Collins, John James Collins, Stephen Stein, 2003-10-01 Apocalypticism has been the source of hope and courage for the oppressed but has also given rise on many occasions to fanaticism and intolerance The essays in this volume seek neither to apologize for the extravagance of apocalyptic thinkers nor to excuse the perverse actions of some of their followers Rather they strive to understand a powerful perhaps even indispensable element in the history of Western religions that has been the source of both good and evil and still is yet today The Editors The Continuum History of Apocalypticism is a 1 volume select edition of the 3 vol Encyclopedia of Apocalypticism first published in 1998 The main historical surveys that provided the spine of the Encyclopedia have been retained while essays of a thematic nature and a few whose subject matter is not central to the historical development have been omitted The work begins with 8 articles on The Origins of Apocalypticism in the Ancient World extending from ancient Near Eastern myth through the Old Testament to the Dead Sea Scrolls Jesus Paul and the Book of Revelation Next are 7 articles on Apocalyptic Traditions from Late Antiquity to ca 1800 C E including early Christian theology radical movements in the Middle Ages and both Jewish and Islamic apocalypticism in the classic period The final section Apocalypticism in the Modern Age includes 10 articles on apocalypticism in the Americas in Western and Eastern Europe and finally in modern Judaism and modern Islam **The Routledge Handbook of Material Religion** Pooyan Tamimi Arab, Jennifer Scheper Hughes, S. Rebellion and Violence in Islamic Law Khaled Abou El Fadl, 2001-11-01 Khaled Abou El Fadl's book represents the first systematic examination of the idea and treatment of political resistance and rebellion in Islamic law Pre modern jurists produced an extensive and sophisticated discourse on the legality of rebellion and the treatment due to rebels under Islamic law The book examines the emergence and development of these discourses from the eighth to the fifteenth centuries and considers juristic responses to the various terror inducing strategies employed by rebels including assassination stealth attacks and rape The study demonstrates how Muslim jurists went about restructuring several competing doctrinal sources in order to construct a highly technical discourse on rebellion Indeed many of these rulings may have a profound influence on contemporary practices This is an important and challenging book which sheds light on the complexities of Islamic law and pre modern attitudes to dissidence and rebellion **Hasan-i-Sabah** James Wasserman, 2020-09-14 This publication includes the first English translation of the 1310 biography of Hasan i Sabah by Rashid al Din The Biography of Our Master Sar Guzasht i Sayyidna Hasan i Sabah was born in northern Persia around 1050 and died in 1124 He was an Ismaili missionary or dai who founded the Nizari Ismailis after the usurpation of the Fatimid Imamate by the military dictator of Egypt It may be said that Hasan founded and operated the world's most successful mystical secret society while building a political territory in which to maintain his independence The small empire he created would be home to him his followers and their descendants for 166 years Today under the leadership of the Aga Khan the Nizari Ismailis are one of the preeminent Muslim sects in the world numbering some twenty million members in twenty five countries The medieval Nizaris were also known as Assassins or Hashishim They became embedded in European consciousness because of their contact with the Knights Templar and other Crusaders and visitors to the Near East Several Europeans reported back with strange and largely false tales of the Assassins In the fourteenth century they were widely popularized by the famed Venetian traveler and writer Marco Polo in The Travels of Marco Polo He added a whole new level of myth in his account of the sect included in this volume along with extensive commentary Of greatest interest is the idea that the Assassins were the spiritual initiators of the Knights Templar If this is true Hasan i Sabah would be in part responsible for the European Renaissance that would reclaim the spiritual centrality of the Hermetic writings and the Gnostic Esoteric trends that continue to this day Essential reading

Beyond the Qur'an David Hollenberg, 2016-10-20 The first book length study of ta wil a form of allegorical scriptural interpretation propagated by Ismaili Shiite missionaries Ismailism one of the three major branches of Shiism is best known for ta wil an esoteric allegorizing scriptural exegesis *Beyond the Qur'an* Early Ismaili ta wil and the Secrets of the Prophets is the first book length study of this interpretive genre Analyzing sources composed by tenth century Ismaili missionaries in light of social science theories of cognition and sectarianism David Hollenberg argues that the missionaries used ta wil to instill in acolytes a set of symbolic patterns forms and logics This shared symbolic world bound the community together as it created a gulf between community members and those outside the movement Hollenberg thus situates ta wil socially as an interpretive practice that sustained a community of believers An important aspect of ta wil is its unconventional objects of interpretation Ismaili missionaries mixed Qur'anic exegesis with interpretation of Torah Gospels Greek philosophy and symbols such as the Christian Cross and Eucharist as well as Jewish festivals Previously scholars have speculated that this extra Qur'anic ta wil was intended to convert Jews and Christians to Ismailism Hollenberg departing from this view argues that such interpretations were like Ismaili interpretations of the Qur'an intended for an Ismaili audience many of whom converted to the movement from other branches of Shiism Hollenberg argues that through exegesis of these unconventional sources the missionaries demonstrated that their imam alone could strip the external husk from all manner of sources and show the initiates reality in its pure unmediated form an imaginal world to which they alone had access They also fulfilled the promise that their imam would teach them the secrets behind all religions a sign that the initial stage of the end of days had commenced *Beyond the Qur'an* contributes to our understanding of early Ismaili doctrine Fatimid rhetoric and more broadly the use of esoteric literatures in the history of religion

Fifty Years in the East Farhad Daftary, 2014-12-02 I B Tauris in association with the Institute of Ismaili Studies Few fields of Islamic studies have witnessed as much progress in modern times as Ismaili studies and in even fewer instances has the role of a single individual been as pivotal in initiating progress as that of Wladimir Ivanow 1886 1970 whose memoirs are now published here for the first time The breakthrough in modern Ismaili studies occurred mainly as a result of the recovery and study of a large number of texts relating to the field which had not been available to the earlier generations of orientalists The Persian and Arabic Ismaili manuscripts many edited and published by Ivanow reflect a rich diversity of intellectual and literary traditions Ivanow left his native Russia soon after the October Revolution of 1917 and settled in India where he was formally commissioned in 1931 by Sultan Muhammad Shah Aga Khan III the 48th Imam of the Nizari Ismailis to investigate the history and teachings of the Ismailis Henceforth Ivanow began the systematic recovery and study of texts from this tradition of Shi'i Islam discovered in India the Middle East and Central Asia amongst other regions He also played a key role in the establishment of the Ismaili Society the first research institution of its kind with a major collection of Ismaili manuscripts Ivanow made these manuscripts available to other

scholars thereby contributing to further progress in the field Ivanow completed his memoirs entitled *Fifty Years in the East* in 1968 shortly before his death This work originally written in Russian is comprised of an autobiography and vivid accounts from his travels These convey his ethnologist's interest in the archaeology of the way of life and profound curiosity for regional customs and languages The memoirs written in Tehran during Ivanow's final years have now been edited with substantial annotations by Farhad Daftary They reveal for the first time the circumstances under which modern Ismaili studies were initiated and an eyewitness account of several regions during the early decades of the twentieth century before the rapid onset of modernisation
