Quality School:

Quality School Education Marlow Ediger, 2010 School education across the world has gained special significance as it makes its students acquire adequate knowledge in various disciplines and decide the future course of action in education. Several individual and national and international professional organisations are suggesting various measures to enhance the status of school education in all its dimensions. This book on quality in school education discusses many things to be taken care of to be worked out and to be implemented. This work will be of great use to all the people concerned to and personnel involved in school education.

Quality School William Glasser, M.D., 2010-11-16 This should be required reading by every school administrator every teacher every board member and all university faculty involved in the training of teachers. There is no doubt that we need to squeeze all blame all coercion and all criticism out of any people-related business. Not until we realize that schools are in a people business will we ever be able to make meaningful changes. Dr. Albert Mamary, former superintendent of schools, Johnson City, New York.

Crisis Counseling For A Quality School Larry Palmatier, 2013-10-08 The theory of crisis counselling put forward in this book is applied to the following situations: drug and alcohol abuse, depression and suicide, physical and sexual abuse, social and discipline problems, lateness, encopresis and enuresis, fear, tearfulness, inactivity, fury and impulsiveness, violence and conflicts, children of divorced and foster families, loss and grief, war and disasters, parents in crisis, homelessness, crack kids and AIDS, children and defiance, inter-racial tensions and cross-cultural conflicts.
