

WILLIAM WALKER
ATKINSON

The illustration depicts two figures, a man in a blue shirt and a woman in a red shirt, climbing ladders to reach a large, pink, stylized brain. The brain is adorned with several interlocking gears in blue and red. A thick blue line, resembling a river or a path, flows from the top left, around the brain, and towards the top right. The background is a light blue and white patterned surface with various circular icons, including a plus sign and a heart. The overall theme suggests a journey of mental growth and practical application.

Practical Mental Influence:

Practical Mental Influence William Walker Atkinson, 2016-06-13 Your Thoughts Have Powers Beyond Your Imagination William Walker Atkinson talks about the different feelings we get at different places and he says these feelings are the result of influence mental influence we get from the vibrations that are stored in these places Now this and many topics in the book are simply unbelievable to a man or woman with a closed mind But the essence of the book is that thought messages can be sent and received by two or more persons So he says that we can influence others through our thoughts and vice versa One good lady used it for a good cause She was insulted by her relative Instead of responding in kind she used the methods from this book She said from her mind to her relative to paraphrase her You cannot insult me anymore and I tell you whatever you say or do to insult me will only make matters worse for you Now you are going to stop all those comments directed at me The person immediately stopped the comments And that person never insulted her again This is an instance of using the methods from this book for a good purpose because using it for evil deeds could make it happen as well but it may also prove to be destructive eventually Be warned only use them for good

Some Insights From the Book

- 1 There are two general forms of the direct use of Mental Influence which although somewhat resembling each other may still be separated into two classes The first we shall call Fascination and the second Hypnotism By Fascination we mean the manifestation of Mental Influence when the two persons are together without passes or the usual hypnotic methods By Hypnotism we mean the uses of the power also when the two parties are together but accompanied by passes or hypnotic methods
- 2 Some masters of this art of influencing the public create a mental picture of themselves sending out great volumes of Thought Waves for a time and then afterward mentally imparting a rotary motion to the waves until at last they form a mental whirlpool rushing round and round and always sucking in toward the centre An effort of this kind acts on the mental plane just as a physical whirlpool acts on the physical plane that is it draws into Us power all that comes in contact with its force
- 3 With this consciousness held in mind your mental command to another Let me alone I cast off your influence by the power of my Spirit will act so strongly that you will be able to actually see the effect at once If the other person be stubborn and determined to influence you by words of suggestion coaxing threatening or similar methods look him or her straight in the eyes saying mentally I defy you my inner power casts off your influence Try this the next time that any one attempts to influence you either verbally or by Thought Waves and see how strong and positive you will feel and how the efforts of the other person will fail This sounds simple but the little secret is worth thousands of dollars to every individual who will put it into practice
