Healing Your Family History Rebecca Linder Hintze,2006-11-01 An absolutely stunning title and an idea of profound significance Those who discover its truth and act upon it will become powerful agents of positive change in their families Stephen R Covey the author of The 7 Habits of Highly Effective People and The 7 Habits of Highly Effective Families This fascinating book by Rebecca Linder Hintze powerfully and effectively communicates a key and sometimes overlooked piece of the puzzle relating to family dynamics For example have you ever wondered why some families reach a ceiling on their earning potential struggle to have happy marriages or have such difficult interactions with their siblings and parents Perhaps your family has a history of sabotaging careers or thwarting their love relationships Healing Your Family History explains that most of our individual issues originate from family blocks As you read this book you ll come to understand how family belief systems store inside you and prevent individual growth by locking you into thought processes that hold you back All families have these nonverbal belief systems and unless you understand and heal your inherent blocks it may be difficult to love others move forward and get what you want in life Most people have a family and we all have a reason to heal our related challenges after all tribal issues sit at the core of world turmoil Those who are truly ready to heal their family dysfunction will benefit immensely from this book

That Reminds Me of a Story James E. Collins,2023-11-14 I probably watch too much news read too many newspapers magazines and blogs and have too many conversations with people about politics Often in my mind I consider myself better than politicians I may be better than some but not all of them What I notice is that I make similar mistakes to those in charge Because of this I m willing to say I m not perfect And I have the experiences to prove it Join me in a journey to tell people why I should not run for public office nor should I receive any write in votes in the next election If you do opt for writing my name in on your ballot and are uncertain how ask for assistance from the helpful people at your voting location and write in my full name James E Collins You may not change an election but maybe it will change your outlook knowing that you can vote for
