

MAYA SOCIETY UNDER COLONIAL RULE

The Collective Enterprise of Survival

BY NANCY M. FARRISS

Maya Society Under Colonial Rule

Dina Berger, Andrew Grant Wood

Maya Society Under Colonial Rule:

Maya Society under Colonial Rule Nancy Marguerite Farriss, 2021-08-10 This book traces the history of the Maya Indians of Yucatan Mexico during a four hundred year period from late preconquest times through the end of Spanish rule in 1821. Nancy Farriss combines the tools of the historian and the anthropologist to reconstruct colonial Maya society and culture as a web of interlocking systems from ecology and modes of subsistence through the corporate family and the community to the realm of the sacred. She shows how the Maya adapted to Spanish domination changing in ways that embodied Maya principles as they applied their traditional collective strategies for survival to the new challenges they faced better under colonial rule than the Aztecs or Incas who lived in areas more economically attractive to the conquering Spaniards. The author draws on archives and private collections in Seville, Mexico City and Yucatan on linguistic evidence from native language documents and on archaeological and ethnographic data from sources that include her own fieldwork. Her innovative book illuminates not only Maya history and culture but also the nature and functioning of premodern agrarian societies in general and their processes of sociocultural change especially under colonial rule. [Remaking Identities](#)

Benjamin David Lieberman, 2013 *Rooting in a Useless Land* Chelsea Fisher, 2023-10-03 In *Rooting in a Useless Land* Chelsea Fisher examines the deep histories of environmental justice conflicts in Mexico's Yucatán Peninsula. She draws on her innovative archaeological research in Yaxunah, an Indigenous Maya farming community dealing with land dispossession but with a surprising twist: Yaxunah happens to be entangled with prestigious sustainable development projects initiated by some of the most famous chefs in the world. Fisher contends that these sustainable development initiatives inadvertently bolster the useless land narrative, a colonial belief that Maya forests are empty wastelands which has been driving Indigenous land dispossession and environmental injustice for centuries. *Rooting in a Useless Land* explores how archaeology practiced within communities can restore history and strengthen relationships built on contested ground. **Yucatan in an Era of**

Globalization Eric N. Baklanoff, Edward H. Moseley, 2008-03-18 This work describes the profound changes to Yucatán's society and economy following the 1982 debt crisis that prostrated Mexico's economy. The editors have assembled contributions from seasoned Yucatecologists, historians, geographers, cultural students, and an economist to chart the accelerated change in Yucatán from a monocrop economy to a full beneficiary and victim of rampant globalization.

Imperial Subjects Matthew D. O'Hara, Andrew B. Fisher, 2009-04-22 Historical investigations into how Iberian settlers, African slaves, Native Americans, and their multiethnic progeny understood their identities in colonial Latin America.

[Spanish Colonization to 1650: Oxford Bibliographies Online Research Guide](#) Allyson Poska, 2010-06 This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear: from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook

provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated This ebook is just one of many articles from Oxford Bibliographies Online Atlantic History a continuously updated and growing online resource designed to provide authoritative guidance through the scholarship and other materials relevant to the study of Atlantic History the study of the transnational interconnections between Europe North America South America and Africa particularly in the early modern and colonial period Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com

La Conquistadora Amy G. Remensnyder, 2014-01-24 Amy Remensnyder explores how Spanish Christians shaped the Virgin Mary as a symbol of the twinned colonizing enterprises of conquest and conversion in medieval Spain and early Spanish America Beginning in the eleventh century and ending in the seventeenth century the book brings together the medieval and early modern periods the Old and New Worlds It also brings together minorities whom historians most often treat separately Jews Muslims those Jews and Muslims who converted to Christianity in the fifteenth and sixteenth centuries conversos and Moriscos and the indigenous peoples of the New World

Cacicas Margarita R. Ochoa, Sara V. Guengerich, 2021-03-11 The term cacica was a Spanish linguistic invention the female counterpart to caciques the Arawak word for male indigenous leaders in Spanish America But the term's meaning was adapted and manipulated by natives creating a new social stratum where it previously may not have existed This book explores that transformation a conscious construction and reshaping of identity from within Cacicas feature far and wide in the history of Spanish America as female governors and tribute collectors and as relatives of ruling caciques or their destitute widows They played a crucial role in the establishment and success of Spanish rule but were also instrumental in colonial natives resistance and self definition In this volume noted scholars uncover the history of colonial cacicas moving beyond anecdotes of individuals in Spanish America Their work focuses on the evolution of indigenous leadership particularly the lineage and succession of these positions in different regions through the lens of native women's political activism Such activism might mean the intervention of cacicas in the economic familial and religious realms or their participation in official and unofficial matters of governance The authors explore the role of such personal authority and political influence across a broad geographic chronological and thematic range in patterns of succession the settling of frontier regions interethnic relations and the importance of purity of blood gender and family dynamics legal and marital strategies for defending communities and the continuation of indigenous governance This volume showcases colonial cacicas as historical subjects who constructed their consciousness around their place whether symbolic or geographic and articulated their own unique identities It expands our understanding of the significant influence these women exerted within but also well beyond the native communities of Spanish America

