Praga Caput Regni The Sights Of Prague And Its Neighborhood

Rob Humphreys

Praga Caput Regni The Sights Of Prague And Its Neighborhood:

Praga Caput Regni Karel Neubert, Jan Royt, 1991 *Česká kniha*, 1991 **Czechoslovakia, Prague** Marcel Ludvík, Otakar Mohyla, 1991 **Material Culture & Daily Life in the New City of Prague in the Age of Rudolf II** James R. Palmitessa, 1997 *Cosmos and Materiality in Early Modern Prague* Suzanna Ivanič, 2021-06-24 Prague in the seventeenth century is known as home to a scintillating imperial court crammed with exotic goods scientists and artisans receiving ambassadors from Persia and also as a city suffering plagues riots and devastating military attacks But Prague was also the setting for a complex and shifting spiritual world At the beginning of the century it was a multiconfessional city but by 1700 it represented one of the most archetypical Catholic cities in Europe Through a material approach *Cosmos and Materiality* pieces together how early modern men and women experienced this transformation on a daily basis *Cosmos and Materiality in Early Modern Prague* presents a bold alternative understanding of the history of early modern religion in Central Europe The history of religion in the early modern period has overwhelmingly been analysed through a confessional lens but this book shows how Prague's spiritual worlds were embedded in their natural environment and social relations as much if not more than in confessional identity in the seventeenth century While texts in this period trace emerging discourses around notions of religion superstition magic and what it was to be Catholic or Protestant a material approach avoids these category mistakes being applied to everyday practice It is through a rich seam of material evidence in Prague spoons glass beakers and amulets as much as traditional devotional objects like rosaries and garnet encrusted crucifixes that everyday beliefs practices and identities can be recovered **Revolution with a Human Face** James Krapfl, 2013-10-04 In this social and cultural history of Czechoslovakia's gentle revolution James Krapfl shifts the focus away from elites to ordinary citizens who endeavored from the outbreak of revolution in 1989 to the demise of the Czechoslovak federation in 1992 to establish a new democratic political culture Unique in its balanced coverage of developments in both Czech and Slovak lands including the Hungarian minority of southern Slovakia this book looks beyond Prague and Bratislava to collective action in small towns provincial factories and collective farms Through his broad and deep analysis of workers' declarations student bulletins newspapers film footage and the proceedings of local administrative bodies Krapfl contends that Czechoslovaks rejected Communism not because it was socialist but because it was arbitrarily bureaucratic and inhumane The restoration of a basic humanness in politics and in daily relations among citizens was the central goal of the revolution In the strikes and demonstrations that began in the last weeks of 1989 Krapfl argues citizens forged new symbols and a new symbolic system to reflect the humane democratic and nonviolent community they sought to create Tracing the course of the revolution from early idealistic euphoria through turns to radicalism and ultimately subversive reaction *Revolution with a Human Face* finds in Czechoslovakia's experiences lessons of both inspiration and caution for people in other countries striving to democratize their governments **Rick Steves' Best of Eastern Europe**, 2006 **Infant**

Jesus of Prague Antonín Novotný, Alexander Schirger, 2000

Czech and Slovak Theatre Abroad Věra Bořkovec, 2006

These papers examine the nature and function of Czech and Slovak Theatre abroad from the nineteenth century to the present day Immigrants used theater as a way to preserve their language and culture and the plays performed were usually classic Czech or Slovak works After World War II and during the Cold War theaters in the United States like the Wilma Theatre in Philadelphia and the No Curtain Theatre in Washington D C produced mainly Czech plays in English translation to acquaint the American public and younger generations with plays by dissident writers such as Vaclav Havel Ivan Kilma and Pavel Kohout These papers are written by noted scholars of drama and form a unique contribution to theater studies

Patron Saint and Prophet Phillip N. Haberkern, 2016-03-02 The Bohemian preacher and religious reformer Jan Hus has been celebrated as a de facto saint since being burned at the stake as a heretic in 1415 Patron Saint and Prophet analyzes Hus s commemoration from the time of his death until the middle of the following century tracing the ways in which both his supporters and his most outspoken opponents sought to determine whether he would be remembered as a heretic or saint Phillip Haberkern examines how specific historical conflicts and exigencies affected the evolution of Hus s memory within the militant Hussite movement that flourished until the mid 1430s within the Czech Utraquist church that succeeded it and among sixteenth century Lutherans who viewed Hus as a forerunner and even prophet of their reform Using close readings of written sources such as sermons and church histories visual media including manuscript illuminations and monumental art and oral forms of discourse such as vernacular songs and liturgical prayers this book offers a fascinating account of how changes in media technology complemented the shifting theology of the cult of saints in order to shape early modern commemorative practices By focusing on the ways in which the invocation of Hus catalyzed religious dissent within two distinct historical contexts Haberkern compares the role of memory in late medieval Bohemia with the emergence of history as a constitutive religious discourse in the early modern German land In this way he also provides a detailed analysis of the ways in which Bohemian and German religious reformers justified their dissent from the Roman Church by invoking the past
