Ruth Luban, a counselor who specializes in recovery from job loss, recognizes that leaving the workforce causes not only a loss of income but also of identity, structure and community. Her step by step program addresses these problems and explains how to work through them. Using case studies, exercises and informative sidebars, she identifies the five emotional stages of job loss. On the Brink, Letting Go, In the Wilderness, Seeing the Beacon, In the New Land. Luban shows how to move through the emotional upheaval of job loss and return to the workforce with a sense of control and direction. **Doing Nothing** Tom Lutz, 2024-06-04 From the author of *Crying*, a witty, wide-ranging cultural history of our attitudes toward work and getting out of it. Couch potatoes, goof offs, freeloaders, good for nothings, loafers and loungers ever since the Industrial Revolution when the work ethic as we know it was formed, there has been a chorus of slackers, ridiculing and lampooning the pretensions of

hardworking respectability Reviled by many heroes to others these layabouts stretch and yawn while the rest of society worries and sweats Whenever the world of labor changes in significant ways the pulpits politicians and pedagogues ring with exhortations of the value of work and the slackers answer with a strenuous call of their own To do nothing as Oscar Wilde said is the most difficult thing in the world From Benjamin Franklin s air baths to Jack Kerouac s dharma bums Generation X slackers and beyond anti work ethic proponents have held a central place in modern culture Moving with verve and wit through a series of fascinating case studies that illuminate the changing place of leisure in the American republic Doing Nothing revises the way we understand slackers and work itself **Chainsaws, Slackers, and Spy Kids** Alison