A Pueblo Divided Emilio Kourí, 2004 This book is a history of the conflict ridden privatization of communal land in the pueblo of Papantla a Mexican Indian village transformed by the fast growth of vanilla

production and exports in the second half of the 19th century Wandering Peoples Cynthia Radding Murrieta,1997 Throughout this anthropological history Radding presents multilayered meanings of culture community and ecology and discusses both the colonial policies to which peasant communities were subjected and the responses they developed to adapt and resist them *Empire of Poverty* Julia McClure,2024-11-11 *Empire of Poverty* examines how changing concepts of poverty in the long sixteenth century helped shape the deep structures of states and empires and the contours of imperial inequalities While poverty is often understood to have become a political subject with the birth of political economy in the eighteenth century this book points to the longer history of poverty as a political subject and a more complicated relationship between moral and political economies It focuses upon the critical transformations taking place in the long sixteenth century with the emergence of the world s first global empire and the development of colonial capitalism The book explores how the moral political economy of poverty defined as a new and changing conceptualisation of and approach to poverty across laws institutions and acts of resistance played a critical role in the development and governance of the Spanish Empire In so doing it offers insights into the negotiated nature of sovereignty the construction of inequalities and strategies of resistance *Empire of Poverty* explains how the combined processes of the transition to global capitalism and imperialism in the long sixteenth century wrought a moral crisis which led to the transformation of poverty and reconceptualization of the poor and how the newly emerging beliefs laws and institutions of poverty helped structure the inequalities of the new global order

Cooperation and Empire Tanja Bühner,Flavio Eichmann,Stig Förster,Benedikt Stuchtey,2017-08-01 While the study of indigenous intermediaries is today the focus of some of the most interesting research in the historiography of colonialism its roots extend back to at least the 1970s The contributions to this volume revisit Ronald E Robinson s theory of collaboration in a range of historical contexts by melding it with theoretical perspectives derived from postcolonial studies and transnational history In case studies ranging globally over the course of four centuries these essays offer nuanced explorations of the varied complex interactions between imperial and local actors with particular attention to those shifting and ambivalent roles that transcend simple binaries of colonizer and colonized Shadows of Empire David T. Garrett,2005-09-12 This book traces the history of the late colonial Andean elite and their privilege and authority **Holiday in Mexico** Dina Berger,Andrew Grant Wood,2010-02-02 Collection provides analysis of the tourist industry in Mexico examining its origins promoters and power relations and showing how Mexico used its cultural capital and the development of its tourism industry to modernize **Colonialism and Postcolonial Development** James Mahoney,2010-02-15 In this comparative historical analysis of Spanish America Mahoney offers a new theory of colonialism and postcolonial development He explores why certain kinds of societies are subject to certain kinds of colonialism and why these forms of colonialism give rise to countries with differing levels of economic prosperity and social well being Mahoney contends that differences in the extent of colonialism are best explained by the potentially evolving fit between the institutions of the colonizing nation and those of the

colonized society Moreover he shows how institutions forged under colonialism bring countries to relative levels of development that may prove remarkably enduring in the postcolonial period The argument is sure to stir discussion and debate both among experts on Spanish America who believe that development is not tightly bound by the colonial past and among scholars of colonialism who suggest that the institutional identity of the colonizing nation is of little consequence

Archaeology of Ancient Mexico and Central America Susan Toby Evans, David L. Webster, 2001 This reference is devoted to the pre Columbian archaeology of the Mesoamerican culture area one of the six cradles of early civilization It features in depth articles on the major cultural areas of ancient Mexico and Central America coverage of important sites including the world renowned discoveries as well as many lesser known locations articles on day to day life of ancient peoples in these regions and several bandw regional and site maps and photographs Entries are arranged alphabetically and cover introductory archaeological facts flora fauna human growth and development nonorganic resources chronologies of various periods Paleoindian Archaic Formative Classic and Postclassic and Colonial cultural features Maya regional summaries research methods and resources ethnohistorical methods and sources and scholars and research history Edited by archaeologists Evans and Webster both of whom are associated with Pennsylvania State University c Book News Inc **Art and Society in a Highland Maya Community** Allen J. Christenson, 2010-06-28 A study of a major piece of modern Mayan religious art **Colonial and Postcolonial Latin America and the Caribbean** Emily Sebastian, 2016-12-15

Transactions of the Royal Historical Society: Volume 3 Royal Historical Society, 2012-02-13 A 1995 collection of articles representing some of the best historical research by some of the world s most distinguished historians Deadly Medicine Peter C. Mancall, 1995 Mancall explores the liquor trade s devastating impact on the Indian communities of colonial America

This is likewise one of the factors by obtaining the soft documents of this **Maya Society Under Colonial Rule** by online. You might not require more times to spend to go to the ebook instigation as capably as search for them. In some cases, you likewise attain not discover the revelation Maya Society Under Colonial Rule that you are looking for. It will unquestionably squander the time.

However below, in the same way as you visit this web page, it will be so extremely easy to acquire as competently as download lead Maya Society Under Colonial Rule

It will not say yes many time as we tell before. You can realize it even if play in something else at home and even in your workplace. therefore easy! So, are you question? Just exercise just what we manage to pay for below as without difficulty as review **Maya Society Under Colonial Rule** what you in the manner of to read!
