Our Beloved Kin Lisa Tanya Brooks, 2018-01-01 With rigorous original scholarship and creative narration Lisa Brooks recovers a complex picture of war

captivity and Native resistance during the First Indian War later named King Philip's War by relaying the stories of Weetamoo a female Wampanoag leader and James Printer a Nipmuc scholar whose stories converge in the captivity of Mary Rowlandson Through both a narrow focus on Weetamoo Printer and their network of relations and a far broader scope that includes vast Indigenous geographies Brooks leads us to a new understanding of the history of colonial New England and of American origins In reading seventeenth century sources alongside an analysis of the landscape and interpretations informed by tribal history Brooks's pathbreaking scholarship is grounded not just in extensive archival research but also in the land and communities of Native New England Jacket flap

entirely outside of mainstream archives libraries publishing houses and other institutions usually associated with literary canon building Indigenous people in the Northeast began writing in English almost immediately after the arrival of colonial settlers and they have continued to write in almost every form histories newsletters novels poetry and electronic media Over the centuries Native American authors have used literature to assert tribal self determination and protect traditional homelands and territories Drawing on the fields of Native American and Indigenous studies environmental humanities and literary history Siobhan Senier argues that sustainability cannot be thought of apart from Indigenous sovereignty and that tribal sovereignty depends on environmental and cultural sustainability Senier offers the framework of literary stewardship to show how works of Indigenous literature maintain recirculate and adapt tribally specific approaches to community land and relations Individual chapters discuss Wampanoag historiography tribal newsletters and periodicals novelists and poets Joseph Bruchac John Christian Hopkins Cheryl Savageau and Melissa Tantaquidgeon Zobel and tribal literature on the web and in electronic archives Pushing against the idea that Indians have vanished or are irrelevant today Senier demonstrates to the contrary that regional Native literature is flourishing and looks to a dynamic future *The Common Pot* Lisa Tanya Brooks, 2008 Literary critics frequently portray early Native American writers either as individuals caught between two worlds or as subjects who even as they defied the colonial world struggled to exist within it In striking counterpoint to these analyses Lisa Brooks demonstrates the ways in which Native leaders including Samson Occom Joseph Brant Hendrick Aupaumut and William Apassa adopted writing as a tool to reclaim rights and land in the Native networks of what is now the northeastern United States **The Routledge Introduction to Native American Literature** Drew Lopenzina, 2020-07-22 This Introduction makes available for both student instructor and aficionado a refined set of tools for decolonizing our approaches prior to entering the unfamiliar landscape of Native American literatures This book will introduce indigenous perspectives and traditions as articulated by indigenous authors whose voices have been a vital if often overlooked component of the American dialogue for more than 400 years Paramount to this consideration of Native centered reading is the understanding that literature was not something bestowed upon Native peoples by the settler culture either through benevolent interventions or violent programs of forced assimilation Native literature precedes colonization and Native stories and traditions have their roots in both the precolonized and the decolonizing worlds As this far reaching survey of Native literary contributions will demonstrate almost without fail when indigenous writers elected to enter into the world of western letters they did so with the intention of maintaining indigenous culture and community Writing was and always remains a strategy for survival [The Routledge Companion to Native American Literature](#) Deborah L. Archaeologies of Mobility and

Movement Mary C Beaudry, Travis G. Parno, 2013-02-06 This collection of essays in *Archaeologies of Mobility and Movement* draws inspiration from current archaeological interest in the movement of individuals, things, and ideas in the recent past. Movement is fundamentally concerned with the relationships among time, object, person, and space. The volume argues that understanding movement in the past requires a shift away from traditional fieldwork-based archaeological ontologies towards fluid trajectory-based studies. Archaeology by its very nature locates objects frozen in space literally in their three-dimensional matrices at sites that are often stripped of people. An archaeology of movement must break away from this stasis and cut new pathways that trace the boundary-crossing contextuality inherent in object-person mobility. Essays in this volume build on these new approaches, confronting issues of movement from a variety of perspectives. They are divided into four sections based on how the act of moving is framed. The groups into which these chapters are placed are not meant to be unyielding or definitive. The first section, *Objects in Motion*, includes case studies that follow the paths of material culture and its interactions with groups of people. The second section of this volume, *People in Motion*, features chapters that explore the shifting material traces of human mobility. Chapters in the third section of this book, *Movement through Spaces*, illustrate the effects that particular spaces have on the people and objects who pass through them. Finally, there is an afterword that cohesively addresses the issue of studying movement in the recent past. At the heart of *Archaeologies of Mobility and Movement* is a concern with the hybridity of people and things, affordances of objects and spaces, contemporary heritage issues, and the effects of movement on archaeological subjects in the recent and contemporary past.
