**The Practice of Process Meditation** Ira Progoff, 1980      The Star Cross Ira Progoff, 1971      Tantra in Practice David Gordon White, 2018-06-26 As David White explains in the Introduction to *Tantra in Practice* Tantra is an Asian body of beliefs and practices that seeks to channel the divine energy that grounds the universe in creative and liberating ways The subsequent chapters reflect the wide geographical and temporal scope of Tantra by examining thirty six texts from China India Japan Nepal and Tibet ranging from the seventh century to the present day and representing the full range of Tantric experience Buddhist Hindu Jain and even Islamic Each text has been chosen and translated often for the first time by an international expert in the field who also provides detailed background material Students of Asian religions and general readers alike will find the book rich and informative The book includes plays transcribed interviews poetry parodies inscriptions instructional texts scriptures philosophical conjectures dreams and astronomical speculations each text illustrating one of the diverse traditions and practices of Tantra Thus the nineteenth century Indian Buddhist Garland of Gems a series of songs warns against the illusion of appearance by referring to bees yogurt and the fire of Malaya Mountain while fourteenth century Chinese Buddhist manuscripts detail how to prosper through the Seven Stars of the Northern Dipper by burning incense making offerings to scriptures and chanting incantations In a transcribed conversation a modern Hindu priest in Bengal candidly explains how he serves the black Goddess Kali and feeds temple skulls lentils wine or rice a seventeenth century Nepalese Hindu praise poem hammered into the golden doors to the temple of the Goddess Taleju lists a king's faults and begs her forgiveness and grace An introduction accompanies each text identifying its period and genre discussing the history and influence of the work and identifying points of particular interest or difficulty The first book to bring together texts from the entire range of Tantric phenomena *Tantra in Practice* continues the Princeton Readings in Religions series The breadth of work included geographic areas spanned and expert scholarship highlighting each piece serve to expand our understanding of what it means to practice Tantra      The varieties of contemplative experiences and practices Sucharit Katyal, Sisir Roy, Philippe R. Goldin, Anna-Lena Lumma, 2023-07-05      A Sociology of Mystic Practices Dann Wigner, 2018-06-08 This book investigates the process of spiritual borrowing between the emergent church EC and the Christian mystical tradition From its inception the EC has displayed interest in mystic practices but the exact nature of this interest or how these practices are appropriated and reinterpreted in the EC context has not been researched My research shows that the emergent church is appropriating Christian mystic practices by investing these practices with their own theological content The practices themselves are changed to fit in their new context showing that EC belief shapes EC behavior My study adds a new case study perspective to the sociological examination of the process of spiritual borrowing especially through close inspection of how a spiritual practice changes to fit a new theological context Additionally my book contributes to the study of the complex relationship between belief and behavior      *International Meditation Bibliography*,

*Oxford Textbook of Palliative Care for Children* Ann Goldman, Richard Hain, Stephen Liben, 2012-05-24 The first edition of this book was the first authoritative systematic and comprehensive text to define the increasingly important and evolving specialty of paediatric palliative care It explores both the clinical aspects and the multidimensional and holistic nature of care for the dying child based on the knowledge that all human experience has a physical emotional psychological and spiritual impact The book covers ways of providing support in all of these areas both for the child families and carers recognising the importance of teamwork and taking an evidence based approach The Oxford Textbook of Palliative Care for Children is about the care of children for whom cure of their underlying disease is not possible It encompasses the physical management of symptoms such as pain and nausea as well as social issues such as accessing appropriate education emotional issues such as techniques for communication and spiritual issues such as feelings of guilt and isolation The book suggests that if we are to maintain the quality of life for a child it is essential to recognise all these dimensions and try to address them This can only be done by recognising the skills of a wide range of professionals and

working together in ways that are not always intuitive to any one discipline It explores the multidimensional and holistic nature of care for the dying child Those working in paediatric palliative care recognise that all human experience has emotional psychological and spiritual impact as well as physical and this book offers the essential information needed for those involved in paediatric care to find ways of providing support in all of these areas Comprehensive in scope exhaustive in detail and definitive in authority this second edition has been thoroughly updated to cover new practices current epidemiological data and the evolving models that support the delivery of palliative medicine to children Paediatric palliative care is now developing in countries with differing health care systems and being adapted to suit individual illnesses and the varying resources and geography in different parts of the world This book is an essential resource for anyone who works with children worldwide

**Buddhist Meditation** Sarah Shaw,2006-04-18 It will primarily be of interest to those that study Buddhism at a post graduate level extracts from the book are already being used as teaching material for an MA in Religious Studies Fills the gap for a textbook in Early Buddhism which is taught in American universities Of interest to the growing market of educated Buddhists who want to read around the subject First anthology to explore all meditation objects in early Buddhism Features new translations of actual texts not merely commentaries

*The Muse Process* Barbara Cox,2019-02-11 We are all instilled with principles passed down through generations that guide our feelings and behaviors Women often feel immense pressure to live up to preconceived standards when taking on the roles of wife partner or mother The drive to meet expectations can lead to a sense of lost individuality and feelings of isolation and invisibility This book serves as a guide through the muse process which encourages women to explore their innate feminine power to reach their full potential and create a happier healthier life
