Mcdougal Littell, 2003 Books Out Loud, 2007 Improving Instruction in Geometry and Measurement Margaret Schwan
Smith, Edward A. Silver, Mary Kay Stein, 2005-01-01 Helping students develop an understanding of important mathematical
ideas is a persistent challenge for teachers In this book one of a three volume set well known mathematics educators
Margaret Smith Edward A Silver and Mary Kay Stein provide teachers of mathematics the support they need to improve their
instruction They focus on ways to engage upper elementary middle school and high school students in thinking reasoning and
problem solving to build their mathematics understanding and proficiency The content focus of Volume One is rational
numbers and proportionality Using materials that were developed under the NSF funded COMET Cases of Mathematics to
Enhance Teaching program each volume in the set features cases from urban middle school classrooms with ethnically
racially and linguistically diverse student populations Each case illustrates an instructional episode in the classroom of a
teacher who is implementing standards based instruction the teachers perspective including their thoughts and actions as
they interact with students and with key aspects of mathematical content cognitively challenging mathematics activities that
are built around samples of authentic classroom practice and facilitation chapters to help professional developers teach the
cases including specific guidelines for facilitating discussions and suggestions for connecting the ideas presented in the cases
to a teacher s own practice As a complete set this resource provides a basis on which to build a comprehensive professional
development program to improve mathematics instruction and student learning *Geometry Chapter Audio Summaries CD*
