the Sphinx** Kimberly Lamm, 2025-06-12 A classic of feminist avant garde cinema Laura Mulvey and Peter Wollen's *Riddles of
the Sphinx* 1977 follows the life of Louise Dinah Stabb a white middle class woman living in London in the 1970s as she
confronts the complex politics of motherhood domestic labour and work With a kaleidoscopic array of cinematic techniques
and poetic devices the film charts Louise's process as she questions her place within white patriarchal culture and finds her
voice within the burgeoning Women's Liberation Movement Reading *Riddles* as an essay film Kimberly Lamm explores how it
utilises voice sound and writing to challenge Hollywood's dominant images of women and to portray maternal care as a
legitimate form of work rich in aesthetic pleasures and feminist possibilities She examines the voice of the Sphinx and
connecting it to feminism's engagement with psychoanalysis argues that Mulvey and Wollen's film works through long
histories of patriarchal viewing practices and creates conditions in which the full range of women's voices can be listened to
heard and valued Lamm explores how *Riddles* the second collaboration between Mulvey and Wollen drew inspiration from
Wollen's influential work on counter cinema and Mulvey's foundational writing on the male gaze *Seriously Funny #01*

Reconnecting with the Heart Anne Dickson,2015-02-28 Reconnecting with the Heart offers a new theoretical and practical approach to understanding and managing feelings We categorise feelings as either negative or positive which means that we censor the expression of some while insisting on others Learning to understand the whole range of emotions what they are where they come from why we have them helps us learn when and how to communicate them effectively Feelings are not only mental events but occur in our bodies as well Reconnecting with the Heart helps the reader to become more conscious of the mind body link both in terms of how to recognise emotions and also in their connection to various physical symptoms Although we are accustomed to blaming others for causing our feelings the reality is that our responses have a lot to do with our perceptions Once we stop blaming others we can learn how to communicate clearly even in the most difficult situations Specific suggestions and exercises enable the reader to use this as a workbook for individual and personal exploration The book also demonstrates how to be less uncomfortable or anxious when someone bursts into tears or is angry we can learn to be less anxious and more present in our relationships even when strong emotions are existent This book is intended as an initial guide to our feelings charting the currents and movements of the heart and makes it clear that emotion is part of everyday life and need not be seen as a problem The theoretical input is balanced by many illustrations from Anne s working experience which allow the reader to relate the theory to their own life experiences Reconnecting with the Heart will help anyone who struggles to make sense of their feelings within the increasingly impersonal context of everyday life
