Prairie Liberalism The Liberal Party In Saskatchewan 1905 1971:

Saskatchewan Premiers of the Twentieth Century Gordon L. Barnhart, 2004 From the optimism associated with provincial status in 1905 through the trials of Depression and war the boom times of the post war period and the economic vagaries of the 1980s and 1990s the twentieth century was a time of growth and hardship development challenge and change for Saskatchewan and its people And during the century twelve men from a variety of political parties and from very different backgrounds led the government of this province The names of some like T C Douglas and Roy Romanow are still household names while others like Charles Dunning and William Patterson have been all but forgotten Yet each in his unique way for better or for worse helped to mould and steer the destiny of the province he governed These are their stories

Saskatchewan Politics Howard A. Leeson, 2001 The essays in this volume cover a broad range of topics on Saskatchewan politics including the role of the legislature and the Governor General political institutions premiers cabinets public service judiciary commissions political parties and their history and social issues the economy public finance health care reform economic development rural life demographics First Nations public welfare federal relations the media Appendices include a table of provincial electoral results 1905 99 and lists of Saskatchewan premiers Lieutenant Governors and presidents chiefs of the Federation of Saskatchewan Indian Nations

New Directions in Saskatchewan Public Policy David McGrane, 2011 In this new scholarly compilation by David P McGrane established and emerging trends in Saskatchewan public policy are the foundation for setting new directions for the province in the 21st century In what direction should Saskatchewan be headed in the 21st century To answer this question academics from various disciplines at the University of Regina and University of Saskatchewan have come together to produce *New Directions in Saskatchewan Public Policy* the first edited book exclusively devoted to public policy in the province with chapters discussing taxation immigration agriculture urban affairs poverty reduction the social economy labour aging Aboriginal public administration and climate change The authors provide an analysis and description of the current policies of the current government and also look back to explore what the Romanow and Calvert governments did in these areas The overarching theme of the book is that despite the province's robust economic growth significant public policy challenges remain for the Saskatchewan provincial government The lesson is that economic growth does not magically solve entrenched societal problems and that economic prosperity will dissipate if worrisome social trends are left unchecked While many scholarly books shy away from prescription the authors of this book include sections in their chapters that set out new directions for policy development As such the book not only contains solid analysis of the present policy situation but also offers concrete ideas for future policy makers

The Prairie Agrarian Movement Revisited Kenneth Murray Knuttila, 2007 The formation of the Territorial Grain Growers Association in 1901 was not the only important event in the early history of what has come to be known broadly as the agrarian movement in the Canadian prairies but it was a defining moment in some respects Arguably it signalled the formation of an agrarian

class but at least it was an indicator of an awakening of a democratic consciousness among family farmers Ultimately the Association provided a venue for analysis and critique the development of strategies and tactics and of course the nurturing of leadership and organizational forms that would have a profound influence upon politics and the state in the three prairie provinces and the Dominion as well as the creation of co-operatives and other forms of direct action These eighteen essays honouring the 100th anniversary in 2001 of the formation of the TGGGA explore important aspects of the historical legacy of the agrarian movement and contemplate their relevance to the current setting for the rural prairies pub desc **CCF**

Colonialism in Northern Saskatchewan David Quiring, 2007-10-01 Often remembered for its humanitarian platform and its pioneering social programs Saskatchewan's Cooperative Commonwealth Federation CCF wrought a much less scrutinized legacy in the northern regions of the province during the twenty years it governed Until the 1940s churches fur traders and other wealthy outsiders held uncontested control over Saskatchewan's northern region Following its rise to power in 1944 the CCF undertook aggressive efforts to unseat these traditional powers and to install a new socialist economy and society in largely Aboriginal northern communities The next two decades brought major changes to the region as well meaning government planners grossly misjudged the challenges that confronted the north and failed to implement programs that would meet northern needs As the CCF's efforts to modernize and assimilate northern people met with frustration it was the northern people themselves that inevitably suffered from the fallout of this failure In an elegantly written history that documents the colonial relationship between the CCF and the Saskatchewan north David M Quiring draws on extensive archival research and oral history to offer a fresh look at the CCF era This examination will find a welcome audience among historians of the north Aboriginal scholars and general readers *Laws and Societies in the Canadian Prairie West, 1670-1940*

