Practical Jokes, Funny Pranks and Dirty Rotten Tricks R. G. Grover,2013-11 These are mostly true tales of me wreaking havoc on those around me for the amusement of myself and others I started as a preschooler getting into mischief out of pure boredom usually at school It continued through grade school junior high high school the military college my first job My very first booby trap was balancing a teddy bear on top of my slightly open bedroom door to fall on the head of anyone who entered I only wish that I hadn t forgotten something and ran back in there and I REALLY wished that I hadn t use the heavy teddy bear with the really hard music box I was probably three years old My second booby trap and the most infamous within our family utilized a battery powered motorized futuristic toy assault vehicle It was silver sleek aerodynamic made of metal and had sharp edges and bright lead based paint It had six giant wheels with knobby tires The body would pivot 180 degrees while rolling in one direction and the side gunner s door would snap open and sparks would fly and a red light would flash as the toy Space Marine mowed down imaginary space monsters I was almost 4 years old I used the round posts on my bed as a series of pulleys around which I wrapped yarn to ensure the proper directional pull on the ON switch so

when my mother opened the door to my room the yarn pulled the switch on the mechanical death machine and it rolled out from under the bed spun around as the side door flipped open and a gunner with dual laser cannons began to lay down cover fire toward the door of my room I m not sure if my mother had learned to levitate or if she had previously been bitten by a radio active spider but by the time I awoke from a deep slumber the hysterical screaming had stopped and she was gracefully yeah right returning to earth pointing frantically and speaking in tongues I must be gifted because I clearly heard Would you please turn off your wake up alarm I think my mother may have been surprised It s almost always best to be nice to people however sometime you just HAVE to shake up your buddy s beer before you hand it to him I hope you enjoy reading these tales as much as I enjoyed remembering them and writing them down Practically Joking Moira Marsh,2015-06-22 In *Practically Joking* the first full length study of the practical joke Moira Marsh examines the value artistry and social significance of this ancient and pervasive form of vernacular expression Though they are sometimes dismissed as the lowest form of humor practical jokes come from a lively tradition of expressive play They can reveal both sophistication and intellectual satisfaction with the best demanding significant skill and talent not only to conceive but also to execute *Practically Joking* establishes the practical joke as a folk art form subject to critical evaluation by both practitioners and audiences operating under the guidance of local aesthetic and ethical canons Marsh studies the range of genres that pranks comprise offers a theoretical look at the reception of practical jokes based on benign transgression a theory that sees humor as playful violation and uses real life examples of practical jokes in context to establish the form s varieties and meanings as an independent genre as well as its inextricable relationship with a range of folklore forms Scholars of folklore humor and popular culture will find much of interest in *Practically Joking* *Dick and Dom's Whoopee Book of Practical Jokes* Richard McCourt,Dominic Wood,2015-05-07 Meet Dick and Dom TV legends creators of Slightly Naughty but Very Silly Words and authors of the world s best Big Fat and Very Silly Joke Book But now it s time for drum roll please Dick and Dom s Whoopee Book of Practical Jokes Fool your friends trick your teachers and prank your parents Packed with rip roaring practical puns side splitting jokes and nuggets of complete and utter madness if this book doesn t tickle your funny bone you re probably dead In our opinion Other opinions are available
