**Search & Seizure** Polyvios G. Polyviou,1982      *The Law of Search and Seizure* Asher Lynn Cornelius,1926      **Search and Surveillance** Sybil Sharpe,2018-02-06 This title was first published in 2000 The development of search and surveillance powers are amongst the most controversial issues to confront modern policing and studies of criminal law and criminal justice This book is the first to challenge the orthodox concept of search in the context of police investigation Drawing upon extensive international case studies it provides a fundamental new definition of the highly charged debate surrounding the powers of law enforcers to gather evidence and information for use in criminal proceedings The book also evaluates the compatibility of these powers of investigation with constitutional and human rights set in the context of the changing objectives of investigators Its balance of practical evaluation and in depth analysis will make it a key text for academics and practitioners alike      **The Constitution and the Courts: Supplemental notes on the Constitution of the United States, contained in volumes I and II, and index** ,1924      *Cases Decided in the Supreme Court of Appeals of Virginia* Virginia. Supreme Court of Appeals,1924      Enforcement of the 18th Amendment...statement on Search and Seizure in Reference to the Bills S. 3713...and S. 3781...1923 United States. Congress. Senate. Taslitz,2009-03 The modern law of search and seizure permits warrantless searches that ruin the citizenry s trust in law enforcement harms minorities and embraces an individualistic notion of the rights that it protects ignoring essential roles that properly conceived protections of privacy mobility and property play in uniting Americans Many believe the Fourth Amendment is a poor bulwark against state tyrannies particularly during the War on Terror Historical amnesia has obscured the Fourth Amendment s positive aspects and Andrew E Taslitz rescues its forgotten history in *Reconstructing the Fourth Amendment* which includes two novel arguments First that the original Fourth Amendment of 1791 born in political struggle between the English and the colonists served important political functions particularly in regulating expressive political violence Second that the Amendment s meaning changed when the Fourteenth Amendment was created to give teeth to outlawing slavery and its focus shifted from primary emphasis on individualistic privacy notions as central to a white democratic polis to enhanced protections for group privacy individual mobility and property in a multi racial republic With an understanding of the historical roots of the Fourth Amendment suggests Taslitz we can upend negative assumptions of modern search and seizure law and create new institutional approaches that give political voice to citizens and safeguard against unnecessary humiliation and dehumanization at the hands of the police      *A Treatise on the Constitutional Limitations which Rest Upon*
