Maya Resurgence in Guatemala Richard Wilson, 1999-09-01 Across Guatemala Mayan peoples are struggling to recover from decades of cataclysmic upheaval religious conversions civil war displacement military repression Richard Wilson carried out long term research with Qeqchi speaking Mayas in the province of Alta Verapaz to ascertain how these events affected social organization and identity He finds that their rituals of fertility and healing abandoned in the 1970s during Catholic and Protestant evangelizations have been reinvented by an ethnic revivalist movement led by Catholic lay activists who seek to renovate the earth cult in order to create a new pan Qeqchi ethnic identity **American Book Publishing Record**, 1995 **Books in Print**, 1991 **Subject Guide to Books in Print**, 1996 **Constructing the Maya** Paul K. Eiss, 2008 This special issue of Ethnohistory is a significant contribution to the history and anthropology of the Maya in both Mexico and Guatemala Utilizing a comparative analytic framework these essays explore the ethnic dimensions indigeneity indigenismo mestizaje racial subjugation of state formation as well as state practice in indigenous regions The contributors emphasize how the material aspects of state formation roads and infrastructure model villages restored ruins portrait photography highland marketplaces modern improvements traditional cultural performances artifacts and dress become theaters for the construction and reconstruction of ethnic and political entities and relationships Taken as a whole the collection challenges a tendency toward the segmentation of the discussion of the Maya into distinct disciplines anthropology and history national historiographies Mexican and Guatemalan and within Mexico distinct regional historiographies Yucatán and Chiapas Contributors David Carey Jr Paul K Eiss Ben Fallaw Stephen E Lewis Walter E Little John M Watanabe **The Maya of Guatemala** Phillip Wearne, 1994-09-01 MAYA A PEOPLE IN RESISTANCE As I go around the world people seem surprised that we indigenous people of Central America still exist noted the Maya Nobel Peace Prize winner Rigoberta Menchú in 1992 More than 500 years after the arrival of Europeans in the Americas the Maya descendants of one of the greatest pre Columbian civilizations not only exist but are thriving The survival of 21 different Maya speaking peoples in Guatemala is a living testimony to their powers of resistance In recent years the brutal conquest of their cities and mountain lands by Spanish conquistadores in the early sixteenth century has been replayed in all its horrors In the 1980s alone the Guatemalan army is conservatively estimated to have murdered 20 000 Maya Whole villages were wiped out as at least 120 000 fled into Mexico and 500 000 became internal refugees The MAYA OF GUATEMALA studies the Maya world in depth the history culture beliefs and responses to the nonindigenous world The author Phillip Wearne a journalist with long experience in Central America looks at the Maya cultural resurgence of recent years the product of both fearsome oppression and international geo political changes of the 1980s This is a story of indomitable will a plea for solidarity and international support for a people who want to reclaim their identity as one of the first peoples of the world It is also a story of resistance and resurgence on behalf of the Maya who in the words of one internal refugee want to come out

a conservative Guatemalan daily paper described as genocidal annihilation As a result over 180 000 Maya Indian refugees fled to Mexico and a further half a million became internal refugees in provincial towns or the capital The Maya of Guatemala MRG Report No 62 outlines the horrific situation facing the Guatemalan Maya Written by Phillip Wearne a journalist with long experience in the region it describes in detail the culture beliefs and history of the Maya their response to the non indigenous world and the effects of both the war and the present economic crisis The report also contains an overview of the present situation of indigenous peoples in the other states of Central America by Professor Peter Calvert A shocking account of a people who have survived centuries of repression this report is a passionate plea for solidarity and action on behalf of the Maya who are today facing the greatest single threat to their continued existence since the coming of the Spanish conquistadores in the 16th century Please note that the terminology in the fields of minority rights and indigenous peoples rights has changed over time MRG strives to reflect these changes as well as respect the right to self identification on the part of minorities and indigenous peoples At the same time after over 50 years work we know that our archive is of considerable interest to activists and researchers Therefore we make available as much of our back catalogue as possible while being aware that the language used may not reflect current thinking on these issues

Torres, 2017-12-15 The Maya Empire became a thriving civilization between the third century and the seventh century CE but by 900 CE war drought and disease wiped out most of its cities and the Mayan people were greatly reduced Unfortunately the greatest threat to their existence was yet to come when the Guatemalan genocide would decimate those who remained in the 1970s and 80s The facts of the Mayans story will be intertwined with profiles of individuals and in depth looks at related topics Readers will learn how to help those faced with genocide and understand a history that could otherwise repeat itself

Seeing and Being Seen Hilary E. Kahn, 2010-01-01 The practice of morality and the formation of identity among an indigenous Latin American culture are framed in a pioneering ethnography of sight that attempts to reverse the trend of anthropological fieldwork and theory overshadowing one another In this vital and richly detailed work methodology and theory are treated as complementary partners as the author explores the dynamic Mayan customs of the Q'eqchi' people living in the cultural crossroads of Livingston Guatemala Here Q'eqchi' Ladino and Garifuna Caribbean coast Afro Indians societies interact among themselves and with others ranging from government officials to capitalists to contemporary tourists The fieldwork explores the politics of sight and incorporates a video camera operated by multiple people the author and the Q'eqchi' people themselves to watch unobtrusively the traditions rituals and everyday actions that exemplify the long standing moral concepts guiding the Q'eqchi' in their relationships and tribulations Sharing the camera lens as well as the lens of ethnographic authority allows the author to slip into the world of the Q'eqchi' and capture their moral social political

economic and spiritual constructs shaped by history ancestry external forces and time itself A comprehensive history of the Qeqchi illustrates how these former plantation laborers migrated to lands far from their Mayan ancestral homes to co exist as one of several competing cultures and what impact this had on maintaining continuity in their identities moral codes of conduct and perception of the changing outside world With the innovative use of visual methods and theories the author s reflexive sensory oriented ethnographic approach makes this a study that itself becomes a reflection of the complex set of social structures embodied in its subject
