Lamport, 2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church. As a result, Christian education remains one of the largest and oldest continuously functioning educational systems in the world, comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries. In *The Encyclopedia of Christian Education*, contributors explore the many facets of Christian education in terms of its impact on curriculum, literacy, teacher training, outcomes, and professional standards. This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe, illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy, home schooling, Sunday schools, women's education, graded schools, compulsory education of the deaf and blind, and kindergarten. With an editorial advisory board of more than 30 distinguished scholars and five consulting editors, *The Encyclopedia of Christian Education* contains more than 1,200 entries by 400 contributors from 75 countries. These volumes cover a vast range of topics from Christian education history spanning from the church's founding through the Middle Ages to the modern day, denominational and institutional profiles, intellectual traditions in Christian education, biblical and theological frameworks, curricula, missions, adolescent and higher education, theological training, and Christian pedagogy. Biographies of distinguished Christian educators. This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education.

From 'Mission-Shaped' to 'Jesus-Shaped' Church Susan Beverley Cross, 2025-03-10 Hospitality is often invoked without question in Church of England discourse, but the importance of the practice to contemporary mission has not been subject to detailed analysis. This book provides otherwise elusive in-depth theological examination of the scope of Christian understandings of hospitality. From feasting in the Hebrew Scriptures and foot washing in the New Testament to online Communion during the COVID-19 pandemic, hospitality is more than welcome or the evangelistic hospitality of the Alpha Course or Messy Church. So this book encompasses racism, ageing, poverty, tragedy, storytelling, minds, bodies, and belonging, as well as the implications of allying food to Christian formation. It shows that Christian hospitality has relevance not only to mission but also to ecclesiology, eschatology, disability theology, and social and ecological justice. *The Living Church*, 2003-07 **Holy Work with Children** Tanya Marie Eustace Campen, 2021-06-29 Children are theologians with the ability to recognize and respond to God's presence in their lives. Listening to the stories of children helps us to understand how children make meaning out of God's presence and reveals tools that children use as they claim their faith. With this knowledge, adults can then better promote and encourage children's spiritual growth. Offering a theology of childhood, *Holy Work with Children* values the child's role in the Body of Christ and God's transformative work. Dr. Campen invites readers to

consider How does listening to children teach us about God and faith formation What wisdom and insight do children offer to all of us by how they seek understanding of God and God's presence in their lives How can we guide and support the children in our communities in this work Drawing on direct research with children as they think theologically this book extends both theological and educational research Holy Work with Children offers practical examples for how congregational leaders parents and those who journey with children can encourage and guide them as they make theological meaning and discover ways to respond to God's grace and love making a difference in their communities and the world
