Sherrie M. Steiner, James T. Christie, 2021-04-21 The engagement of religious diplomacy within the United Nations systems has become increasingly important for achieving the Sustainable Development Goals The editors argue that effective religious diplomacy must reflect the great diversity of religious and spiritual expressions within human communities The editors argue that this can best be achieved through a worldview shift within the United Nations systems Religious engagement in the United Nations systems has been understandably constrained by limited and formal organizational structures and conventions However the existing patterns of engagement mitigate against the very goals they seek to achieve The editors argue that expanded yet measured religious inclusion will strengthen social cohesion in the global community Contributors demonstrate how communities become stronger when marginalized minority voices are included in public discourse The editors further argue that governance has a responsibility to ensure a safe environment for this interaction The editors propose that the United Nations adopt the posture of loyal opposition that is inherent in parliamentary democracies to serve as a guideline for expanded religious engagement The contributors advance this proposal with illustrations from multiple contexts that address a diverse array of social problems from perspectives rooted in theory and practice

The Economy of Salvation Matthew Charlton, Timothy R Eberhart, Jurgen Moltmann, 2016-03-31 Over the last four decades the focus of M Douglas Meeks's work has placed him at the centre of many of the most important developments in theological reflection and education As a political ecclesial and metaphorical theologian Meeks has given witness to the oikonomia of the triune God the Homemaker who creates the conditions of Home for the whole of creation in critical conversation with contemporary economic social and political theory The essays of this volume were written to honour Meeks Cal Turner Chancellor Professor Emeritus of Theology at Vanderbilt University Divinity School by addressing the theme of God's economy of salvation from biblical historical ecclesial and theological perspectives In an age of ecological devastation and economic injustice Meeks teaches us how to place our hope as disciples of Jesus as members of local congregations as stewards of institutional life and as global citizens in God's power for life over death through Jesus Christ and the Holy Spirit These essays will serve to enliven and

Fordyce,2019-03-09 In the world today some believe in evolution This has given cause for a lot of confusion The Big Bang theory is just man's opinion the Bible In Genesis gives an authentic account of creation This inspired book chronicles how all things began And still exists in the air in the seas and on land All came into being by the word of God's command Only man the crowning act of creation was made by his hand From the dust of the earth with his breath he gave man life Put Adam to sleep took a rib And fashioned for him a wife God created man in his own image and likeness specifically As in his word it is described fearfully and wonderfully The only creatures he gave wisdom dominion and authority Endowed with knowledge to think and speak intelligently Yet many are still saying man is a descendant of monkey Perverting God's gift to promote evolution's false theory His word informs man God created in the beginning All doubts and disbelief came about as a result of sin There is enough evidence in creation to put our trust in Not one of God's children should question their origin *The Name Quest* John Avery,2020-12-31 Leaves no stone unturned in its author's search for names titles and descriptions of the persons of the Trinity found in the Bible Ronald F Youngblood American biblical scholar and general editor of Nelson's Illustrated Bible Dictionary The names of God are like a rainbow each name expresses part of the spectrum of the character and attributes of God Along the way the author tenderly answers tough questions Which of the Hebrew names of God is His personal name Yahweh or Jehovah What does it mean to pray in Jesus name How can we relate to the Holy God and the Judge

Why is a God of love called the Jealous God What does it mean to call Jesus the Messiah The Name Quest mentions all the names of God in the Bible while explaining their significance in ordinary language No one has ever met God completely or exhaustively But God invites you to know Him Like a clear trail in a forest the names of God lead you deeper into the heart of God In his book The Name Quest John Avery leads us deeper into God s heart Enjoy the journey Floyd McClung International Director All Nations What s in a name John Avery takes us on the ultimate exploration of the Ultimate Name With both exhaustive research and engaging narrative John s work and wit will be a blessing to any sojourner s quest Layperson teacher and serious seeker alike will be challenged and edified Sam Skillern Salem Leadership Foundation The Name Quest is both light heartedly delightful and deeply thoughtful It engages the theological mind with a fresh and lively tone Cheryl Bear Barnettson Native Musician and Foursquare Pastoral Overseer Canada
