Unger, 2019-03-26 One of The Christian Science Monitor s Best Nonfiction Books of 2018 An engrossing read a historically and psychologically rich account of the young Picasso and his coteries in Barcelona and Paris The Washington Post and how he achieved his breakthrough and revolutionized modern art through his masterpiece Les Femmes d'Alger (O. M.) In 1900 eighteen year old Pablo Picasso journeyed from Barcelona to Paris the glittering capital of the art world For the next several years he endured poverty and neglect before emerging as the leader of a bohemian band of painters sculptors and poets Here he met his first true love and enjoyed his first taste of fame Decades later Picasso would look back on these years as the happiest of his long life Recognition came first from the avant garde then from daring collectors like Leo and Gertrude Stein In 1907 Picasso began the vast disturbing masterpiece known as Les Femmes d'Alger (O. M.) Inspired by the painting of Paul Cézanne and the inventions of African and tribal sculpture Picasso created a work that captured the disorienting experience of modernity itself The painting proved so shocking that even his friends assumed he d gone mad but over the months and years it exerted an ever greater fascination on the most advanced painters and sculptors ultimately laying the foundation for the most innovative century in the history of art In **Picasso and the Painting That Shocked the World** Miles J Unger combines the personal story of Picasso s early years in Paris his friendships his romances his great ambition his fears with the larger story of modernism and the avant garde The Christian Science Monitor This is the story of an artistic genius with a singular creative gift It is riveting This engrossing book chronicles with precision and enthusiasm a painting with lasting impact in today s art world Publishers Weekly starred review all of it played out against the backdrop of the world s most captivating city **Picasso and the Chess Player** Larry Witham, 2013 The dramatic story of art in the twentieth century *Picasso's Femmes d'Alger* Suzanne Preston Blier, 2019-12-13 In Picasso s Femmes d'Alger eminent art historian Suzanne Preston Blier uncovers the previously unknown history of Pablo Picasso s Les Femmes d'Alger (O. M.) one of the twentieth century s most important celebrated and studied paintings Drawing on her expertise in African art and newly discovered sources Blier reads the painting not as a simple bordello scene but as Picasso s interpretation of the diversity of representations of women from around the world that he encountered in photographs and sculptures These representations

are central to understanding the painting's creation and help identify the demoiselles as global figures: mothers, grandmothers, lovers, and sisters, as well as part of the colonial world Picasso inhabited. Simply put, Blier fundamentally transforms what we know about this revolutionary and iconic work. *The Religious Art of Pablo Picasso* Jane Dillenberger, John Handley, 2014-04-17 This is the first critical examination of Pablo Picasso's use of religious imagery and the religious import of many of his works with secular subject matter. Though Picasso was an avowed atheist, his work employs spiritual themes and often traditional religious iconography. In five engagingly written, accessible chapters, Jane Daggett Dillenberger and John Handley address Picasso's cryptic 1930 painting of the Crucifixion, the artist's early life in the Catholic church, elements of transcendence in *Guernica*, Picasso's later fraught relationship with the church, which commissioned him in the 1950s to paint murals for the Temple of Peace chapel in France, and the centrality of religious themes and imagery in bullfighting, the subject of countless Picasso drawings and paintings. Race-ing Art History Kymberly N. Pinder, 2013-04-15 *Race-ing Art History* is the first comprehensive anthology to place issues of racial representation squarely on the canvas. Art produced by non-Europeans has naturally been compared to Western art, and its study, which refers to a binary way of viewing both, is a response to this vision, to the distant mirror of looking at the other. **Monte Rosa** Jaroslaw Martyniuk, 2017-12-14 A sweeping panorama of the author's life from the outbreak of WWII to the fall of the Soviet Union in 1991. The narrative begins in Ukraine and ends in Paris, where he coordinated the work of fifty undercover interviewers engaged in unorthodox research with Soviet visitors in Western Europe, a chapter of Cold War history never revealed in such remarkable detail. The story includes the author's narrow escape from Communism, an account of his extended family's ordeal in the Soviet Gulag, life in post-war Bavaria, thirty years in Chicago, and culminates with twelve years in France, where he worked for the International Energy Agency and Radio Liberty. *Finding Dora Maar* Brigitte Benkemoun, 2020-05-19 A spirited and deeply researched project, Benkemoun's affection for her subject is infectious. This book gives a satisfying treatment to a woman who has been confined for decades to a Cubist's limited interpretation. Joumana Khatib, *The New York Times*. Merging biography, memoir, and cultural history, this compelling book, a bestseller in France, traces the life of Dora Maar through a serendipitous encounter with the artist's address book. In search of a replacement for his lost *Hermès* agenda, Brigitte Benkemoun's husband buys a vintage diary on eBay. When it arrives, she opens it and finds inside private notes dating back to 1951: twenty pages of phone numbers and addresses for Balthus, Brassa, André Breton, Jean Cocteau, Paul Iruard, Leonor Fini, Jacqueline Lamba, and other artistic luminaries of the European avant-garde. After realizing that the address book belonged to Dora Maar, Picasso's famous Weeping Woman and a brilliant artist in her own right, Benkemoun embarks on a two-year voyage of discovery to learn more about this provocative, passionate, and enigmatic woman and the role that each of these figures played in her life. Longlisted for the prestigious literary award Prix Renaudot, *Finding Dora Maar* is a fascinating and breathtaking portrait of the artist. This work received support from the French

