**Jacob Peter Mayer**

## **Max Weber And German Politics:**

*Max Weber and German Politics, 1890-1920* Wolfgang J. Mommsen, 1990-07-25 A major work of German historiography this comprehensive account of Weber's political views and activities reveals that paradoxically Weber was at once an ardent liberal and a determined German nationalist and imperialist Wolfgang J Mommsen shows the important links between these seemingly conflicting positions and provides a critique of Weber's sociology of power and his concept of democratic rule First published in German in 1959 *Max Weber and German Politics* appeared in a revised edition in 1974 and became available in an English translation only in 1984 In writing this work Mommsen drew extensively on Weber's published and unpublished essays newspaper articles memoranda and correspondence

**Max Weber and German Politics** J. Peter Mayer, 1966

The Political and Social Theory of Max Weber

Wolfgang J. Mommsen, 1993-01-04 Wolfgang J Mommsen is one of the foremost Weberian scholars writing today In this volume a sequel to his monumental study *Max Weber and German Politics* he provides succinct and incisive statements on current developments in the analysis of Weber's work The book concentrates upon Weber's engagement with political issues and their influence over his more theoretical concepts Mommsen offers a critical analysis of Weber's notion of democracy and provides a thorough assessment of Weber's views of socialism against the backdrop of German Social Democracy

Max Weber and German Politics ... Second revised and enlarged edition. [With a portrait.] Jacob Peter Mayer, 1956

**An Analysis of Max Weber's Politics as a Vocation** Tom McClean, Jason Xidias, William Brett, 2017-07-05 German sociologist Max Weber's 1919 lecture *Politics as a Vocation* is widely regarded as a masterpiece of political theory and sociology Its central strength lies in Weber's deployment of masterful interpretative skills to power his discussion of modern politics Interpretation involves understanding both the meaning of

evidence and the meaning of terms questioning definitions clarifying terms and processes and supplying good clear definitions of the author's own. As a sociologist accustomed to working with historical evidence, Weber based his own work on precisely these skills solidly backed up by analytical acuity. *Politics as a Vocation* written in a Germany shocked by its crippling defeat in World War I saw Weber turn his eye to an examination of how the modern nation state emerged and the different ways in which it can be run interpreting and defining the different types of rule that are possible. It is testament to Weber's interpretative skills that *Politics* is famous above all in sociological circles for its clear definition of a state as an institution that claims the monopoly of legitimate physical violence in a given territory. **Max Weber and International**

**Relations** Richard Ned Lebow, 2017-10-05 Max Weber explored the political epistemological and ethical problems of modernity and understood how closely connected they were. His efforts are imaginative, sophisticated, even inspiring but also flawed. Weber's epistemological successes and failures highlight unresolvable tensions that are just as pronounced today and from which we have much to learn. This edited collection of essays offers novel readings of Weber's politics approach to knowledge, rationality, counterfactuals, ideal types, power, bureaucracy, the state, history, and the non-Western world. The conclusions look at how some of his prominent successors have addressed or finessed the tensions of the epistemological between subjective values and subjective knowledge, the sociological between social rationalization and irrational myths, the personal among conflicting values, the political between the kinds of leaders, democracies, select and the national tasks that should be performed, and the tragic between human conscience and worldly affairs. **Max Weber and German Politics V 4**

J. P. Mayer, 2014-02-25 This book shows some essential features of German politics approximately between the years 1880 and 1920. It focuses on the characteristic features of German politics in the personality of Max Weber, Germany's most outstanding political theorist during this epoch. Max Weber's Theory of the Modern State A. Anter, 2014-02-19 Andreas Anter

reconstructs Max Weber's theory of the modern state showing its significance to contemporary political science. He reveals the ambivalence of Weber's political thought, the oscillation between an statist position mainly oriented to the reason of state and an individualistic one focussed on the freedom of individuals. *Max Weber's Economy and Society* Charles Camic, Philip S. Gorski, David M. Trubek, 2005 This book provides an indispensable introduction to Weber's *Economy and Society* and

should be mandatory reading for social scientists who are interested in Weber. The various contributions to this volume all written by important Weberian scholars present the culmination of decades of debates about Weber's various concepts and theories. They are sure guides in the maze of conflicting interpretations and draw out the implications of Weber's sociology for understanding social change in the 21st century. Gil Eyal, Columbia University. Many will value this as the best collection of essays on Max Weber in the English language. It surpasses prior studies in using Weber and the world of his endeavors as entry points into the central issues of social science today. Richard Biernacki, University of California San Diego. Max Weber's Complete Writings on Academic and Political Vocations Max Weber, 2008 Annotation This is the first edition in any

language of all of Max Weber's writings on academic and political vocations. The translation is new and liberally annotated including a look at Weber's personality and what it was that made him such a phenomenon. Max Weber made many significant interpretations of both academic and political vocations in his two lectures on Science as a Vocation (*Wissenschaft als Beruf* 1917) and Politics as a Vocation (*Politik als Beruf* 1919) as well as in a series of newspaper articles including those written between 1908 and 1920. Since these writings are of more than historical interest there was a need to bring them all together in a single volume. Newly translated and annotated, this collection comprises both lectures plus 32 articles which Weber wrote on academia. Most of these have not been translated before. In the Introduction Prof John Dreijmanis relates the academic and political vocations to each other conceptually showing that there is considerable overlap and some convergence: the need for passion, an inward calling, as well as career insecurity. Both vocations, Dreijmanis then examines the person of Weber and provides a new view of him in part through the lens of Carl C. Jung's theory of psychological types as further developed by the Myers Briggs Type Indicator (MBTI). As an extravert with a powerful thinking function and intellect, he was driven to take an interest in events outside himself and to speak his mind. Coming after a long line of introverted German philosophers, he was a phenomenon. The new translations by Gordon C. Wells are more faithful to Weber's style of expression and they correct an accumulation of errors of previous translations in the oft-translated essays on Politics and Science. Contains Glossary, Bibliography, Names Index, Subject Index.

#### **Germany and the Modern World, 1880-1914**

Mark Hewitson, 2018-07-05. Re-assesses Germany's relationship with the wider world before 1914 by examining the connections between nationalism, transnationalism, imperialism and globalization. *The Political Thought of Max Weber* Ilse Dronberger, 1971. *The Social Thought of Max Weber* Stephen Kalberg, 2016-04-25.

Stephen Kalberg's *The Social Thought of Max Weber*, the newest volume of the SAGE Social Thinkers series, provides a concise introduction to the work, life and influence of Max Weber, considered to be one of three most important founders along with Marx and Durkheim of sociology. The book serves as an excellent introduction to the full range of Weber's major themes and explores in detail the extent to which they are relevant today. It is ideal for use as a self-contained volume or in conjunction with other sociological theory textbooks.

**Max Weber's Interpretive Sociology of Law** Michel Coutu, 2018-04-09. This book presents a clear and precise account of the structure and content of Max Weber's sociology of law, situating its methodological and epistemological specificity in relation to other approaches to the sociology of law, as well as offering a critical evaluation of Weber's usefulness for contemporary socio-legal research. The book is divided into three parts. The first part deals with the methodological foundations of Weber's sociology of law. The second analyses the central theme of this sociology: the rationalisation of law from the perspective of its internal logical coherence, its empirical validity and finally its legitimacy. The third part questions the present-day relevance of the Weberian sociology of law for socio-legal research, notably with regard to legal pluralism. Max Weber, it is demonstrated, is not merely a founding father of the sociology of law; rather, his

methodology concepts and empirical analyses remain highly useful to the further development of work in this area

Max Weber And German Politics: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Max Weber And German Politics : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
