Scattering the Proud Sean O'Conaill, 2012-07-12 In this radically original and optimistic reflection on the future of Christianity in the Western world Sean O'Conaill starts from the conviction that the life ministry and death of Jesus of Nazareth were a deliberate reversal of the human heroic journey to adulation and influence which has caused violence tyranny and injustice in all epochs He did not identify with or seek to emulate the powerful and the influential he sought out the outcasts and taught that every person was of equal worth in the eyes of God In the end he exalted the person who was most despised the victim by accepting an ignominious death O'Conaill argues that even since the earliest times Jesus's followers have been tempted to rejoin the upward journey toward power and influence a journey which inevitably creates pyramids of esteem or hierarchies of respect which glorify individuals and elites at the expense of majorities The development of the relationship between Christianity and the political establishment in the fourth century soon associated Christ himself with coercion and led in the end to the schisms between East and West Protestant and Catholic and between Christianity and liberal secularism It is also at the root of the silent schism within the Catholic church today The future of Christianity then lies in its willingness to abandon this upward journey and to return to the essence of the gospel message not only institutionally but personally in the lives of all Christians This return to a countercultural stance will aim to raise the disadvantaged and to secure the future of the global family and its environment *Studies in Folk Life (RLE Folklore)*

An ceathramhadh leabhar Irish Self-Determination League of Great Britain, 1908 **A Very Mutinous People** Noeleen McIlvenna, 2009-06-01 Historians have often glorified eighteenth century Virginia planters philosophical debates about the meaning of American liberty But according to Noeleen McIlvenna the true exemplars of egalitarian political values had fled Virginia s plantation society late in the seventeenth century to create the first successful European colony in the Albemarle in present day North Carolina Making their way through the Great Dismal Swamp runaway servants from Virginia joined other renegades to establish a free society along the most inaccessible Atlantic coastline of North America They created a new community on the banks of Albemarle Sound maintaining peace with neighboring Native Americans upholding the egalitarian values of the English Revolution and ignoring the laws of the mother country Tapping into previously unused documents McIlvenna explains how North Carolina s first planters struggled to impose a plantation society upon the settlers and how those early small farmers defending a wide franchise and religious toleration steadfastly resisted She contends that the story of the Albemarle colony is a microcosm of the greater process by which a conglomeration of loosely settled politically autonomous communities eventually succumbed to hierarchical social structures and elite rule Highlighting the relationship between settlers and Native Americans this study leads to a surprising new interpretation of the Tuscarora War *Learning behind Bars* Dieter Reinisch, 2022-10-03 Learning behind Bars is an oral history of former Irish republican prisoners in the Republic of Ireland and Northern Ireland between 1971 the year internment was introduced and 2000 when the high security Long Kesh Detention Centre HM Prison Maze closed Dieter Reinisch outlines the role of politically motivated prisoners in ending armed conflicts as well as the personal and political development of these radical activists during their imprisonment Based on extensive life story interviews with Irish Republican Army IRA ex prisoners the book examines how political prisoners developed their intellectual positions through the interplay of political education and resistance It sheds light on how prisoners used this experience to initiate the debates that eventually led to acceptance of the peace process in Northern Ireland Politically relevant and instructive Learning behind Bars illuminates the value of education politics and resistance in

terrorist movement A First Nations Voice in the Australian Constitution Shireen Morris, 2020-08-06 This book makes the legal and political case for Indigenous constitutional recognition through a constitutionally guaranteed First Nations voice as advocated by the historic Uluru Statement from the Heart. It argues that a constitutional amendment to empower Indigenous peoples with a fairer say in laws and policies made about them and their rights is both constitutionally congruent and politically achievable. A First Nations voice is deeply in keeping with the culture, design and philosophy of Australia's federal Constitution as well as the long history of Indigenous advocacy for greater empowerment and self-determination in their affairs. Morris explores the historical, political, theoretical and international contexts underpinning the contemporary debate before delving into the constitutional detail to craft a compelling case for change.
