Servant-Leadership, Feminism, and Gender Well-Being Jiying Song, Joe Walsh, Kae Reynolds, Jennifer Tilghman-Havens, Shann Ray Ferch, Larry C. Spears, 2022-09-01

In a world where leaders and organizations face global pandemics and power conflicts gender dualism still prevails and gender stereotyping and the glass ceiling continue to affect humanity's conceptualizations of leadership

How can we integrate the lost aspects of ourselves often socialized by gender so as to recover wholeness

How can we discern and develop the feminine and masculine within every leader

Servant Leadership Feminism and Gender Well Being offers grace strength and hope by providing evidence of servant leaders crossing gender boundaries and integrating gendered traits and behaviors

Feminist ways of knowing honoring both feminine and masculine giftedness deepen the holistic foundation of servant leadership

By integrating female perspectives with male perspectives a paradigm shift in leadership theory through avenues inherent to servant leadership can move organizations from hierarchy driven rules based and authoritative models to value driven follower oriented and participative models

The Leadership Imperative Scott D. Liebhauser, 2018-01-22

The topic of leadership is ubiquitous in today's era of experts scholars and gurus

With a host of voices promoting a myriad of views on this topic it is hard for one to determine who or what is correct

This book gets to the heart of the issue by providing an unashamed and historic basis for leading others using biblical truth as the standard

The postmodern epoch is fraught with confusion relativity and chaos as basic terms are redefined historic truths are maligned and cultural mores are upended

Consequently leaders in this time are often just as confused as their followers who are leaving a trail of destruction in their wake

Fortunately there are answers for those seeking to lead with confidence based on something much grander than personal opinion or subjective reasoning

In this work Dr Liebhauser explains the pitfalls leaders face in these fluid times of resistance to anything authoritative while providing sound principles by which to effectively lead

The reader will appreciate learning about the historical dynamic which fueled postmodern thinking and find hope in the time tested remedies this book provides
