Practice Practise Praxis Serial Repetition Organizational Behaviour And Strategic Action In Architecture:

Practice Practise Praxis Scott Sørli, 2000 This vibrant collection of essays photo works and drawing projects explores the physical problems of our built environment with a view to bridging the perceived divide between theory and practice in architectural discourse The Canadian and international architects photographers and cultural commentators in this anthology address issues such as the relationship between professional practice and conventional architectural models the political and sociological dimensions of various kinds of social and private spaces and the effects of recent history upon architectural practice

Eileen Gray and the Design of Sapphic Modernity Jasmine Rault, 2017-07-05 The first book length feminist analysis of Eileen Gray's work Eileen Gray and the Design of Sapphic Modernity Staying In argues that Gray's unusual architecture and design as well as its history of abuse and neglect emerged from her involvement with cultures of sapphic modernism Bringing together a range of theoretical and historical sources from architecture and design communication and media to gender and sexuality studies Jasmine Rault shows that Gray shared with many of her female contemporaries a commitment to designing spaces for sexually dissident modernity This volume examines Gray's early lacquer work and Romaine Brooks' earliest nude paintings Gray's first built house E 1027 in relation to Radclyffe Hall and her novel The Well of Loneliness and Gray's private house Tempe nbsp Pailla with Djuna Barnes Nightwood While both female sexual dissidence and modernist architecture were reduced to rigid identities through mass media women such as Gray Brooks Hall and Barnes resisted the clarity of such identities with opaque non communicative aesthetics Rault demonstrates that by defying the modern imperative to publicity clarity and identity Gray helped design a sapphic modernity that cultivated the dynamism of uncertain bodies and unfixed pleasures which depended on staying in rather than coming out

Grammar & Not-grammar Gary Kibbins, 2006 There are two kinds of grammarians those who describe and those who prescribe In the academic world the prescribers are usually viewed as the conservative old guard The descriptarians are usually seen as the activists young bucks who believe the task of grammarians is to map or chart how speakers use their language and note its changes over time

Pro Forma Jessica Wyman, 2005 In this three volume series editor Jessica Wyman assembles essays that consider the developments and directions of the use of text in visual art exploring what personal social or political motivations inspire artists to use text and how text based art is understood Volume 1 examines the use of text in concept based art

Caught in the Act Tanya Mars, Johanna Householder, 2004 This definitive anthology focuses on the 70s and 80s a time when women made a big and noisy impact on society and provides readers with insight into the profound effects that feminism and women's work have had on contemporary culture Full of sass and insight this essential collection is part survey part critical discourse and part reference book Pub desc

Mining the Media Archive Dot Tuer, 2006 Mining the Media Archive gathers together an exciting collection of essays by writer and cultural theorist Dot Tuer Ranging from monographs on new media artists to a history of Canada's most controversial artist run centre the CEAC to testimonial

writing on cultural politics and post colonialism in Canada and Argentina Tuer s writings address issues of global media and local remembrance through a unique blend of storytelling archival research and cultural analysis Cultures of Femininity in Modern Fashion Ilya Parkins,Elizabeth M. Sheehan,2011 An interdisciplinary collection illuminating how fashion shaped concepts and practices of femininity and modernity **Queerness in Heavy Metal Music** Amber R.

Clifford-Napoleone,2015-03-24 While the growing field of scholarship on heavy metal music and its subcultures has produced excellent work on the sounds scenes and histories of heavy metal around the world few works have included a study of gender and sexuality This cutting edge volume focuses on queer fans performers and spaces within the heavy metal sphere and demonstrates the importance pervasiveness and subcultural significance of queerness to the heavy metal ethos Heavy metal scholarship has until recently focused almost solely on the roles of heterosexual hypermasculinity and hyperfemininity in fans and performers The dependence on that narrow dichotomy has limited heavy metal scholarship resulting in poorly critiqued discussions of gender and sexuality that serve only to underpin the popular imagining of heavy metal as violent homophobic and inherently masculine This book queers heavy metal studies bringing discussions of gender and sexuality in heavy metal out of that poorly theorized dichotomy In this interdisciplinary work the author connects new and existing scholarship with a strong ethnographic study of heavy metal s self identified queer performers and fans in their own words thus giving them a voice and offering an original and ground breaking addition to scholarship on popular music rock and queer studies Queer Ecologies Catriona Mortimer-Sandilands,Bruce Erickson,2010-07-14 Treating such issues as animal sex species politics environmental justice lesbian space and gay ghettos AIDS literatures and queer nationalities this lively collection asks important questions at the intersections of sexuality and environmental studies Contributors from a wide range of disciplines present a focused engagement with the critical philosophical and political dimensions of sex and nature These discussions are particularly relevant to current debates in many disciplines including environmental studies queer theory critical race theory philosophy literary criticism and politics As a whole Queer Ecologies stands as a powerful corrective to views that equate natural with straight while queer is held to be against nature Fuse Magazine ,2001
