Community-based Media Pedagogies Bronwen Low, Paula Salvio, Chloe Brushwood Rose, 2016-10-04 Participatory media is a tool for individual and community education and development allowing students to express and share their ideas and opinions and to contribute to the production of the commons Vital to the storytelling in these community spaces is listening the listening of project facilitators to participants of participants to each other and of the public to the stories that emerge through these projects Community based Media Pedagogies examines the role of listening across community media sites to explore its relational qualities and to identify the kinds of teaching and learning that happen in these spaces Drawing on community media projects and pedagogies across New York Toronto and Montreal this volume documents the stories of racialized and marginalized minority youth and immigrants and explores which relations and spaces facilitate listening Search of New Age Spiritualities Adam Possamai, 2019-01-22 The search for an adequate understanding of the New Age phenomenon is fraught with difficulties when examined within the perspectives of sociology of religion which have shed light on religion in modernity New Agers cannot be located easily in the secularisation narrative they move through fluid networks rather than settled collectivities they assemble personal syncretisms of belief myth and practice rather than subscribe to codified doctrines and prescribed rituals New Age is guickly found to be a label that is unacceptable to many of those designated as New Agers This book advances our understanding of the so called New Age phenomenon by analysing accounts of insiders religious experience and orientations This approach is brought to bear not only on the study of written documents relating to New Age and its putative antecedents but on the analysis of in depth interviews with thirty five The Sphinx on the Table Janine Burke, 2009-05-26 Sigmund Freud's collection of Egyptian Greek and spiritual actors Roman antiquities is one of the art world's best kept secrets Over a forty year period he amassed an extraordinary array of nearly three thousand statues vases reliefs busts rings and prints For Freud psychoanalysis and his art collection developed together in a symbiotic nourishing relationship each informing and enriching the other Freud used myth to illustrate controversial theories like the Oedipus complex situating ancient symbolism in a modern context He explored the archaeology of the mind unearthing his patients dreams and memories while creating a personal museum of ancient treasure Freud compared the process to analysis where he cleared away material layer by layer to the technique of excavating a buried city To create a portrait of Freud the art collector Janine Burke builds a vibrant richly detailed and intimate image of his life and times tracing Freud's taste for beautiful things back to his earliest years The Sphinx on the Table is set against the glittering decadent backdrop of fin de siecle Vienna where an artistic flowering took place in painting theater writing and architecture The Intuitive Heart Discovery Group Program Henry Reed, 2015-08-29 Henry Reed provided an innovative hands on training program at Edgar Cayce's ARE in Virignia Beach Virginia He creatively custom tailored the program to Cayce's specifications for a spiritual approach to psychic development Several peer reviewed reports relative to

intuition research were published as a result Participants wanted to take the program home to share with a gathering of friends The information in this book never before published in this form provides the details necessary for a group to enjoy themselves exploring these important discoveries Folks learn to use intuition together and to navigate the new world coming where boundaries are but convenient tools Living and working together in intuitive harmony with each other and the creative life forces becomes the principal ideal Experience these realities for yourself in the company of like minded people who are ready to share in the Intuitive Heart Discovery Program Consensual intuition is possible and culturally transformative
