Delitte, Giuseppe Baiguera, 2020-10-21 In the history of civilizations sea power has always played a preponderant role This symbol of a nation's scientific and military genius has very often been the deciding factor during major conflicts putting the names of several clashes down into legend With this collection Jean Yves Delitte and Giuseppe Baiguera plunge you into the heart of three of the twentieth century's greatest naval battles TSUSHIMA Japan's long history of isolationism came to an end in 1853 under the threat of naval gunfire Newly opened to the world Japan found itself to be weak and subject to the whims of larger nations What followed was decades of industrialization and modernization as Japan sought to catch up to advanced nations and control its own destiny In 1905 when Japan's expansionist policies clashed with the Russian Empire's over Korea Japan was poised to flex its muscle and stun the world using the same naval supremacy that opened its borders half a century earlier JUTLAND May 31 1916 After waiting more than two years and with several missed opportunities the British Royal Navy and the German Kaiserliche Marine are preparing to confront one another in the North Sea off the Danish coast of Jutland This will be the final great confrontation of World War I by sea and probably one of the greatest epic battles in the history of seafaring Despite their heavy losses which are greater than the Germans the English reaffirm their naval supremacy over the seas of the world and Germany all too conscious of having escaped disaster will opt to confine the majority of its ships to its ports MIDWAY War has been raging since September 1 1939 It has spread like the black plague in the Middle Ages contaminating every person and every land A wretched epidemic that nothing seems to be able to counter

Even the United States of America is engulfed by the winds of war setting the world afire Ill prepared and with undermanned military forces the world s leading industrial power is on the edge of a precipice when in June 1942 in the middle of the Pacific on the minuscule isolated atoll of Midway the most extraordinary carrier battle will unfold

**Tropical Warfare in the Asia-Pacific Region, 1941-45** Kaushik Roy, 2017-10-25 This is the first book to provide a comprehensive overview of the land war during the Second World War in South East Asia and the South and South West Pacific The extensive existing literature focuses on particular armies Japanese British American Australian or Indian and or on particular theatres the Philippines Papua New Guinea Malaya or Burma This book on the contrary argues that warfare in all the theatres was very similar especially the difficulties of the undeveloped terrain and that there was considerable interchange of ideas between the allied armies which enabled the spread of best practice among them The book considers tactics training technology and logistics assesses the changing state of the combat effectiveness of the different armies and traces the course of the war from the Japanese Blitzkrieg of 1941 through the later stalemate and the hard fought Allied fightback Although the book concentrates on ground forces due attention is also given to air forces and amphibious operations One important argument put forward by the author is that the defeat of the Japanese was not inevitable and that it was brought about by chance and considerable tactical ingenuity on the part of US and British imperial forces
