## **Searching For Crusoe A Journey Among The Last Real Islands:**

**Searching for Crusoe** Thurston Clarke, 2001 They inspire feelings of great passion serenity and sometimes fear they give people the opportunity to find themselves or to lose their minds they are revered as paradise or treated as junkyards both haunted by and respectful of history they are central to the myths and religions of many peoples throughout time they provide a real friendly community or the hell of repetitive social encounters What is it about islands that has captivated millions of people around the world and through the centuries In a penetrating brilliantly written book that weaves sociology history politics personality and ancient and popular culture into one compelling narrative Thurston Clarke island hops around the oceans of the world searching for an explanation for the most passionate and enduring geographic love affair of all time between humankind and islands Along the way Clarke visits the remote and silent Mas Tierra the island off the coast of Chile that inspired Defoe to write Robinson Crusoe tropical Banda Neira one of the Spice Islands where its self crowned prince hopes for nothing less than nutmeg s complete and glorious revival sleepy simple Campobello the Canadian island where Franklin D Roosevelt spent his boyhood summers Patmos with its imposing mountaintop monastery Malekula once the most notorious cannibal island in the world and Jura in Scotland s Hebrides where George Orwell wrote 1984 the island that turned Clarke into a islomane someone Lawrence Durrell says experiences an indescribable intoxication at finding himself in a little world surrounded by the sea Despite colonialism and missionary conversions wartime scars and shrinking coasts islands have thrived Though each island is unique in its own way Clarke discovers that the islanders themselves are a distinct people tranquilized by their watery horizons yet sensitive to the first shift in weather conservative yet more likely to drop their inhibitions because no one is looking And over every island falls the shadow of Robinson Crusoe persuading us that islands are more liberating than confining more contemplative than lonely more holy than barbaric because we have been removed from all the wickedness of the world In a stunning work of wit adventure and incisive exploration Thurston Clarke brings a unique passion to dazzling life **Postcolonial Nations, Islands, and Tourism** Helen Kapstein, 2017-07-11

**Postcolonial Nations Islands and Tourism** examines how real and literary islands have helped to shape the idea of the nation in a postcolonial world Through an analysis of a variety of texts ranging from literature to prison correspondence to tourist questionnaires it exposes the ways in which nationalism relies on fictions of insularity and intactness which the island and island tourism appear to provide The island space seems to offer the ideal replica of the nation and tourist practices promise the liberation of leisure the gaze and mobility However the very reliance on the constantly shifting and eroding island form exposes an anxiety about boundaries and limits on the part of the postcolonial nation In appropriating island tourism the new nation tends to recapitulate the failures and crises of the colonial nation before it Starting with the first literary tourist Robinson Crusoe **Postcolonial Nations Islands and Tourism** goes on to show how authors such as JM Coetzee Romesh Gunesekera and Julian Barnes have explored the outlines and implications of islandness It argues that each text expresses a

profound discomfort with national form by undoing the form of the island through a variety of narrative strategies and rhetorical manoeuvres By throwing the category of the island into crisis these texts let uncertainties about the postcolonial nation and its violent practices emerge as doubt in the narratives themselves Finally in its selection of texts that shuttle between South Africa Great Britain and Sri Lanka equalizing the former colonial metropole and its outposts it offers an alternative disciplinary mapping of current postcolonial writing

**Environmental History of Oceanic Islands** Tod F. Stuessy, 2020-07-01 The Juan Fernandez Archipelago is located in the Pacific Ocean west of Chile at 33 S latitude Robinson Crusoe Island is 667 km from the continent and approximately four million years old Alejandro Selkirk Island is an additional 181 km west and only one million years old The natural impacts of subsidence and erosion have shaped the landscapes of these islands resulting in progressive changes to their subtropical vegetation The older island has undergone more substantial changes due to both natural causes and human impacts After the discovery of Robinson Crusoe Island in 1574 people began cutting down forests for lumber to construct boats and homes for firewood and to make room for pastures Domesticated plants and animals were introduced some of which have since become feral or invasive causing damage to the local vegetation The wealth of historical records on these activities provides a detailed chronicle of how human beings use their environment for survival in a new ecosystem This book offers an excellent case study on the impacts that people can have on the resources of an oceanic island

May, 2011-03-20

The creation of one of the most beloved books and Broadway musicals of the century. When the Japanese military attacked Pearl Harbor, James A. Michener was an obscure textbook editor working in New York. Within three years, he was a naval officer stationed in the South Pacific. By the end of the decade, he was an accomplished author well on the way to worldwide fame. Michener's first novel, *Tales of the South Pacific*, won the Pulitzer Prize. Richard Rodgers and Oscar Hammerstein used it as the basis for the Broadway musical *South Pacific*, which also won the Pulitzer. How this all came to be is the subject of Stephen May's *Michener's South Pacific*. An award-winning biographer of Michener, May was a featured interviewee on the fiftieth anniversary DVD release of the film version of the musical. During taping, he realized there was much he didn't know about how Michener's experiences in the South Pacific shaped the man and led to his early work. May delves deeply into this formative and turbulent period in Michener's life and career, using letters, journal entries, and naval records to examine how a reserved middle-aged lieutenant, known as Prof to his fellow officers, became one of the most successful writers of the twentieth century.
