Maurice Guest Henry Handel Richardson, 1965 **Maurice Guest** Henry Handel Richardson, 2008-07-01 An autobiographical novel *Maurice Guest* is set in the musical culture of 1890s Leipzig where Richardson was a student from 1889 to 1892. The international cast of music students perform, debate, love, drink and play in the musical shadows of J S Bach, Beethoven, Wagner, Richard Strauss and Bizet. *Maurice Guest* Handel Henry Richardson, 2007-04-01 *Maurice Guest* Henry Handel Richardson, 2008-11-01 Ethel Florence Lindesay Richardson later Mrs Robertson 1870-1946 was an Australian author who also wrote under the pseudonym Henry Handel Richardson. She excelled in the arts and music during her time at the Presbyterian Ladies College in Melbourne and her mother took the family her father having died in 1879 to Europe in 1888 to enable Ethel to continue her musical studies at the Leipzig Conservatorium in which city she set her first novel *Maurice Guest* 1908. Richardson also wrote a single volume of short stories and an autobiography that greatly illuminates the settings of her novels although her Australian Dictionary of Biography entry asserts that is somewhat unreliable. *The Fortunes of Richard Mahony* 1930 was her famous trilogy consisting of *Australia Felix* 1917, *The Way Home* 1925 and *Ultima Thule* 1929 about the slow decline of a successful Australian physician and his family due to his character flaws and brain disease. It was highly praised by Sinclair Lewis among others. Amongst her other works are *The Getting of Wisdom* 1910, *Two Studies* 1931 and *The End of a Childhood* 1934. **Maurice Guest** Henry Handel Richardson, 2023-02-11 Reproduction of the original. *Maurice Guest* Henry Handel Richardson, 1931-01-01 *Maurice Guest* Henry Handel Richardson, 1922

Australian Books and Authors in the American Marketplace 1840s-1940s David Carter, Roger Osborne, 2018-07-02 Australian Books and Authors in the American Marketplace 1840s 1940s explores how Australian writers and their works were present in the United States before the mid twentieth century to a much greater degree than previously acknowledged Drawing on fresh archival research and combining the approaches of literary criticism print culture studies and book history David Carter and Roger Osborne demonstrate that Australian writing was transnational long before the contemporary period In mapping Australian literature s connections to British and US markets their research challenges established understandings of national imperial and world literatures Carter and Osborne examine how Australian authors editors and publishers engaged productively with their American counterparts and how American readers and reviewers responded to Australian works They consider the role played by British publishers and agents in taking Australian writing to America and how the international circulation of new literary genres created new opportunities for novelists to move between markets Some of these writers such as Christina Stead and Patrick White remain household names others who once enjoyed international fame such as Dale Collins and Alice Grant Rosman have been largely forgotten The story of their books in America reveals how culture commerce and copyright law interacted to create both opportunities and obstacles for Australian writers *The World's Work* , 1913 **William Heinemann, a Memoir** Frederic Whyte, 1928 *The Player*

Piano and the Edwardian Novel Cecilia Bjorken-Nyberg, 2016-03-03 In her study of music making in the Edwardian novel Cecilia Bjorken-Nyberg argues that the invention and development of the player piano had a significant effect on the perception performance and appreciation of music during the period In contrast to existing devices for producing music mechanically such as the phonograph and gramophone the player piano granted its operator freedom of individual expression by permitting the performer to modify the tempo Because the traditional piano was the undisputed altar of domestic and highly gendered music making Bjorken-Nyberg suggests the potential for intervention by the mechanical piano s operator had a subversive effect on traditional notions about the status of the musical work itself and about the people who were variously defined by their relationship to it She examines works by Dorothy Richardson E M Forster Henry Handel Richardson Max Beerbohm and Compton Mackenzie among others contending that Edwardian fiction with music as a subject undermined the prevalent antithesis expressed in contemporary music literature between a nineteenth century conception of music as a means of transcendence and the increasing mechanisation of music as represented by the player piano Her timely survey of the player piano in the context of Edwardian commercial and technical discourse draws on a rich array of archival

materials to shed new light on the historically conditioned activity of music making in early twentieth century fiction *The Getting of Wisdom* Henry Handel Richardson,2019-11-26 In *The Getting of Wisdom* Henry Handel Richardson crafts a poignant coming of age narrative set in 19th century Australia exploring the complexities of adolescence and the quest for personal identity The novel is presented through a rich evocative prose that captures the protagonist's thoughts and emotions against the rigid backgrounds of a boarding school Richardson's keen attention to detail and her ability to evoke the nuances of class gender and societal expectations endow the story with both authenticity and relatability situating it firmly within the broader context of early Australian literature which grappled with themes of self discovery and resilience Henry Handel Richardson born Ethel Florence Lindon Richardson was an Australian author whose own experiences in a strict educational environment heavily influenced her writing Her intricate understanding of gender dynamics and social constructs stemmed from her background and personal struggles allowing her to illustrate the often challenging path toward wisdom with a sympathetic yet discerning lens Richardson's literary prowess is complemented by her intimate knowledge of the Victorian era educational system and its impact on young women Readers seeking a profound examination of the journey toward maturity will find *The Getting of Wisdom* an invaluable exploration of self awareness amidst societal constraints As Richardson's insights into the challenges faced by her young protagonist resonate through time this novel offers not only a compelling story but also an enduring reflection on the human condition making it a crucial addition to any literary collection
