Mawson Lazarus Child:

The Lazarus Child Robert Mawson, 1998 Gift Local 03 11 2002 22 95 *Lazarus Child* Robert Mawson, 1999-10

Communities of the Air Susan Merrill Squier, 2003-06-19 Affirms the importance of invention of radio and explores how radio creates sets of overlapping communities of the air including those who study and theorize radio as a technological social cultural and historical phenomenon **The Language and Imagery of Coma and Brain Injury** Matthew

Colbeck, 2021-04-22 What occurs within coma What does the coma patient experience How does the patient perceive the world outside of coma if at all The simple answer to these questions is that we don't know Yet the sheer volume of literary and media texts would have us believe that we do Examining representations of coma and brain injury across a variety of texts this book investigates common tropes and linguistic devices used to portray the medical condition of coma giving rise to universal mythologies and misconceptions in the public domain Matthew Colbeck looks at how these texts represent or fail to represent long term brain injury drawing on narratives of coma survivors that have been produced and curated through writing groups he has run over the last 10 years Discussing a diverse range of cultural works including novels by Irvine Welsh Stephen King Tom McCarthy and Douglas Coupland as well as film and media texts such as *The Sopranos* *Kill Bill* *Coma* and *The Walking Dead* Colbeck provides an explanation for our fascination with coma With a proliferation of misleading stories of survival in the media and in literature this book explores the potential impact these have upon our own understanding of coma and its victims *Child Soldiers* Michael Wessells, 2009-03-31 Compelling and humane this book

reveals the lives of the 300 000 child soldiers around the world challenging stereotypes of them as predators or a lost generation Kidnapped or lured by the promise of food protection revenge or a better life children serve not only as combatants but as porters spies human land mine detectors and sexual slaves Nearly one third are girls and Michael Wessells movingly reveals the particular dangers they face from pregnancy childbirth complications and the rejection they and their babies encounter in their local contexts Based mainly on participatory research and interviews with hundreds of former child soldiers worldwide Wessells allows these ex soldiers to speak for themselves and reveal the enormous complexity of their experiences and situations The author argues that despite the social moral and psychological wounds of war a surprising number of former child soldiers enter civilian life and he describes the healing livelihood education reconciliation family integration protection and cultural supports that make it possible A passionate call for action *Child Soldiers* pushes readers to go beyond the horror stories to develop local and global strategies to stop this theft of childhood

 Dillon has somehow over the years labelled each of her three daughters Moya the beautiful Kate the brains and Romy the
