade sharpening our understanding of how electoral systems fundamentally shape the connections among citizens government and policy This volume provides an in depth exploration of the origins and effects of electoral systems Mind the Gap Kris Deschouwer, 2019-01-19 Mind the Gap is a book on the difficult times of modern representative democracy and on the way in which political science is trying to make sense of it Forecasting election results has become a very risky business and explaining the often surprising results must increasingly rely on case by case ad hoc interpretations Old and formerly stable political parties now appear to be very vulnerable because many of their traditional voters seem willing to desert them If voters turn out to vote at all they tend to be very volatile and send out complex messages to decide later than ever what to do in the polling booth to react to short

term factors and to follow candidates rather than parties Low levels of trust in political actors and institutions reveal a gap between the elites and the people Belgium is one of the countries where one can witness these debates Yet Belgium is also a special case Not only a gap between elites and citizens but also a gap between north and south animates the political debates The territorial division of the country in two language groups has led to the complete split of the parties and the party system and to the transformation of the unitary state into a complex federal system With on top of all that the European level the lines of representation and accountability in Belgium are extremely opaque Decision making requires subtle compromises between party leaders and sometimes take a very long time to come about Voting in Belgium is however compulsory which means that exiting the scene of democratic representation is not an obvious option Citizens do turn out to vote and do express their views and their discontent Some political parties however do suggest that leaving Belgium behind altogether might be better than just muddling through This book is based on ten years of research on political participation and representation in Belgium by the interuniversity research team PartiRep Using several surveys among the population and politicians voting aid applications focus groups and experiments it draws a picture of a parliamentary and representative democracy that faces multiple tensions and multiple gaps It discusses a wide range of political processes and actors placing them in a comparative perspective and exploring to what extent the Belgian case fits into the general picture The chapters of the book deal with political socialization political parties representation economic voting preference voting and personalized voting democratic preferences identity politics and campaign effects and on the way in which elites and citizens try to find their way and make sense of this complex multi level and linguistically divided country in the heart of the European Union

Redistricting in the New Millennium Peter F. Galderisi, 2005-01-01 The process and politics of redistricting have become more complicated over the years This volume addresses that complication through a series of theoretical historical and case study essays

Working Class Inclusion Tiffany D. Barnes, Yann P. Kerevel, Gregory W. Saxton, 2023-11-09 Leverages experiments and cross national surveys from Latin America to examine the impacts of working class underrepresentation in government

Parties and Elections in America Louis Sandy Maisel, Kara Z. Buckley, 2005 Thoroughly revised and updated the fourth edition of this classic text is still the most comprehensive and readable text available Covering all aspects of the electoral process from historical roots to election year 2004 the authors bring life to parties long declared dead and first hand experience running for office to the sometimes grueling campaign trail Visit our website for sample chapters

Representing the People Kris Deschouwer, Sam Depauw, 2014 Based on interviews with members of over 70 parliamentary assemblies *Representing the People* explores how members of parliament perceive their role as representatives and shows that the way in which they represent depends very much on the party to which they belong

Routledge Handbook of European Politics José Magone, 2014-12-17 Since the Treaty of the European Union was ratified in 1993 the European Union has become an important factor in an ever increasing number of regimes of pooled sovereignty

This Handbook seeks to present a valuable guide to this new and unique system in the twenty first century allowing readers to obtain a better understanding of the emerging multilevel European governance system that links national polities to Europe and the global community Adopting a pan European approach this Handbook brings together the work of leading international academics to cover a wide range of topics such as the historical and theoretical background the political systems and institutions of both the EU and its individual member nations political parties and party systems political elites civil society and social movements in European politics the political economy of Europe public administration and policy making external policies of the EU This is an invaluable and comprehensive resource for students scholars researchers and practitioners of the European Union European politics and comparative politics

The book delves into Personal Vote. Personal Vote is an essential topic that needs to be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Personal Vote, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

- Chapter 1: Introduction to Personal Vote
- Chapter 2: Essential Elements of Personal Vote
- Chapter 3: Personal Vote in Everyday Life
- Chapter 4: Personal Vote in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, this book will provide an overview of Personal Vote. This chapter will explore what Personal Vote is, why Personal Vote is vital, and how to effectively learn about Personal Vote.
3. In chapter 2, the author will delve into the foundational concepts of Personal Vote. This chapter will elucidate the essential principles that need to be understood to grasp Personal Vote in its entirety.
4. In chapter 3, this book will examine the practical applications of Personal Vote in daily life. This chapter will showcase real-world examples of how Personal Vote can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Personal Vote in specific contexts. The fourth chapter will explore how Personal Vote is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about Personal Vote. This chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Personal Vote.

Personal Vote Introduction

In the digital age, access to information has become easier than ever before. The ability to download Personal Vote has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Personal Vote has opened up a world of possibilities. Downloading Personal Vote provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Personal Vote has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers

and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Personal Vote. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Personal Vote. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Personal Vote, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Personal Vote has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Personal Vote Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Personal Vote is one of the best

book in our library for free trial. We provide copy of Personal Vote in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Personal Vote. Where to download Personal Vote online for free? Are you looking for Personal Vote PDF? This is definitely going to save you time and cash in something you should think about.