Louis A. Knafla, Jonathan Swainger, 2011-11-01 *Laws and Societies in the Canadian Prairie West 1670-1940* examines the legal history of the north west frontier from the earliest years of European Native contact in the seventeenth century to the mid 1900s Challenging myths about a peaceful west and prairie exceptionalism the book explores the substance of prairie legal history and the degree to which the region's mentality is rooted in the historical experience of distinctive prairie peoples The chapters written by a cross section of established and emerging scholars working in the allied fields of law legal history sociology and criminology focus on what is distinctive in prairie legal culture By approaching the issue from a variety of perspectives those of colonial administrators fur company employees Native peoples women men entrepreneurs judges magistrates and the police among others the authors find evidence of a conscious effort to apply broad non-regional experiences to seemingly familiar local issues The ways in which prairie peoples perceived themselves and their relationships to a wider world were directly framed by notions of law and legal remedy shaped by the course and themes of prairie history Legal history is not just about black letter law It is also deeply concerned with the ways in which people affect and are affected by the law in their daily lives By examining how central and important the law has been to individuals

communities and societies in the Canadian Prairies this book makes an original contribution *The Prairie West: Historical Readings* R. Douglas Francis, Howard Palmer, 1992 This collection of 35 readings on Canadian prairie history includes overview interpretation and current research on topics such as the fur trade native peoples ethnic groups status of women urban and rural society the Great Depression and literature and art **Saskatchewan Politicians** University of Regina. Canadian Plains Research Center, 2004 The more than 275 biographies of Saskatchewan politicians from the past 100 years that are included in this volume represent but a fraction of those who have been elected to public office in the province These are only the longer serving the most distinguished the most famous the most infamous Together their individual stories tell our collective political story in Saskatchewan the birthplace of Medicare and socialism in North America **The Prairies and the Pampas**, 1987-09 The Argentine and Canadian wheat economies starting from very similar positions in the late nineteenth century had diverged startlingly by 1930 In wheat production and export Argentina had stagnated and declined while Canada had surged to a position of world leadership This book explains how Canada had outpaced Argentina a country with better growing conditions and a much shorter haul to port The author finds the explanation in how differing government policies affected the paths the Canadian and Argentine wheat economies took The author's investigations center on several key questions In what ways did Canadian and Argentine policy makers and wheat growers attempt to improve their competitive positions by introducing efficient marketing systems research and agricultural education How responsive were the two political systems to questions of land tenure the role of immigrants and political representation in the wheat regions In sum how did quite different views on the role of the state affect the outcome The book is in three parts The first provides a basic political and economic overview of Argentine and Canadian history between 1880 and 1930 The second part analyzes and compares the two countries basic agricultural development policies In the third part the focus moves away from a topical emphasis and shifts to an analysis of major agricultural policy issues in the two countries The concluding chapter presents some final thoughts on the different paths of agrarian development in the two countries **Transforming the Prairies** Shannon Stunden Bower, 2024-11-01 Transforming the Prairies proposes a new understanding of Canada's Prairie Farm Rehabilitation Administration PFRA complicating common views of the agency as a model of effective government environmental management Between 1935 and 2009 the PFRA promoted agricultural rehabilitation in and beyond the Canadian Prairies with mixed and equivocal results The promotion of strip farming as a soil conservation technique for example left crops susceptible to sawfly infestations The PFRA's involvement in irrigation development in Ghana increased the local population's vulnerability to various illnesses And PFRA infrastructure construction intended to serve the public good failed to account for the interests of affected Indigenous peoples The PFRA is revealed as being a high modernist state agency that produced varied environmental outcomes and that contributed to consolidating colonialism and racism This investigation affirms the importance of engaging historical perspectives to help ensure that contemporary environmental

management efforts support more just and sustainable futures

In Search of Canadian Political Culture Nelson Wiseman, 2011-11-01 What do we really mean by phrases such as western Canadian political culture the centrist political culture of Ontario Red Toryism in the Maritimes or Prairie socialism What historical geographical and sociological factors came into play as these cultures were forged In this book Nelson Wiseman addresses many such questions offering new ways of conceiving Canadian political culture The most thorough review of the national political ethos written in a generation In Search of Canadian Political Culture offers a bottom up regional analysis that challenges how we think and write about Canada

Peace, Progress and Prosperity Gordon Leslie Barnhart, University of Regina. Canadian Plains Research Center, 2000 Thomas Walter Scott was a newspaper owner and successful businessman before being elected to the House of Commons in 1905 as member for Assiniboia West He became leader of the Saskatchewan Liberal Party by 1905 and premier of the new province This biography covers the life of this respected political leader from birth through his political career to his retirement years giving a picture of his labours in the fields of education female suffrage agriculture and public policy whose fruits continue to be of influence in the province

The Canadian Prairies Gerald Friesen, 1987-01-01 A history of the Canadian prairie provinces from the days of Native European contact to the 1980s

