Philosophy Of Kierkegaard:

The Philosophy of Kierkegaard George Pattison, 2015-01-28 Although the ideas of Søren Kierkegaard played a pivotal role in the shaping of mainstream German philosophy and the history of French existentialism the question of how philosophers should read Kierkegaard is a difficult one to settle His intransigent religiosity has led some philosophers to view him as essentially a religious thinker of a singularly anti philosophical attitude who should be left to the theologians In this major new survey of Kierkegaard's thought George Pattison addresses this question head on and shows that although it would be difficult to claim a philosophy of Kierkegaard as one could a philosophy of Kant or of Hegel there are nevertheless significant points of common interest between Kierkegaard's central thinking and the questions that concern philosophers today The challenge of self knowledge in an age of moral and intellectual uncertainty that lies at the heart of Kierkegaard's writings remains as important today as it did in the culture of post Enlightenment modernity

On Kierkegaard Susan Leigh Anderson, 2000 This brief text assists students in understanding Kierkegaard's philosophy and thinking so that they can more fully engage in useful intelligent class dialogue and improve their understanding of course content Part of the Wadsworth Philosophers Series which will eventually consist of approximately 100 titles each focusing on a single thinker from ancient times to the present ON KIERKEGAARD is written by a philosopher deeply versed in the philosophy of this key thinker Like other books in the series this concise book offers sufficient insight into the thinking of a notable philosopher better enabling students to engage in the reading and to discuss the material in class and on paper

Studies in the Philosophy of Kierkegaard NA Klemke, 2013-11-11 In this volume I have given attention to what I consider to be some of the central problems and topics in the philosophical thought of Søren Kierkegaard Some of the chapters have been previously published but were revised for their appearance here Others were written expressly for this book I have tried to focus on issues which have not been customarily dealt with or emphasized in the scholarship on Kierkegaard with the exception of the writings of David Swenson and Paul L Holmer to which and to whom I am greatly indebted Some of the positions for which I have argued in this volume especially in Chapters IV and V may be controversial I am grateful to all those who enabled me to carry out or influenced me in my studies of Kierkegaard or who assisted with regard to the research for or preparation of this volume Among these are Professors Paul L Holmer F Arthur Jacobson and Dennis A Rohatyn Dean Wallace A Russell and Vice President Daniel J Zaffarano of Iowa State University

Provocations Søren Kierkegaard, 1999 Provocations contains a little of everything from Kierkegaard's prodigious output his famously cantankerous yet wryly humorous attacks on what he calls the mediocre shell of conventional Christianity his brilliantly pithy parables his wise and witty sayings Most significantly it brings to a new generation a man whose writings pare away the fluff of modern spirituality to reveal the basics of the Christ centered life decisiveness obedience and recognition of the truth

Kierkegaard and Philosophy Alastair Hannay, 2003-12-16 Kierkegaard and Philosophy makes many of the most important papers on

Kierkegaard available in one place for the first time These seventeen essays written over a period of over twenty years have all been substantially revised or specially prepared for this collection with a new introduction by the author In the first part Alastair Hannay concentrates on Kierkegaard's central philosophical writings offering closely text based accounts of the silent concepts Kierkegaard uses The second part shows the relevance of other thinkers treatments of shared themes pointing out where they differ from Kierkegaard The concluding chapter provides a reason Kierkegaard himself would give for disagreeing with those who claim his texts are infinitely interpretable Written by the world's foremost Kierkegaard scholar and translator Kierkegaard and Philosophy is an indispensable resource for all students of Kierkegaard's work

FEAR AND TREMBLING - S. Kierkegaard Søren Kierkegaard, 2024-02-07 Søren Aabye Kierkegaard born in Copenhagen in

1813 and deceased in 1855 was a Danish philosopher theologian poet and social critic widely regarded as the first existentialist philosopher Throughout his career he wrote critical texts on organized religion Christianity morality ethics psychology and philosophy of religion showing a particular fondness for figures of speech such as metaphor irony and allegory The work Fear and Trembling is one of the most well known and esteemed among Søren Kierkegaard's vast production In this work Kierkegaard does not deny his Christian past rather he asserts that this religious doctrine must be internalized by the individual according to their own subjective demands The analysis contained in Fear and Trembling is based on parameters that are still fully relevant for contemporary reflection on religious conduct Kierkegaard on Faith and the Self C. Stephen Evans, 2006 Evans makes a strong case that Kierkegaard has something crucial to say to the Christian church as a philosopher and something equally crucial to say to the philosophical world as a Christian believer Robert L Perkins Stetson University and Editor International Kierkegaard Commentary Perspectives in Religious Studies

Purity of Heart is to Will One Thing Søren Kierkegaard, 2009-10-20 Purity of Heart is to Will One Thing by Søren Kierkegaard is considered a devotional classic Through irony dialogue and parable Kierkegaard slices through the masks and fascades we construct that delude us into thinking that all is well with our soul With the skill and precision of a surgeon's hand Kierkegaard opens up the true condition of our motivations in life and faith Kierkegaard is not afraid to stare in the face the dark side of our humanity In Purity of Heart is to Will One Thing we see that only through this brutal honesty can we become our true selves and find healing Kierkegaard boldly asserts that only by joining with providence and the Great Physician's hand can we will one thing the good The good is all that is true eternal and authentic The good is all that comes from God As with all of Kierkegaard's works Purity of Heart makes for worthy reading which will provoke and challenge you

Historical Dictionary of Kierkegaard's Philosophy Julia Watkin, 2000-12-06 Watkin provides a contextual introduction to Kierkegaard's 19th century world of Copenhagen a chronology of events and key figures in his life as well as definitions of the key systems of his thought_ theology existentialism literature and psychology The extensive bibliographical section covers secondary literature and electronic materials of help to researchers The appendix includes detailed information on his writings along with a list of his pseudonyms This book is useful not only as a guide for experienced scholars but also as an introduction to new students of Kierkegaard's Philosophy **Fear and Trembling** Johannes De Silentio, Søren Kierkegaard, 2014-10-13 Support Public Domain like and share <http://facebook.com/BookLiberationFront> The book title echoes a phrase from the New Testament Work out your own salvation with fear and trembling Philippians 2:12 In alluding to these words of St Paul Kierkegaard indicates that religion in general and Christianity in particular are not a couch potato state of mind convenient and comfortable relation toward the contents of faith We need to ground ourselves in the uncertain and infinite transcendence Already this gives rise to fear and trembling But there is more to that Since faith requires a total and constant engagement of individual's selfhood with regard to God's existence this means that we believe

truly only when we do not shun acts that understandably generate fear and trembling both as to their nature and consequences To be sure fear and trembling are not the source of faith but they are its indispensable catalysts the oscillating balance wheel as Kierkegaard puts it in his Journals

[The Authenticity of Faith in Kierkegaard's Philosophy](#) Tamar Aylat-Yaguri, Jon Stewart, 2014-07-18 When he heard the voice that ordered him to sacrifice his son was Abraham deluded When is faith merely a form of self-deception The existential challenge of attaining and preserving faith is as difficult today as ever before and perhaps even more so in a scientifically technologically oriented culture Faith can turn into inauthenticity as easily today as in Kierkegaard's era This book presents Kierkegaard's illuminating responses to the existentially haunting questions of faith and authenticity
