**The Mayan Oracle Return Path to the Stars Deck Book Set** INC. U. S. GAMES SYSTEMS,1996-01-01     The Mayan Oracle Ariel Spilsbury,Michael Bryner,1992 While other divination systems deal with the awareness of our Earth selves this oracle offers us a galactic perspective The Mayan symbols are a language of light that represents a bridge between physical and spiritual realities intended to transform our human experience into an experience of the infinite     **The Maya End Times** Patricia Mercier,2012-01-01 According to the Maya Prophecies the 5 000 yearFourth Age will come to it end in 2012 In a remarkable adventure which takes her all over Central South America and involves strange ceremonies at sacred pyramids scaling an active volcano and chases with drug runners Patricia Mercier attempts to discover whether 2012 will be the end of the world as know it or the dawning of a new golden age     The Mayan Calendar and the Transformation of Consciousness Carl Johan Calleman,2004-03-25 Reveals the Mayan calendar to be a spiritual device that describes the evolution of human consciousness from ancient times into the future Shows the connection between cosmic evolution and actual human history Provides a new science of time that explains why time not only seems to be speeding up in the modern world but is actually getting faster Explains how the end of the Mayan calendar is not the end of the world but a path toward enlightenment The prophetic Mayan calendar is not keyed to the movement of planetary bodies Instead it functions as a metaphysical map of the evolution of consciousness and records how spiritual time flows providing a new science of time The calendar is associated with nine creation cycles which represent nine levels of consciousness or Underworlds on the Mayan cosmic pyramid Through empirical research Calleman shows how this pyramidal structure of the development of consciousness can explain things as disparate as the common origin of world religions and the modern complaint that time seems to be moving faster Time in fact is speeding up as we transition from the materialist Planetary Underworld of time that governs us today to a new and higher frequency of consciousness the Galactic Underworld in preparation for the final Universal level of conscious enlightenment Calleman reveals how the Mayan calendar is a spiritual device that enables a greater understanding of the nature of conscious evolution throughout human history and the concrete steps we can take to align ourselves with this growth toward enlightenment     *The Hidden Maya* Martin Brennan,1998 This work explains how Plains Indians used handsigns as symbols for communication and that the graphic signs derived from hand gestures played an important role in the development of writing The author deciphers Maya inscriptions to reveal their hidden messages

understanding of the universe Using Carl Johan Calleman's research as well as the ideas of other Mayan Calendar scholars Barbara Hand Clow examines 16.4 billion years of evolution to decode the creative patterns of Earth the World Mind These great patterns culminated in 2011 but subsequent astrological influences have continued to inspire us to attain oneness and enlightenment The Mayan Code shows how the time cycles of the Calendar match important periods in the evolutionary data banks of Earth and the Milky Way Galaxy These stages of evolution converged during the final stage of the Calendar the period between 1999 and 2011 Evidence of the tightening spiral of time that we experience as time speeding up war and territoriality resource management and separation from nature are all part of daily events we must process during the coming years Barbara Hand Clow counsels that our own personal healing is the most important factor as we prepare to make this critical leap in human evolution now referred to as the awakening of the World Mind
