Classical Learning as an Element of Modern Scholarship Austin Adams, 1867 Physics Briefs , 1990

Scientific and Technical Aerospace Reports ,1987 The Lighthouse and the Observatory Daniel A. Stolz, 2018-01-11 An observatory and a lighthouse form the nexus of this major new investigation of science religion and the state in late Ottoman Egypt Astronomy imperial bureaucrats traditionally educated Muslim scholars and reformist Islamic publications such as The Lighthouse are linked to examine the making of knowledge the performance of piety and the operation of political power through scientific practice Contrary to ideas of Islamic scientific decline Muslim scholars in the nineteenth century used a dynamic tradition of knowledge to measure time compute calendars and predict planetary positions. The rise of a new astronomy is revealed to owe much to projects of political and religious reform from the strengthening of the multiple empires that exercised power over the Nile Valley to the modernization of Islamic centers of learning to the dream of a global Islamic community that would rely on scientific institutions to coordinate the timing of major religious duties University of California, Berkeley, 1889 Knowledge ,1899 The Practical Renaissance Donna A. Seger, 2022-02-10 What sort of information did people in early modern England seek In The Practical Renaissance Donna Seger explores the diffusion and reception of prescriptive publications over the 16th and 17th centuries Published in an age of dynamic religious and political change these texts demonstrate the universal desire for health and wealth a fortified body and an orderly household Showing how classical and continental information had been Englished over time this book shows how new publications supplanted these traditional ideas with more empirical and authoritative knowledge Published in an age of dynamic religious and political change these texts which include plague tracts husbandry handbooks printed recipe books and navigation manuals demonstrate the universal desire for health and wealth a fortified body and an orderly household Divided into three parts the opening chapters explore factors which affected the diffusion of practical knowledge via prescriptive texts Part two focuses on the interaction between new discoveries and traditional authority and the final section considers debates in the medical marketplace the term knowledge mongerer and the commodification of knowledge at this time A thorough exploration into the popular and pragmatic expressions of the period The Practical Renaissance offers a new window into the movement in which knowledge and information became power Register of the University of California University of Astronomies and Cultures in Early Medieval Europe Stephen C.