Singing the Blues Dick Spencer, 2007 From the party's beginnings in the Territories through its convulsive 1929 campaign and first victory that year under J T M Anderson to its shadowy dissolution nearly 70 years later the Saskatchewan Conservative Party struggles for relevance and survival After their 1929 win Conservatives waited half a century to form their next government when they won the 1982 election under Grant Devine only to be mothballed 15 years later as the new Saskatchewan Party emerged to carry the right wing banner in the province Here in Singing the Blues longtime party insider Dick Spencer writing with unique insight and perspective traces the history of one of Saskatchewan's great parties over a century of provincial politics

Remaining Loyal David McGrane, 2014-10-01 When social democratic politicians in the 1990s moderated their ideas and policies as part of a turn towards the third way they were assailed as traitors to the cause Remaining Loyal demonstrates that while third way social democrats in Quebec and Saskatchewan supplemented certain social democratic ideas with more right wing economic programs their public policies remained true to the original spirit of social democracy Drawing on a range of archival resources David McGrane traces the evolution of social democracy in Quebec and Saskatchewan from their respective origins in social Catholic thought and agrarian protest movements at the turn of the twentieth century to the most recent Parti Qu b cois and New Democratic Party governments In doing so he reconstructs the public policies of traditional social democracy from the postwar era and the third way in the 1990s and early 2000s and finds both differences and continuities McGrane contends that remaining loyal to core social democratic values is exactly what differentiates the third way from neo liberalism in Saskatchewan and Quebec The first historical comparison of social democracy in Saskatchewan and Quebec Remaining Loyal challenges how we think about the recent ideological evolution of left wing parties in Canada

and the rest of the world **Canadiana** ,1975 *The Rise of the New West* John F. Conway,2014-05-30 This one volume history chronicles a 150 year history of dramatic changes in fortune and attitudes in western Canada From the Riel Rebellions and the Winnipeg General Strike to the founding of the CCF Social Credit and Reform parties Canada s West has always been a hotbed of political social and economic change In the early twentieth century those calls for change emanated from the left as farmers and workers fought for social and economic justice In the past two decades the protests and calls for change emanated from the right as the region gained a new role for itself in Canada This history chronicles the rise and fall of such figures as Grant Devine Bill Vander Zalm Glen Clark Roy Romanow Stockwell Day and Lorne Calvert and the emergence of Stephen Harper and the federal Conservatives It describes how the West the political wellspring of progressive changes over the years has been transformed into the bastion of the right culminating in the virtual annihilation of the NDP in Saskatchewan the cradle of social democracy in Canada This is the updated fourth edition of John Conway s classic book originally published under the title *The West Public Policy and Provincial Politics* Marsha A. Chandler,William M. Chandler,1979 **Policing the Wild North-West** Zhiqiu Lin,2007 In *Policing the Wild North West A Sociological Study of the Provincial Police in Alberta and Saskatchewan 1905-32* the first comprehensive social history of provincial police in western Canada between 1905 and 1932 Zhiqiu Lin investigates the complex relationship between the role of policing the political sphere and social progress This book attempts to analyze the effects on provincial police in Alberta and Saskatchewan of various social phenomena ranging from political radicals and vagrants to prohibition bootleggers and black market profiteers These factors placed enormous demands on the development of policing and had a significant impact on three specific and interrelated areas first the professionalization of police organizations within society as evidenced by changes in policing technology varying political agendas and perhaps most importantly within the police organizations themselves second the shifting of focus away from the dangerous classes and social agitators towards investigative procedures required for solving serious crime and finally the impact of policing on the rates of crime as influenced by the role of police officers as agents of social change and the value of social service in strengthening community and reducing the motivation towards criminal activity The book concludes with an examination of the transition between federal and provincial responsibilities for policing in the two provinces the reasons for the disbandment of the provincial police forces and the broader issues of police development and the rationalization of policing in modern society Canada 1900-1945 Robert Bothwell,Ian Drummond,John English,1990-12-15 Through war depression and social upheaval the first half of the twentieth century was a period of unprecedented turbulence in Canada In this lively and contentious survey Robert Bothwell Ian Drummond and John English explore the political and economic forces that shaped this era of change As in their earlier work the highly acclaimed *Canada since 1945* the authors focus on the political context of events Beginning at the turn of the century they consider the status of Canada in the empire and the world the burgeoning growth of its economy and the

development of social and labour problems up to the eruption of 1914 They discuss the political currents running through Canada during two wars the interwar economic boom and depression and the plans for post war reconstruction and assess the impact of these and other events on Canada s political economic social and cultural institutions Electronic Format
