is fast paced and intriguing and I really enjoyed the character dynamics between Abigail Jonathan and Michael It s a great start to what promises to be an exciting series However I would have liked more character development in some areas While the plot was captivating and full of action I felt the book could have explored some parts more deeply Abigail s character was interesting but I wanted more background on her personal struggles Still it s a good start to a series and enjoyable for readers who love fantasy and adventure This book had me hooked from the first page Abigail Swift s adventure is one that is packed with danger mystery and magic The stakes are high and I loved the intricate world Kothari built I couldn t put it down and am already looking forward to the next book in the series Highly recommended for anyone who loves a good fantasy adventure
