Philosophy Culture East West:

Philosophical Theology and East-West Dialogue Hisakazu Inagaki, J. Nelson Jennings, 2021-10-25 Philosophical Theology and East West Dialogue is a unique philosophical and theological analysis of certain key interactions between Eastern and Western thinkers The book on the one hand contrasts general traits of Eastern Buddhist thought and Western Greek thought However in doing so it focuses on influential philosophers and theologians who manifest particular instances of wider issues The result is a careful examination of basic questions that offers both broad implications and concrete specificity in its approach The book itself is an instance of East West dialogue Independently of each other both authors had previously engaged in serious cross cultural studies The Japanese Inagaki had researched Western science and philosophy then written in Japanese comparative studies of Japanese thought The North American Jennings had researched Japanese theology They brought these backgrounds together dialoguing with each other until the present study emerged Several creative Japanese thinkers as well as important Westerners are taken up The study follows the lead of many Eastern impulses but it also critically utilizes Western methods Contemporary thinking on religious plurality is carefully examined This new study is a must for those interested in philosophy and theology in general and East West interaction in particular

Parks, Shanti Kumar, 2003 Provides an overview of the rapidly changing landscape of global television combining previously published essays by pioneers of the study of television with new work by cutting edge television scholars who refine and extend intellectual debates in the field **East-West Literary Imagination** Yoshinobu Hakutani, 2017-06-30 This study

traces the shaping presence of cultural interactions arguing that American literature has become a hybridization of Eastern and Western literary traditions Cultural exchanges between the East and West began in the early decades of the nineteenth century as American transcendentalists explored Eastern philosophies and arts Hakutani examines this influence through the works of Emerson Thoreau and Whitman He further demonstrates the East West exchange through discussions of the

interactions by modernists such as Yone Noguchi Yeats Pound Camus and Kerouac Finally he argues that African American literature represented by Richard Wright Ralph Ellison Alice Walker Toni Morrison and James Emanuel is postmodern Their works exhibit their concerted efforts to abolish marginality and extend referentiality exemplifying the postmodern East West crossroads of cultures A fuller understanding of their work is gained by situating them within this cultural conversation The writings of Wright for example take on their full significance only when they are read not as part of a national literature but as an index to an evolving literature of cultural exchanges

East-West Symbioses Eugene Eoyang, 2019-03-15 This book explores the encounters between East and West studying how they get along These exchanges involve deliberate exoticizations and incommensurabilities as well as creative fusions such as Matteo Ricci a Jesuit monk in the late 16th early 17th centuries who learned Chinese in Beijing well enough to compose works in Chinese and Octavio Paz the Mexican Nobel Laureate who admired Chinese civilization The book also considers the effect of the West on Asian countries the cases of Japan and Turkey who tried to modernize by becoming more Western and the examples of China and Korea who adopted Western forms of theatre to advance a distinctly Asian aesthetic It will appeal to anyone seeking more than a superficial understanding of the encounters between East and West

Heidegger, Rorty, and the Eastern Thinkers Wei Zhang, 2012-02-01 Wei Zhang joins the ongoing hermeneutic quest for understanding and appropriating the East West encounter and cross cultural engagement by exploring Martin Heidegger s and Richard Rorty s cross cultural encounters with Eastern thinkers Zhang begins by examining Rorty s correspondence with Indian philosopher Anindita N Balslev outlining their debate about the discipline of comparative philosophy and curriculum reform as well as the nature or origin of philosophy itself She then focuses on the dialogue between Heidegger and a Japanese professor concerning the nature of human language and discusses whether Heidegger s view of language allows for a true understanding between East and West or whether it admits only misunderstanding and prejudice are possible Finally the author presents a conceptual dialogue with Heidegger s primary text on hermeneutics and phenomenology Ontology The Hermeneutics of Facticity Utilizing the dialogues and correspondence between Heidegger Rorty and the Eastern thinkers as textual examples Zhang deconstructs and recovers layers of misconceptions of the various interpretations of the East West encounter