Ministry of Foreign Affairs and the Cultural Services of the French Embassy in the United States through their publishing assistance program

Odd Man Out Carol M. Armstrong, 2003 In *Odd Man Out* Carol Armstrong offers an important study of Edgar Degas's work and reputation Armstrong grapples with contradictory

portrayals of Degas as odd man out within the modernist canon he was a realist whom realists rejected a storyteller in pictures who did not satisfy novelist critics a painter of modern life who was not a modernist a member of the impressionist group who was no impressionist Armstrong confronts these and other paradoxes by analyzing the critical vocabularies used to describe Degas's work By reading several groups of the artist's images through the lens of a sequence of critical texts Armstrong shows how our critical and popular expectations of Degas are overturned and subverted This is a reprint of the book first published by the University of Chicago Press in 1991 *The Artist, His Model, Her Image, His Gaze* Karen L. Kleinfelder, 1993-04-15 Although Pablo Picasso's name is virtually synonymous with modernity his late graphics repeatedly turn back to the traditional theme of the artist and model Had the aging artist turned reactionary or is Picasso's treatment of the theme more subversive than anyone has suspected In this innovative study Karen L Kleinfelder rejects the claim that Picasso's later work was a failure The failing she claims lies more in the way we typically have read the images treating them merely as reflections of an old age style or of the artist's private life Focusing on graphics dating from 1954 to 1970 Kleinfelder shows how Picasso plays with the artist model theme to extend subvert and parody both the possibilities and limits of representation For Kleinfelder Picasso's graphic work both mystifies and demystifies the creative process venerates and mocks the effects of aging and the artist's self image as a living old master and acknowledges and denies his own fear of death Using recent interpretive and literary theory Kleinfelder probes the three way relationship between artist model and canvas The dynamics of this relationship provided Picasso with an open ended textual framework for exploring the dichotomies of man woman self other and vitality mortality What unfolds is the artist's struggle not only with the impossibility of representing the model on canvas but also with the inevitability of his own death Kleinfelder explores how Picasso's means of pursuing these issues allows him to defer closure on a long productive career By focusing on the graphics rather than the paintings Kleinfelder contradicts the primacy of the painted masterpiece she steers the reader away from the assumption that the artist must work toward creating a final body of work that signifies the culmination of his search for a coherent identity Picasso's search she argues realizes itself in the creative process She interprets the late graphics not as a biographical statement but as a tool for investigating the possibilities of representation within the limits of Picasso's medium and his lifetime Richly illustrated Kleinfelder's book will open up new approaches to the late work of this complex artist
