The Polymath Waqas Ahmed, 2019-01-04 Every human is born with multifarious potential Why then do parents schools and employers insist that we restrict our many talents and interests that we specialise in just one We've been sold a myth that to specialise is the only way to pursue truth identity or even a livelihood Yet specialisation is nothing but an outdated system that fosters ignorance exploitation and disillusionment and thwarts creativity opportunity and progress Following a series of exchanges with the world's greatest historians futurists philosophers and scientists Waqas Ahmed has weaved together a narrative of history and a vision for the future that seeks to disrupt this prevailing system of unwarranted hyper specialisation In The Polymath Waqas shows us that there is another way of thinking and being Through an approach that is both philosophical and practical he sets out a cognitive journey towards reclaiming your innate polymathic state Going further he proposes nothing less than a cultural revolution in our education and professional structures whereby everyone is encouraged to express themselves in multiple ways and fulfil their many sided potential Not only does this enhance individual fulfilment but in doing so facilitates a conscious and creative society that is both highly motivated and well equipped to address the complexity of 21st century challenges
